The Mind's Door Cassandra Morphy, 2021-03-01 Maya San Lucas had been lost in her dreamworld for the better part of five years Desparia was just a fantasy world for her to explore during stretches of boredom at school and at home Going to that world let her have adventures exploring secret locations and searching through towns and cities for loot to come away with The life of a thief was so much more exciting than high school especially with no friends to speak of When she met the three women outside the tavern everything changed While she never seemed to have much control over her daydreamed world her skills had always been there to help her through it But as they gradually faded Maya was forced to tag along with the group as they stormed the fortified home of the emperor Their plan was to kill him but Maya just wanted to make it out of there alive Perhaps with a few items of worth along the way After all what was the point in breaking into a place without coming away with some loot It all started so innocently when Maya had first started going to Desparia All she wanted out of life was not to be lost and alone as she started out in middle school But when her father died unexpectedly and her friends abandoned and ostracized her the only way that she could turn was inward Inward to the world just on the other side of her mind

Through One's Eyes Derek Person,2024-10-14 The purpose of my writing is to tell others whether kids teenagers or adults my version of life A vast majority of my writing is nonfictional where I look through another person s eyes Sometimes I even write to myself to give myself motivation to continue to help others in this unbalanced world There are times even I am saddened as to what I went through early in life Everyone s mind drifts at some point and they visualize or live a certain moment within their minds I want them to envision behind my eyes their eyes through your eyes I like to give people something to experience that they may have been a part of or know someone who s been a part of or about to be a part of something that I ve written I also would like to be their voice to tell them they re not alone Perhaps in some genuine heartfelt way that I probably went through something negative he or she may have experienced too while letting them know through writing it wasn t their fault because a strong mind needs encouraging a strong will needs someone to listen to and a wounded heart needs loving while someone tells you from their heart that some scars never heal however numerous the efforts we put into hiding those scars And last but not least let no one tell you Ahh just put it behind you It ll go away I am living proof along with numerous others that is truly unforgiving and it doesn t work that way We can t change the past But we will try to strengthen our future
