Dps Europes Displaced Persons 1945 1951

Mark Bosco, Brent Little

Dps Europes Displaced Persons 1945 1951:

DPs Mark Wyman, 2014-12-02 Wyman has written a highly readable account of the movement of diverse ethnic and cultural groups of Europe's displaced persons 1945-1951. An analysis of the social, economic and political circumstances within which relocation, resettlement and repatriation of millions of people occurred. This study is equally a study in diplomacy in international relations and in social history. A vivid and compassionate recreation of the events and circumstances within which displaced persons found themselves, of the strategies and means by which people survived or did not, and an account of the major powers in response to an unprecedented human crisis. Mark this as an important book. **Choice** **DP** Mark Wyman, 1989 *Divided Eastern Europe* Aleksandr Dyukov, Olesya Orlenko, 2011-12-08 In 1938, on the eve of what would mark the beginning of the Second World War, during the international crisis, Eastern Europe was divided in every sense of the word. New governments, which were generally regarded as national states, rose from the ashes of the old pre-modern Austro-Hungarian and Russian empires. However, civic nations were not formed within them; the titular ethnic groups were far from being the only representing populations in these states. The new states in Eastern Europe were the offspring of wars and revolutions. Their borders were initially determined by the rights of the powerful. New borders divided entire peoples, having created the very foundation for inter-state conflicts as well as the desire to revise the established order in the region. One of the consequences of the Second World War was the revision of Eastern European borders. Still today, historians have yet to agree upon a single assessment of the eastern European events in the 1930s and 1940s. Researchers from Russia, Belarus, Ukraine, Poland, Moldavia, Israel, Germany, and the USA have all contributed articles featured in this collection. The book is focused on national border changes in Eastern Europe during the period from 1938 to 1947, population transfer as a result of foreign and domestic political considerations, interethnic relationships, and ethnic purges of paramilitary units, the concept of self-perception of people living on frontiers, forced to change their national and civil status, and the problems of modern East European borders. **Outcast Europe** Sharif Gemie, Laure Humbert, Fiona Reid, 2012-01-19 An original perspective on the experience of refugees and relief workers. *Sexuality and German Fascism* Dagmar Herzog, 2005 This volume makes a significant contribution to the field of German history, allowing experts in the field as well as researchers in other areas a forceful immersion into the workings and deployment of sexual categories and policies during and following the Third Reich. There is little doubt that it will become a standard text for teaching and future research. Sexuality, instead, they emphasize the interrelationships between incitement to sexual activity and persecution and mass murder. Dagmar Herzog is Professor of History at the Graduate Center, City University of New York, and the author of *Sex after Fascism: Memory and Morality in Twentieth Century Germany* (Princeton, 2004) and *Intimacy and Exclusion: Religious Politics in Pre-revolutionary Baden* (Princeton, 1996). **Leaving Zion** Ori Yehudai, 2020-05-14 Explores Jewish emigration from Palestine and Israel during the critical period between 1945 and the late 1950s by weaving together the perspectives of governments, aid organizations,

Jewish communities and the personal stories of individual migrants *The Nazis Next Door* Eric Lichtblau, 2014 A revelatory secret history of how America became home to thousands of Nazi war criminals after World War II many of whom were brought here by the OSS and CIA by the New York Times reporter who broke the story and who has interviewed dozens of agents for the first time Refugees from Nazi-occupied Europe in British Overseas Territories Swen Steinberg, Anthony Grenville, 2020-04-28 Refugees from Nazi occupied Europe in British Overseas Territories focusses on exiles and forced migrants in British colonies and dominions in Africa or Asia and in Commonwealth countries The contributions deal with aspects such as legal status and internment rescue and relief identity and belonging the Central European encounter with the colonial and post colonial world memories and generations or knowledge transfers and cultural representations in writing painting architecture music and filmmaking The volume covers refugee destinations and the situation on arrival reorientation and very often further migration after the Second World War in Australia Canada India Kenya Palestine Shanghai Singapore South Africa and New Zealand Contributors are Rony Alfandary Gerrit Jan Berendse Albrecht D mling Patrick Farges Brigitte Mayr Michael Omasta Jyoti Sabharwal Sarah Schwab Ursula Seeber Andrea Strutz Monica Tempian Jutta Vinzent Paul Weindling and Veronika Zwerger **Jews, Germans, and Allies** Atina Grossmann, 2009-08-10 In the immediate aftermath of World War II more than a quarter million Jewish survivors of the Holocaust lived among their defeated persecutors in the chaotic society of Allied occupied Germany *Jews Germans and Allies* draws upon the wealth of diary and memoir literature by the people who lived through postwar reconstruction to trace the conflicting ways Jews and Germans defined their own victimization and survival comprehended the trauma of war and genocide and struggled to rebuild their lives In gripping and unforgettable detail Atina Grossmann describes Berlin in the days following Germany's surrender the mass rape of German women by the Red Army the liberated slave laborers and homecoming soldiers returning political exiles Jews emerging from hiding and ethnic German refugees fleeing the East She chronicles the hunger disease and homelessness the fraternization with Allied occupiers and the complexities of navigating a world where the commonplace mingled with the horrific Grossmann untangles the stories of Jewish survivors inside and outside the displaced persons camps of the American zone as they built families and reconstructed identities while awaiting emigration to Palestine or the United States She examines how Germans and Jews interacted and competed for Allied favor benefits and victim status and how they sought to restore normality in work in their relationships and in their everyday encounters *Jews Germans and Allies* shows how Jews were integral participants in postwar Germany and bridges the divide that still exists today between German history and Jewish studies *Healing Holocaust Survivors* Stella Maria Frei, 2025-06-30 *Healing Holocaust Survivors* examines the psychological rehabilitation strategies implemented by two major international humanitarian organizations the United Nations Relief and Rehabilitation Administration UNRRA and the Jewish Joint Distribution Committee JDC in Displaced Persons Camps across postwar Europe from 1944 to 1948 Focusing on the mental health needs of Holocaust survivors and

other refugees the book explores how psychosocial expertise became entangled with citizenship politics and visions of Europe's reconstruction after World War II Drawing from archival sources institutional reports and psychological literature of the period this is the first in depth account of how mental health professionals approached psychological rehabilitation trauma identity and recovery in a humanitarian setting It reveals how psychological strategies were often shaped by and instrumentalized for broader political and regulatory goals including refugee resettlement nation building and international diplomacy Bridging the fields of history psychology refugee studies and humanitarian aid this book sheds new light on the origins of modern refugee mental health practices and the complex role of international organizations in shaping the lives and minds of displaced populations Read the interview with Stella Maria Frei on De Gruyter Conversations and learn more about the author and her book A powerful and timely study on the politics of psychological rehabilitation in the aftermath of war and mass displacement This meticulously researched book sheds new light on how international organizations not only helped rebuild societies but also intervened in the inner lives of survivors It compellingly shows that psychological recovery in post conflict settings is never apolitical but shaped by humanitarian agendas strategic interests and competing visions of international order Essential reading for global leaders policymakers and all who shape the future of refugee protection and recovery in a world defined by crisis Bert Koenders Professor for Peace Justice and Security Leiden University Former Minister of Foreign Affairs of the Netherlands and UN Special Representative in Cote d'Ivoire and Mali [Welcome to Little Europe](#) Josef Sestokas, Little Chicken Publishing, 2011-01-05

ORT, the Second World War and the Rehabilitation of Holocaust Survivors Sarah Kavanaugh, 2008 This book centres on the role played by ORT in the rehabilitation of Holocaust survivors inside the Displaced Persons DP camps after the Second World War A brief history of the ORT organisation is followed by the author highlighting ORT's work during the 1920s and 1930s using Berlin as a case study The important and often life saving work carried out by ORT workers inside the ghettos of Eastern Europe primarily in Warsaw and Kovno is then examined The book then focuses on the liberation of the concentration camps the set up of the post war allied zones of occupation the establishment of the DP camps and ORT's arrival within them The mature period of ORT's work in the DP camps is then covered looking at Belsen in the British zone of occupation and Landsberg in the American zone The book also explores ORT's work in Austria and Italy The final chapter highlights the closure of the DP camps the subsequent immigration of the DPs and the creation of the State of Israel *The Routledge History of East Central Europe Since 1700* Irina Livezeanu, Arpad von Klimo, 2017-03-16 Covers territory from Russia in the east to Germany and Austria in the west exploring the origins and evolution of modernity in this region Provided by the publisher

Human Rights in the Twentieth Century Stefan-Ludwig Hoffmann, 2010-12-13 Has there always been an inalienable right to have rights as part of the human condition as Hannah Arendt famously argued The contributions to this volume examine how human rights came to define the bounds of universal morality in the course of the political crises and conflicts of the twentieth century Although

human rights are often viewed as a self evident outcome of this history the essays collected here make clear that human rights are a relatively recent invention that emerged in contingent and contradictory ways Focusing on specific instances of their assertion or violation during the past century this volume analyzes the place of human rights in various arenas of global politics providing an alternative framework for understanding the political and legal dilemmas that these conflicts presented In doing so this volume captures the state of the art in a field that historians have only recently begun to explore **A Jew in the Street** Nancy Sinkoff,Jonathan Karp,James Loeffler,Howard Lupovitch,2024-06-25 These investigations illuminate the entangled experiences of Jews who sought to balance the pull of communal religious and linguistic traditions with the demands and allure of full participation in European life **Revelation and Convergence** Mark Bosco,Brent Little,2017 Revelation Convergence brings together professors of literature theology and history to help both critics and readers better understand Flannery O Connor s religious imagination *Boundaries and their Meanings in the History of the Netherlands* ,2009-06-17 Traditionally the term boundary applies to the demarcation between a physical place and another physical place most commonly associated with lines on a map As the essays in this volume demonstrate however a boundary can also function in a more broadly conceptual manner A boundary becomes not an imaginary line but a tool for thinking about how to separate any two elements whether ideas events etc into categories by which they become comprehensible and distinct The scholar contributors seek not simply to discern the boundaries but and perhaps more importantly to understand the process of delination and its consequences With its maverick history and grass root political traditions the Netherlands provides an auspicious setting to examine the historical function of boundaries both real and imagined Tracing and Documenting Nazi Victims Past and Present Henning Borggräfe,Christian Höschler,Isabel Panek,2020-06-08 After World War II tracing and documenting Nazi victims emerged against the background of millions of missing persons and early compensation proceedings This was a process in which the Allies international aid organizations and survivors themselves took part New archives documentation centers and tracing bureaus were founded amid the increasing Cold War divide They gathered documents on Nazi persecution and structured them in specialized collections to provide information on individual fates and their grave repercussions the loss of relatives the search for a new home physical or mental injuries existential problems social support and recognition but also continued exclusion or discrimination By doing so institutions involved in this work were inevitably confronted with contentious issues such as varying political mandates neutrality vs solidarity with those formerly persecuted data protection vs public interest and many more Over time tracing bureaus and archives changed methods and policies and even expanded their activities using historical documents for both research and public remembrance This is the first publication to explore this multifaceted history of tracing and documenting past and present **The Routledge History of Genocide** Cathie Carmichael,Richard C. Maguire,2015-05-01 The Routledge History of Genocide takes an interdisciplinary yet historically focused look at history from the Iron Age to the recent past to examine

episodes of extreme violence that could be interpreted as genocidal Approaching the subject in a sensitive inclusive and respectful way each chapter is a newly commissioned piece covering a range of opinions and perspectives The topics discussed are broad in variety and include genocide and the end of the Ottoman Empire Stalin and the Soviet Union Iron Age warfare genocide and religion Japanese military brutality during the Second World War heritage and how we remember the past The volume is global in scope something of increasing importance in the study of genocide Presenting genocide as an extremely diverse phenomenon this book is a wide ranging and in depth view of the field that will be valuable for all those interested in the historical context of genocide

Occupiers, Humanitarian Workers, and Polish Displaced Persons in British-Occupied Germany Samantha K. Knapton, 2023-02-09 Concepts of migration and displacement are all too often separated from ideas of international humanitarianism and occupations and yet between 1945 and 1951 victims of war became the joint responsibility of humanitarian workers and military officials in occupied Germany In this innovative study Samantha K Knapton focuses on the lives of Polish displaced persons DPs one of the largest groups in occupied Germany to shine a spotlight on this interaction for the first time From the everyday experience of clothing feeding and sheltering to governmental policies and military actions Occupiers Humanitarian Workers and the Polish Displaced Persons in British Occupied Germany investigates the impact of occupation on post war refugees and explores how the birth of state driven international humanitarianism played a vital role in both the identity of the Polish people and the reconstruction of Germany To do so Knapton fuses together archival material and personal collections such as memoirs letters and diaries to present an account which considers both the macro and micro issues of displacement occupation and humanitarianism The result is a sophisticated analysis of Anglo Polish German relations in post war Europe which will be of immense value to all scholars of modern Europe Polish history and displacement studies more generally
