Dos Passos and the Fiction of Despair Iain Colley, 1978 Reader's Guide to Literature in English Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study *Dos Passos's Early Fiction, 1912-1938* Michael Clark, 1987 Focuses on unpublished manuscripts and closely examines Dos Passos's first novels This book reveals how his practical aesthetics and use of myth come together in a triumph of form that presents an important vision of America **Dos Passos and the Ideology of the Feminine** Janet Galligani Casey, 1998-09-28 A study of the the role of the feminine in Dos Passos's fiction *John Dos Passos* Barry Maine, 2003-09-02 This set comprises 40 volumes covering 19th and 20th century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set complements the first 68 volume set of Critical Heritage published by Routledge in October 1995 *Streets of Night* John Dos Passos, 1990 A novel begun in college and then reworked for seven years this work mirrors the author's experience at Harvard and in greater Boston The novel reflects young Dos Passos's interests in aestheticism Greek and Roman culture and Walt Whitman *History and Utopian Disillusion* Jun Young Lee, 2008 The series is designed to advance the publication of research pertaining to themes and motifs in literature The studies cover cross cultural patterns as well as the entire range of national literatures They trace the development and use of themes and motifs over extended periods elucidate the significance of specific themes or motifs for the formation of period styles and analyze the unique structural function of themes and motifs **The Contemporary Novel** Irving Adelman, Rita Dworkin, 1997-10-09 In this new edition what was already an expansive work has been updated and further enlarged to include information not only on American and British novelists but also on writers in English from around the world Twentieth-century American Literary Naturalism Donald Pizer, 1982 Pizer explores six novels to define naturalism and explain its tenacious hold throughout the twentieth century on the American creative imagination **Mourning Modernity** Seth Moglen, 2007 In Mourning Modernity Seth Moglen offers a bold new map of American literary modernism as a psychologically and politically divided response to the injuries inflicted by modern capitalism *Protest and the Body in Melville, Dos Passos, and Hurston* Thomas McGlamery, 2013-04-15 This book analyzes the work of Herman Melville John Dos Passos and Zora Neale Hurston alongside biographical materials and discourses on the body Thomas McGlamery views each of these authors literary output as an effort to work through the political meanings associated with the body examining how they negotiate identities of class gender race sexuality and age *The Great American Songbooks* T. Austin Graham, 2013-01-31 In the late nineteenth and early twentieth centuries American authors pioneered a mode of musical writing that quite literally resounded beyond the printed page Novels gained

soundtracks poetry compelled its audiences to sing and the ostensibly silent act of reading became anything but The Great American Songbooks is the story of this literature at once an overview of musical and authorial practice at the century's turn an investigation into the sensory dimensions of reading and a meditation on the effects that the popular arts have had on literary modernism The writings of John Dos Passos Theodore Dreiser T S Eliot F Scott Fitzgerald Langston Hughes Jean Toomer and Walt Whitman are heard in a new key the performers and tunesmiths who inspired them have their stories told and the music of the past long out of print and fashion is recapitulated and made available in digital form A work of criticism situated at the crossroads of literary analysis musicology and cultural history The Great American Songbooks demonstrates the importance of studying fiction and poetry from interdisciplinary perspectives and it suggests new avenues for research in the dawning age of the digital humanities

American Literature and Science Robert Scholnick, 2021-10-21 Literature and science are two disciplines often thought to be unrelated if not actually antagonistic But Robert J Scholnick points out that these areas of learning up through the beginning of the nineteenth century were understood as parts of a unitary endeavor By mid century they had diverged but literature and science have continued to interact conflict and illuminate each other In this innovative work twelve leaders in this emerging interdisciplinary field explore the long engagement of American writers with science and uncover science's conflicting meanings as a central dimension of the nation's conception of itself Reaching back to the Puritan poet minister physician Edward Taylor who wrote at the beginning of the scientific revolution and forward to Thomas Pynchon novelist of the cybernetic age this collection of original essays contains essential work on major writers including Franklin Jefferson Poe Emerson Thoreau Twain Hart Crane Dos Passos and Charles Olson Through its exploration of the ways that American writers have found in science and technology a vital imaginative stimulus even while resisting their destructive applications this book points towards a reconciliation and integration within culture An innovative look at a neglected dimension of our literary tradition American Literature and Science stands as both a definition of the field and an invitation to others to continue and extend new modes of inquiry

Encyclopedia of the American Novel Abby H. P. Werlock, 2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this *Twentieth Century Fiction* George Woodcock, 1983-04-01 Fragmented Urban Images Gerd Hurm, 1991 Fragmented Urban Images fuses urban studies and literary criticism to examine the city image in American fiction in the twentieth century The study proposes a reassessment of the complex interaction between society city and novel It focuses particularly on the ways in which the diversity of fragmented experience and the ideological bias in the assessment of urban condition reappear in the modernist city images The study finds that contrary to appearances cities can hardly be called agents in modernity As expressions of fundamental divisions in society they are crucial catalysts however Eight influential city novels are interpreted to provide a distinct view of the interrelation between fragmented experience fictional perception and urban thought in modernity Maggie A Girl of the
