The Power of the Healing Field Peter Mark Adams, 2021-11-23 Illustrates the role of transpersonal fields of consciousness in healing a range of issues from inherited family and ancestral problems to past lives and womb trauma to near death experiences merged identities and spirit attachment Shares remarkable cases of healing and personal transformation from the author's more than 20 years of energy healing work as well as experiences from other gifted healers psychics and shamans Provides diagrams of the human energy body the spectrum of states of awareness the multilayered fields of consciousness and the psychoenergetic dynamics of the transformation process Sharing remarkable cases of healing and personal transformation from his and his wife's more than 20 years of intensive professional energy healing work as well as experiences from other gifted healers psychics and shamans Peter Mark Adams illustrates the role of transpersonal fields of consciousness in healing a range of issues from inherited family and ancestral problems to past lives and womb trauma to near death experiences merged identities and spirit attachment Drawing on esoteric tradition as well as scientific research such as Rupert Sheldrake's morphic field studies the author maps out the human energy field in all its subtleties providing diagrams of the human energy body the spectrum of states of awareness the multilayered fields of consciousness and the psychoenergetic dynamics of the transformation process Through compelling testimonials of powerful healings Adams demonstrates how the processes of healing and of peak spiritual experience are closely aligned with harmony within the larger energetic field of consciousness Proposing a new model of consciousness reality and energy healing that incorporates the anomalous phenomena that occurs on the outermost edges of human experience the author draws these many strands together to outline not only a multilayered approach for different kinds of energy healing modalities such as Reiki breathwork EFT and remote healing but also a useful program of self help that anyone can follow to make lasting improvements to their physical emotional and spiritual health

The Healing Field Peter Mark Adams, 2014 THE HEALING FIELD examines remarkable cases of healing and personal transformation made possible by a range of natural energy based healing techniques The anomalous experiences arising in these contexts throw fresh light on the timeless issues of the nature of consciousness reality and selfhood Through the unique lens of the energy healer we are able to discern a far more expansive positive and empowering view of our place within the larger web of life The experiences recorded in *The Healing Field* are based upon live cases derived from over 15 years of professional experience The insight and understanding arising from people's lived experience goes far to relieving the anxiety fear and doubt that otherwise overshadows the vast majority of people Back Cover Text *The Healing Field* presents a collection of real life cases drawn from intensive energy healing work For over 15 years Peter and his wife Gulcan have been practicing and teaching energy psychology methods such as Emotional Freedom Techniques Tapas Acupressure Technique Reiki and breathwork to thousands of people Their research reinforces the idea of a healing and morally self correcting field of consciousness This concept is compatible with Rupert

Sheldrake's *Morphic Field* The *Healing Field* illustrates how transpersonal fields of consciousness connect all life forms and provides powerful leverage to heal the vast range of issues not addressed by conventional medicine and therapy. These issues often relate to Contracts made in the womb, Merged identities, Problems inherited from ancestors, Past life traumas, Near death experiences, Interactions with deceased persons, Spirit and entity attachment, Spiritual experiences, Encounters with higher order beings. Each section carefully references scientific research making this book a unique bridge between science and energy healing. Using simple natural techniques we can heal our emotional and physical issues. In doing so we contribute towards healing the fields of consciousness that connect us all. The *Healing Field* provides a reliable roadmap to help you chart a new course towards realizing your full potential in life. [Book Review Index Cumulation](#) Dana Ferguson, 2005-09

Is there life after death? Is there a world outside our own? Mankind has wrestled with these profound questions for as long as there has been consciousness. *Gateways to the Otherworld* reveals that ancient man already knew the answers. Acclaimed author Philip Gardiner proves that our ancestors were far more advanced scientifically and spiritually than previously believed. Through a special technique ancient Egyptians and others were able to journey to other realities within themselves in short to the Otherworld. The author undergoes his own experiments to prove the point Gardiner makes.

us consider the fact that ancient man also knew more about his place in the universe than previously thought He placed buildings and objects in specific places around the globe Why Because at these points he had discovered areas where lines of energy cross points with distinct relation to the universal and human wave resonance of electromagnetism When man journeyed to these places he was joining with God and visualising the effect The remarkable conclusions and discoveries in this book not only dispel some age old myths but also address questions such as Is there a universal frequency that allows the mind to travel into other realms How does this relate to the holographic universe and the concept of quantum entanglement Does the Great Pyramid hold a real secret to the quantum realm What are those mysterious round towers found scattered around our planet Is there an answer to the phenomena of earth energies What is the truth behind the Crystal Skulls and the rods of power Is ESP real What Gateways to the Otherworld uncovers are not just tales of ancient trips to other realms nor theories on why stone circles were built in specific locations but real answers based on thorough research and science
