Don't Ever Call Me Mother Helen Martin, 2023-05-31 The first six years of Helen Martin s life living on a Saskatchewan farm in the 1950s were idyllic But everything changed when her mother passed away The sudden and inexplicable cruelty and neglect that Helen endured at the hands of her stepmother a much younger woman her father married within months of being widowed are the subject of this distressing but ultimately triumphant memoir Don t Ever Call Me Mother Homeless in my Own Home In a voice that is clear courageous guileless honest and hopeful Helen captures the innocence and bewilderment of her childhood She shares with readers the various ways in which she managed to cope and endure the terrible trauma of her youth At the same time Helen uses the pages of this memoir to pay homage to her Ukrainian culture and traditions She especially highlights the few individuals who offered her kindness and support at a time when she was so often hungry cold lonely bruised and unwashed her two older sisters a couple of neighbours and an elderly hobo who became her best friend Such unexpected and enriching relationships make all the difference in a young life and are explored here with feeling This beautiful memoir serves as both a testament to the author s resilience and a reminder that childhood abuse of any kind must never be tolerated [Homerun Dating](#) Christian

Marian Klammer, 2010-05-27 Teiwa is a non Austronesian Papuan language spoken on the island of Pantar in eastern Indonesia located just north of Timor island It has approx 4 000 speakers and is highly endangered While the non Austronesian languages of the Alor Pantar archipelago are clearly related to each other as indicated by the many apparent cognates and

the very similar pronominal paradigms found across the group their genetic relationship to other Papuan languages remains controversial Located some 1 000 km from their putative Papuan neighbors on the New Guinea mainland the Alor Pantar languages are the most distant westerly Papuan outliers A grammar of Teiwa presents a grammatical description of one of these outlier languages The book is structured as a reference grammar after a general introduction on the language its speakers and the linguistic situation on Alor and Pantar the grammar builds up from a description of the language's phonology and word classes to its larger grammatical constituents and their mutual relations nominal phrases serial verb constructions clauses clause combinations and information structure While many Papuan languages are morphologically complex Teiwa is almost analytic it has only one paradigm of object marking prefixes and one verbal suffix marking realis status Other typologically interesting features of the language include i the presence of uvular fricatives and stops which is atypical for languages of eastern Indonesia ii the absence of trivalent verbs transitive verbs select a single animate or inanimate object while the additional participant is expressed with a separate predicate and iii the absence of morpho syntactically encoded embedded clauses A grammar of Teiwa is based on primary field data collected by the author in 2003 2007 A selection of glossed and translated Teiwa texts of various genres and word lists Teiwa English English Teiwa are included
