An Economic Approach to the Plagiarism of Music Samuel Cameron, 2020-06-23 This book is an economic analysis of plagiarism in music focusing on social efficiency and questions of inequity in the revenue of authors artists The organisation into central chapters on the traditional literary aspect of composition and the technocratic problem of sampling will help clarify disputes about social efficiency and equity It will also be extremely helpful as an expository method where the text is used in courses on the music business These issues have been explored to a great extent in other areas of musical content notably piracy copying and streaming Therefore it is extremely helpful to exclude consumer use of musical content from the discussion to focus solely on the production side This book also looks at the policy options in terms of the welfare economics of policy analysis *Comparative Policing from a Legal Perspective* Monica den Boer, Public police forces are a regular phenomenon in most jurisdictions around the world yet their highly divergent legal context draws surprisingly little attention Bringing together a wide range of police experts from all around the world this book provides an overview of traditional and emerging fields of public policing New material and findings are presented with an international comparative perspective it is a must read for students of policing security and law and professionals in related fields *International Perspectives on Cultural Parks* , 1989 **International Perspectives on Science, Culture, and Belief** Fern Elsdon-Baker, Stephen H. Jones, James Riley, 2025-08-26 Public understanding of the relationship between science and religion is dominated by US and UK perspectives and research that has been carried out in Western Protestant Anglophone contexts This has enabled a culturally specific narrative of conflict to dominate public discussions of evolution science and religion obscuring the varied cultural contexts and complexities within which engagement with science takes place and the growing influence of non religious identities and diverse forms of spirituality Representing one of the most wide ranging and original contributions to

the emerging body of research on the relationship between religion non religion and science in society this innovative and timely collection revisits challenges and rethinks longstanding assumptions by decentring positions and perspectives that have until recently dominated discussions of science and belief Drawing on almost a decade of multidisciplinary research International Perspectives on Science Culture and Belief From Complexity to Globality brings together incisive global perspectives exploring the social and cultural drivers of the relationships between evolutionary science and belief Highlighting the natures and varieties of the interrelation between science and belief globally this volume addresses the relationships between science culture and belief from multiple disciplines methodologies and geographical contexts including South Asia Latin America Africa and Australia as well as Europe and North America This work has particular relevance in the increasingly polarised post pandemic world shining a light for the first time on the multifaceted interplay between social identities and cultural narratives in debates that are often about far more than the science The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

A Rasta's Tale from Down Under T.J Bednar,2013-12-30 This tale will be as truthful as my memory allows There are things in my life that I am sorry for but I will not delete them from my memoir for through my mistakes I have learned many a lesson I feel its necessary to start this tale at my youth for it is the foundation of who I am and has shaped my philosophy of today It has also given me chance to learn from past mistakes

Psychology 4e Douglas A. Bernstein,Julie Ann Pooley,Lynne Cohen,Steve Provost,Jacquelyn Cranney,Neil Drew,2023-11-03 Bernstein s Psychology takes a balanced approach to the discipline of psychology The content of the text ranges across the history of psychological theories that aim to understand human behaviour from cell to society and includes multidisciplinary approaches All content

and assessment material is carefully constructed to develop the requisite skills to evaluate human behaviour with a scientific attitude. Linkages across the text help students to see a holistic picture and interrelated fields of psychology. Graduate competencies and psychological literacy continue to be a unique inclusion so that students master the knowledge, skills and professional attributes required to practise psychology competently and safely. Indigenous and cross cultural psychology content is covered in two chapters as well as being integrated throughout the text with a key focus on local research and examples. This edition expands this focus to review the development of Indigenous psychology and the growing number of Indigenous psychologists currently practising in Australia via snapshots, linkages, statistics and examples. Instructor resources include Instructor's Manual, PowerPoint, Test Bank and active learning. Premium online teaching and learning tools are available on the MindTap platform. Corporate Rescue Law--an Anglo-American Perspective Gerard McCormack, 2008-01-01 a highly readable and informative text and an excellent addition to insolvency scholarship. In their entirety the chapters of Corporate Rescue Law: An Anglo American Perspective represent one of the most incisive and relevant treatments of comparative insolvency regimes to date. This book is an absolute boon; it provides the reader with a mass of legal and practical insights into the workings of two ostensibly divergent systems and challenges received wisdom in a fluent and persuasive manner. Not only are legal differences examined through the lens of practice but also commercial, philosophical and social responses to failure are considered and highlighted as possible drivers of those real distinctions that do exist. Professor McCormack has produced an exceptional work that should be required reading for academics, practitioners and policy makers alike and is to be warmly congratulated. Sandra Frisby, Banking and Finance Law Review. The issues are well chosen. They are easily the most important aspects of any corporate rescue law. The careful analysis of the technical provisions, the incorporation of the extensive scholarship on the two corporate rescue regimes and the reference to practice in the real world all help to make these chapters an indispensable tool for any scholar wishing to gain a better understanding of the similarities and differences of English and American corporate rescue laws. This monograph could not have come at a better time. The comparative account in this book will help law reformers, judges and scholars to have a better grasp of the issues and appreciate better how the two systems have dealt with them. Comparative law has a critical role to play in promoting mutual understanding and respect. It is hoped that this monograph will help in that respect. Wee Meng Seng, Singapore Journal of Legal Studies. This book offers an unprecedented and detailed comparative critique of Anglo American corporate bankruptcy law. It challenges the standard characterisation that US law in the sphere of corporate bankruptcy is pro debtor and UK law is pro creditor and suggests that the traditional thesis is at best a potentially misleading oversimplification. Gerard McCormack offers the conclusion that there is functional convergence in practice while acknowledging that corporate rescue as distinct from business rescue still plays a larger role in the US. The focus is on corporate restructurings with in depth scrutiny of Chapter 11 of the US Bankruptcy Code and the UK Enterprise Act and

offers other comparative oversights Integrating theoretical and practical insights this book will be of great interest to academics and practitioners and also to policymakers in the DTI Insolvency Service and regulatory bodies

Personality Down Under Simon Boag, 2008 This new and important book highlights both the strengths and diversity of research in the field of personality and individual differences research emanating from Australia and surrounding region This comprehensive book features both the major Australian researchers in the field as well as up and coming writers who look set to have a major global impact This book is organised into themes which include i the development of personality and individual differences ii personality perfectionism and stress iii leadership and personality iv personality in the workplace and vii cognitive dimensions of personality Within these areas are discussions of narcissism psychopathy and attachment styles as well as Australian perspectives and findings relevant to major theories of personality such as the Big Five Factor model The book will also be of interest to organisational psychologists interested in the impact of personality within the workplace and anyone interested in assessing personality and individual differences will find the theory and assessment section useful This book provides a unique insight into personality and individual differences from an Australian perspective

The Unfulfilled Promise of Press Freedom in Canada Lisa Taylor, Cara-Marie O'Hagan, 2017-01-01 Canadian news reports are riddled with accounts of Access to Information requests denied and government reports released with large swaths of content redacted The Unfulfilled Promise of Press Freedom in Canada offers a vast array of viewpoints that critically analyze the application and interpretation of press freedom under the Charter of Rights This collection assiduously put together by editors Lisa Taylor and Cara Marie O'Hagan showcases the insights of leading authorities in law journalism and academia as well as broadcasters and public servants The contributors explore the ways in which press freedom has been constrained by outside forces like governmental interference threats of libel suits and financial constraints These intersectional and multifaceted lines of inquiry provide the reader with a 360 degree assessment of press freedom in Canada while discouraging complacency among Canadian citizens After all an informed citizenry is a free citizenry

Perspectives on Peacekeeping and Atrocity Prevention David Curran, Trudy Fraser, Larry Roeder, Robert Zuber, 2015-10-01 The current challenges and

potential future of peacekeeping in an increasingly complex world take center stage in this far reaching collection Contributors advance a nuanced picture of post conflict environments across different areas of the globe while considering possible deployments of peacekeeping traditional military and UN forces in semi autonomous complementary roles Longstanding debate topics such as the need for a standing UN army and the field implementation of global right to protect concepts are discussed as are emerging ideas in civilian protection atrocity prevention and balancing triage operations with long term peacebuilding efforts Other dispatches chronicle key issues and concerns regarding peacekeeping operations in Brazil China and diverse regions of Africa Included in the coverage Protecting strangers reflections on a cosmopolitan peacekeeping capacity Towards a standing UN force for peacekeeping Challenges posed by intervention brigades and other coercive measures in support of the protection of civilians Addressing the criminal accountability of peacekeepers The evolution of China s role in peacekeeping and atrocity crime prevention Businesses and investors as stakeholders in atrocity crime prevention Multiple viewpoints a global scope and real world clarity make Perspectives on Peacekeeping and Atrocity Prevention an invaluable resource to advance the work of humanitarians criminologists and students of and professionals in international relations This collection of articles effectively points to the challenges complexities and sensitivities of preventing and halting mass atrocity crimes in part through the use of UN peacekeeping operations The volume also inspires further efforts including the integration of new and younger stakeholders to mitigate massive human rights crimes and fully implement the Responsibility to Protect Dr Gy rgy Tat r Chair Budapest Centre for the International Prevention of Genocide and Mass Atrocities In a refreshing and engaging manner this edited volume represents a much needed contribution to the debate on how best to address current security threats given the limitations and the possibilities of peacekeeping and atrocity prevention A compelling feature of the book is its exploration of often neglected stakeholder perspectives alongside first hand knowledge of the UN system and astute academic observations of key peacekeeping concepts mandates and practices Each chapter s concluding recommendations invite scholars and policy makers to critically interrogate their own beliefs assumptions and preferred solutions for keeping the peace and preventing mass atrocity violence Dr Maria Stern Professor in Peace and Development Studies School of Global Studies University of Gothenburg

Australian National Bibliography, 1978 *The Oxford Handbook of the History of Psychology: Global Perspectives* David B. Baker, 2012 The science and practice of psychology has evolved around the world on different trajectories and timelines yet with a convergence on the recognition of the need for a human science that can confront the challenges facing the world today Few would argue that the standard narrative of the history of psychology has emphasized European and American traditions over others but in today s global culture there is a greater need in psychology for international understanding This volume describes the historical development of psychology in countries throughout the world Contributors provide narratives that examine the political and socioeconomic forces that have shaped their nations psychologies Each unique story adds another

element to our understanding of the history of psychology The chapters in this volume remind us that there are unique contexts and circumstances that influence the ways in which the science and practice of psychology are assimilated into our daily lives Making these contexts and circumstances explicit through historical research and writing provides some promise of greater international insight as well as a better understanding of the human condition The Geology in Digital Age Nenad Banjac ,Ljubinko Savić,Aleksandra Maran,Milena Cukavac, Meri Ganić,Zoran Nikić,2011-09-12 Abstracts and papers of the 17 MAEGS **Down Under - Over Easy** Joan Trill,2010-12 This is the story of the author s three month solo trip through New Zealand and Australia while couch surfing staying with locals along the way
