Jon Sharpe, 1991 **Performing Environments** S. Bennett, M. Polito, 2014-06-25 This ground breaking collection explores the assumptions behind and practices for performance implicit in the manuscripts and playtexts of the medieval and early modern eras focusing on work which engages with performance oriented research **Renegade Rifles** Jon Sharpe, 1991

When wagon trains near Red Sand a small town in the heart of Indian Territory are ambushed and slaughtered Skye Fargo sets out to find the individuals responsible *AK CATALOGUE 2021* , Kansas Kill Jon Sharpe, 1991 Vowing to avenge the murder of his pal Doc Shubert killed by greedy raiders Skye Fargo rides out to settle the score aided by the bounty offered by the widow of a rancher also slain by the raiders The City and the Parish: Drama in York and Beyond Alexandra F.

Johnston, 2023-04-14 Collected Studies CS1062 This volume brings together a selection of the major articles of Alexandra F Johnston which along with similar volumes by the late David Mills Peter Meredith and Meg Twycross makes up a set of Shifting Paradigms in Early English Drama Studies Alexandra Johnston the founding director of the research project Records of Early English Drama is one of these four key scholars whose work has had a profound influence on the study of medieval and early modern English drama This collection of essays focuses especially on the York plays on the Mercers documents that initiated the project itself on the theology and christology of the plays on the relationship between the plays and contemporary administrative bodies both civic and national and on the performance of the York plays in modern times A further group of articles considers documentary evidence for the wide range of drama and mimetic ceremony in the Midlands and the West Country reinforcing our understanding that these events took place predominately on a local parish level The

collection is rounded out with a survey of the immense changes that our reading of early English drama have undergone over the past half century *Buda's Wagon* Mike Davis,2017-01-17 On a September day in 1920 an angry Italian anarchist named Mario Buda exploded a horse drawn wagon filled with dynamite and iron scrap near New York s Wall Street killing 40 people Since Buda s prototype the car bomb has evolved into a poor man s air force a generic weapon of mass destruction that now craters cities from Bombay to Oklahoma City In this provocative history Mike Davis traces the its worldwide use and development in the process exposing the role of state intelligence agencies particularly those of the United States Israel India and Pakistan in globalizing urban terrorist techniques Davis argues that it is the incessant impact of car bombs rather than the more apocalyptic threats of nuclear or bio terrorism that is changing cities and urban lifestyles as privileged centers of power increasingly surround themselves with rings of steel against a weapon that nevertheless seems impossible to defeat

Drama, Performance and Polity in Pre-Cromwellian Ireland Alan John Fletcher,2000-01-01 A study of the early history of drama and performance in Ireland from the 7th century through the 16th and 17th centuries ending on the eve of the arrival of Oliver Cromwell Air Force Journal of Logistics ,2005 Wagon Train To The Stars Diane Carey,2000-06-26 After saving Earth from the threat of V Ger James T Kirk is called again to the final frontier with the mission to lead a valiant group of settlers to a distant world and explore the diverse mysteries and dangers of a strange new world in the Star Trek universe Far from the Federation a newly discovered M class world has been eyed as a potential home by a group of hardy and determined colonists Starfleet can spare only one starship to escort the would be settlers on their perilous voyage and that ship is none other than the legendary Starship Enterprise commanded by the most well known captain in the quadrant Now Kirk finds himself responsible for the lives of 30 000 men women and children a task that grows all the more difficult when the expedition is caught in the middle of an ancient feud between two dangerous alien races The Covered Wagon Emerson Hough,2020-09-28 Molly Wingate middle aged portly dark browed and strong stood at the door of the rude tent which for the time made her home She was pointing down the road which lay like an cru ribbon thrown down across the prairie grass bordered beyond by the timber grown bluffs of the Missouri Jesse Wingate allowed his team of harness marked horses to continue their eager drinking at the watering hole of the little stream near which the camp was pitched until their thirst quenched they began burying their muzzles and blowing into the water in sensuous enjoyment He stood a strong and tall man of perhaps forty five years of keen blue eye and short close matted tawny beard His garb was the loose dress of the outlying settler of the Western lands three quarters of a century ago A farmer he must have been back home Could this encampment on the very front of the American civilization now be called a home Beyond the prairie road could be seen a double furrow of jet black glistening sod framing the green grass and its spangling flowers first browsing of the plow on virgin soil It might have been the opening of a farm But if so why the crude bivouac Why the gear of travelers Why the massed arklike wagons the scores of morning fires lifting lazy blue wreaths of smoke against the morning mists The truth

was that Jesse Wingate earlier and impatient on the front out of the very suppression of energy had been trying his plow in the first white furrows beyond the Missouri in the great year of 1848 Four hundred other near by plows alike were avid for the soil of Oregon as witness this long line of newcomers late at the frontier rendezvous It s the Liberty wagons from down river said the campmaster at length Missouri movers and settlers from lower Illinois It s time We can t lie here much longer waiting for Missouri or Illinois either The grass is up Well we d have to wait for Molly to end her spring term teaching in Clay School in Liberty rejoined his wife else why d we send her there to graduate Twelve dollars a month cash money ain t to be sneezed at No nor is two thousand miles of trail between here and Oregon before snow to be sneezed at either If Molly ain t with those wagons I ll send Jed over for her to day If I m going to be captain I can t hold the people here on the river any longer with May already begun She ll be here to day asserted his wife She said she would Besides I think that s her riding a little one side the road now Not that I know who all is with her One young man two Well with maternal pride Molly ain t never lacked for beaus *Paperbound Books in Print* ,1992 **Railroad Renegades** Jon Sharpe,1991 Shakespeare's Medieval Craft Kurt A. Schreyer,2014-07-30 In Shakespeare s Medieval Craft Kurt A Schreyer explores the relationship between Shakespeare s plays and a tradition of late medieval English biblical drama known as mystery plays Scholars of English theater have long debated Shakespeare s connection to the mystery play tradition but Schreyer provides new perspective on the subject by focusing on the Chester Banns a sixteenth century proclamation announcing the annual performance of that city s cycle of mystery plays Through close study of the Banns Schreyer demonstrates the central importance of medieval stage objects as vital and direct agents and not merely as precursors to the Shakespearean stage As Schreyer shows the Chester Banns serve as a paradigm for how Shakespeare s theater might have reflected on and incorporated the mystery play tradition yet distinguished itself from it For instance he demonstrates that certain material features of Shakespeare s stage including the ass s head of A Midsummer Night s Dream the theatrical space of Purgatory in Hamlet and the knocking at the gate in the Porter scene of Macbeth were in fact remnants of the earlier mysteries transformed to meet the exigencies of the commercial London playhouses Schreyer argues that the ongoing agency of supposedly superseded theatrical objects and practices reveal how the mystery plays shaped dramatic production long after their demise At the same time these medieval traditions help to reposition Shakespeare as more than a writer of plays he was a play wright a dramatic artisan who forged new theatrical works by fitting poetry to the material remnants of an older dramatic tradition **'Coventry Mystery Plays'** Pamela M. King,1997 **Southern Belles** Jon Sharpe,1991 **The Covered Wagon (Esprios Classics)** Emerson Hough, **The York Corpus Christi Plays** Clifford Davidson,2011-10-01 The feast of Corpus Christi celebrated annually on Thursday after Trinity Sunday was devoted to the Eucharist and the normal practice was to have solemn processions through the city with the Host the consecrated wafer that was believed to have been transformed into the true body and blood of Jesus In this way the cultus Dei thus celebrated allowed the people to

venerate the Eucharistic bread in order that they might be stimulated to devotion and brought symbolically even mystically into a relationship with the central moments of salvation history Perhaps it is logical therefore that pageants and plays were introduced in order to access yet another way of visualizing and participating in those events Thus the invisible things of the divine order from the creation of the world might be displayed The York Corpus Christi Plays contained in London British Library MS Add 35290 and comprising more than thirteen thousand lines of verse actually represent a unique survival of medieval theater They form the only complete play cycle verifiably associated with the feast of Corpus Christi that is extant and was performed at a specific location in England
