## **Dowsing The Psi Connection:**

**Knowing the Facts about Dowsing and Water Dowsing** John Ankerberg, John Weldon, 2012-08-17 Dowsing is a practice employing divinatory implements and methods in order to search out information such as a site of water or the nature or location of disease and its proper treatment Dowsing claims to work through a practitioner's natural sensitivity to nature's geomagnetic phenomena The influence of dowsing is greater than most people realize and it is even used in the church People may think that dowsing is harmless but the real dangers in this practice are exposed and a biblical evaluation is shown by the authors

**Dowsing for Higher Consciousness** James Nathan Post, 2001 This book calls on research and experience to take a new look at the practices of dowsing such as water witching and other such mechanical techniques to obtain information not available to the physical senses and to examine the astonishing psychological and psychic consequences

*The Psi Connection: A Personal Voyage of Discovery* David L. Brown, 2024-06-01 A few years ago the author of *The Psi Connection* had a disturbing experience while experimenting with self hypnosis He saw a vision of a past life in which it appeared he had lived as a farmer in the 1800s He tried twice more and each time had a similar vision that seemed to be from the same time and place Frightened by the implications he strongly rejected the possibility that these experiences were real As a journalist with a scientific background he could not accept the reality of this bizarre phenomenon and explained it to himself as having come from his unconscious mind similar to dreams But he still had doubts Finally when he began to talk about the subject he learned that others also had experienced visions of past lives Launched on a voyage of discovery he began to realize that many events in his life could not be explained by science or common sense but only through the manifestation of paranormal powers He continued to interview others who shared their experiences in such things as telepathy psychokinesis distance viewing precognition near death experiences and other uncanny events He began to research the subject and learned that there is a large body of evidence to support the reality of paranormal powers And strikingly he began to see other manifestations of his own mental powers He became aware of the possibility that there are quantum connections between human minds and the universe itself This is his story

*Psychotronics and a Biodynamic Garden* George Kuepper, 2021-04-06 Dowsing and radionics are two practices and procedures for interpreting and interacting with the natural world They nurture the processes of gardening farming and landscaping through communication with subtle levels of reality Nature spirits and other forms of intelligence in nature play major roles They can be readily contacted and nourished when we combine psychotronic methods with the traditional practices of a biodynamic approach George Kuepper describes and discusses numerous procedures that have evolved from decades of working with agricultural radionics and recent research in his biodynamic garden This guidebook to growing better food is well referenced with numerous illustrations photos tables and examples Gardeners and farmers who want to improve their plants and harvests using sustainable methods will find practical help and much food for thought here Psychotronics covers a range of modalities including dowsing and radionics that can be used to access and study the hidden reality behind our physical world It provides us with practical means for investigating navigating and even changing this reality Without a doubt psychotronics is controversial and the amount of misinformation and disinformation surrounding it is dizzying So understand that what I'm presenting here is a working paradigm It will explain how I have come to understand psychotronics and how I am using it George Kuepper from the book Includes 55 illustrations diagrams and charts
