The Doors Unhinged John Densmore,2025-07-01 Legendary drummer and founding member of The Doors John Densmore unpacks the intersection of art and commerce in this deeply principled middle finger to greed The Doors drummer Densmore rockets through his tumultuous six year lawsuit against former bandmates Ray Manzarek and Robby Krieger in this no holds barred account Throughout the author's initial question at what point does money cheapen art's original message remains salient even if he hammers it home a bit repetitively Devoted fans will be eager to get their hands on this deep dive Publishers

Weekly Densmore's concerns about his band's legacy and its meaning in today's society are thought provoking and worth pondering. Also impressive is his continued respect for his former bandmates' creativity and musicianship despite the in-fighting philosophical differences and court battles. Not a typical rock memoir but something more interesting to those who want to look past the hit songs and off-stage antics. Kirkus Reviews: Part courtroom drama, part morality tale. *The Doors Unhinged* reminds us what happens when greed and deception get in the way of teamwork and the creative process. Booklist: IN THE DOORS UNHINGED NEW YORK TIMES BEST SELLING AUTHOR and legendary Doors drummer John Densmore offers a powerful exploration of the greed gene, that part of the human psyche that propels us toward the accumulation of more and more wealth even at the expense of our principles, friendships, and the well-being of society. This is the gripping account of the legal battle to control The Doors's artistic destiny. In it, Densmore looks at his conflict with his bandmates over the right to use The Doors's name, revealing the ways in which this struggle mirrors and reflects a much larger societal issue that no amount of money seems to be enough for even the wealthiest people. The Doors continue to attract new generations of fans with more than one hundred million albums sold worldwide and counting and nearly twenty million followers to the band's social media accounts. As such, Densmore occupies a rarefied space in popular culture. He's beloved by artists across the decades for his fierce uncompromising dedication to art. His writing consistently earns accolades and has appeared in a range of publications such as the *Los Angeles Times* and *Rolling Stone*. As his friend and American novelist Tom Robbins recently said to him: "If you keep writing like this, I'll have to get a drum set." This is an incredibly timely and important volume in a contemporary world that is increasingly consumed by an insatiable profit motive. John Densmore has given us a blueprint for an approach to life and culture that is not driven by greed.

Six Doors to the Seventh Dimension Timothy

Carson, Genevieve Andrea Howard, 2014-07-09 Like a who-done-it of the spirit, *Six Doors to the Seventh Dimension* escorts travelers through the house of life, revealing at each threshold another critical aspect of the way to wholeness, harmony, and peace. Like a labyrinth of word and image, the pages of this metaphorical travelogue wind toward the mystical center that binds all things together. Those who make this pilgrimage will never again see themselves or the cosmos in the same light.

The Universe Next Door James W. Sire, 1976 **The Universe Next Door (Large Print 16pt)** James W. Sire, 2011-01-26 For more than thirty years, *The Universe Next Door* has set the standard for a clear, readable introduction to worldviews. In this new fifth edition, James Sire offers additional student-friendly features to his concise, easily understood introductions to theism, deism, naturalism, Marxism, nihilism, existentialism, Eastern monism, New Age philosophy, and postmodernism. Included in this expanded format are a new chapter on Islam and informative sidebars throughout. The book continues to build on Sire's refined definition of worldviews from the fourth edition and includes other updates as well, keeping this standard text fresh and useful. In a world of ever-increasing diversity, *The Universe Next Door* offers a unique resource for understanding the variety of worldviews that compete with Christianity for the allegiance of minds and hearts. *The Universe Next Door* has been

translated into over a dozen languages and has been used as a text at over one hundred colleges and universities in courses ranging from apologetics and world religions to history and English literature. Sire's *Naming the Elephant* Worldview as a Concept provides a useful companion volume for those desiring a more in-depth discussion of the nature of a worldview.
