Chervinsky, Matthew R. Costello, 2023-02-20 The death of a chief executive regardless of the circumstances sudden or expected still in office or decades later is always a moment of reckoning and reflection Mourning the Presidents brings together renowned and emerging scholars to examine how different generations and communities of Americans have eulogized and remembered US presidents since George Washington's death in 1799 Over twelve individually illuminating chapters this volume offers a unique approach to understanding American culture and politics by uncovering parallels between different generations of mourners highlighting distinct experiences and examining what presidential deaths can tell us about societal fissures at various critical points in the nation's history right up to the present moment The Life of Herbert Hoover G. Jeansonne, 2012-04-03 This is the first definitive study of the presidency of America's least understood and most under appreciated Chief Executive Combining government with private resources Hoover became the first president to pit government action against the economic cycle setting precedents and spawning ideas employed by his successor and all future presidents *Historical Materials in the Herbert Hoover Presidential Library* Herbert Hoover Presidential Library, 1996 Herbert Hoover and the Historians Ellis Wayne Hawley, 1989 *Annals of Iowa*, 1993 **The American Presidents** Tracy Irons-Georges, 2000 The 42 essays are arranged chronologically by administration An Alphabetical List at the beginning of each volume helps readers find a particular entry Essays range from 6 to 40 pages and each includes a sidebar on the vice president and one on the First **Presidents and Place** Olga Maria May Akroyd, Thomas Cobb, 2023-03-20 Presidents and Place America's Favorite Sons highlights the interrelationship between America's leading political icons and various facets of space and place including places of birth and death as well as regional allegiances among others The chapters examine the legacy of relationships between presidents and place in a variety of social and cultural forms ranging from famous political campaigns to television series to developments in tourism Beginning with the political iconography of New York's Federal Hall in early eighteenth century America and ending with a focus on the Republican Party's electoral relationship with the South the interdisciplinary and methodologically diverse nature of the chapters reveals that place has more than a biographical significance in relation to US presidents Young Adult Reader's Adviser Marion Sader, 1992-01-30 The best in literature and language arts mathematics and computer science *The United States and the 1930s* Anne Sharp Wells, British Library, 2000 **American Presidents** Robert P. Sezzi,2005 Personal vs Private is the first comprehensive bibliography of works written about the records documents and papers of our nation s chief executive **A Legacy of Experience** Albert Clement Stasko,2014-10-17 This is a story about an American living through one of the most interesting periods of our countrys history from the horse and buggy age to the technology which led to the moon landing It is about a man without any particular recognized talent not ever a hero whom one might say an Also Rana person who always tried not to hurt anyone As with most of my contemporaries I took the bitter with the sweet and the joy with the sorrow and desperately tried to cope with adversity while eschewing all bitterness even when it appeared to be justified To live love laugh and at the same time commiserate with those of us who felt pain was my motto Perhaps I did not contribute to society as much as I had hoped but at least I tried to be a good contributor Maybe my offspring and others will find it fascinating to know just how we lived in the good old days At least they will have a record of how we lived through all the important changes With humbleness and reverence I offer these pages to that end **Hoover, Conservation, and Consumerism** Kendrick A. Clements,2000 To some extent Hoover s policies anticipated directions that would be pursued by modern environmentalists The National Conference on Outdoor Recreation brought together wilderness advocates and urban planners and passage of the first federal law to limit oil pollution in navigable waters marked the beginning of an ongoing effort to control the effects of industrialization on the environment Hoover s advocacy of pleasant affordable housing introduced the idea that our everyday environment is the starting point for environmental concerns BOOK JACKET *American Friend; Herbert Hoover* Anne Emery,1967 Since he was president during the depression Hoover bore the blame for that national disaster however he lived to see his name cleared politically before his death in 1964
