argues further that parental expectations are influenced by neoliberal ideologies that unduly focus on the supposed diminished economic potential of a person with Down syndrome Kaposy does not advocate restricting access to abortion or prenatal testing for Down syndrome and he does not argue that it is ethically mandatory in all cases to give birth to a child with Down syndrome People should be free to make important decisions based on their values Kaposy s argument shows that it may be consistent with their values to welcome a child with Down syndrome into the family *Basic Information about Down's Syndrome and the Association* Downs Syndrome Association,1991 **Down Syndrome** ,2006 *Facts about Down Syndrome for Women Over 35* National Institute of Child Health and Human Development (U.S.),1979 **Spiritual well-being of adults with Down syndrome** Margaret Crompton,Robin Jackson,2004 Attention to spiritual well being is as important as care for the emotional intellectual physical and social aspects of life This book aims to alert readers to spiritual aspects of the lives of people with Down syndrome whom they know whether within the family community or professional practice Motor Development for Individuals with Down Syndrome Ben Sacks,2003 **Fluoridation Facts** American Dental Association,2018-03-05 All in one resource in for everything related to fluoridated water from its impact on dental health to its safety and cost effectiveness Dispelling common myths that fluoridation is dangerous this book provides science backed information based on the most current research in Q A format This is the most in depth and up to date educational resource available regarding fluoridated water from the American Dental Association
