Dostoevsky And Romantic Realism:

Dostoevsky and Romantic Realism Donald Fanger, 1998 *Dostoevsky and Romantic Realism* is Donald Fanger's groundbreaking study of the art of Dostoevsky and the literary and historical context in which it was created. Through detailed analyses of the work of Balzac, Dickens, and Gogol, Fanger identifies romantic realism as the transformative fusion of two generic categories as a powerful imaginary response to the great modern city. This fusion reaches its aesthetic and metaphysical climax in Dostoevsky, whose vision culminating in *Crime and Punishment* is seen by Fanger as the final synthesis of romantic realism.

Dostoevsky and Romantic Realism Donald Fanger, 1965 **Dostoevsky and romantic realism** Donald Fanger, 1998 *Dostoevsky and Romantic Realism* Zbigniew K. Brzezinski, 1967 *Dostoevsky and Romantic Realism ; a Study of Dostoevsky in Relation to Balzac, Dickens and Gogol* Donald Fanger, 1974 *Dostoevsky and romantic realism: a study of Dostoevsky in relation to Balzac, Dickens, and Gogol*, Camb., Harvard U.P., 1965 bibl Donald Fanger, *Dostoevsky and Romantic Realism: Balzac, Dickens [and] Gogol* Donald Fanger, 1962 *Somewhere Between Eschatology and Literature* Rebecca Carnighan, University of St. Andrews, 2002 *Fyodor Dostoevsky* Harold Bloom, 2009

Presents a biography of the Russian author Fyodor Dostoevsky along with critical views of his work *The absurd in literature* Neil Cornwell, 2013-07-19 Neil Cornwell's study while endeavouring to present an historical survey of absurdist literature and its forbears does not aspire to being an exhaustive history of absurdism. Rather, it pauses on certain historical moments, artistic movements, literary figures, and selected works before moving on to discuss four key writers: Daniil Kharms, Franz Kafka, Samuel Beckett, and Flann O'Brien. The absurd in literature will be of compelling interest to a considerable range of students of comparative European, including Russian and Central European, and English literatures, British Isles, and American, as well as those more concerned with theatre studies, the avant garde, and the history of ideas, including humour theory. It should also have a wide appeal to the enthusiastic general reader.

The Oxford Handbook of European Romanticism Paul Hamilton, 2016 *The Oxford Handbook of European Romanticism* focuses on the period beginning with the French Revolution and extending to the uprisings of 1848 across Europe. It brings together leading scholars in the field to examine the intellectual, literary, philosophical, and political elements of European Romanticism. The volume begins with a series of chapters examining key texts written by major writers in languages including French, German, Italian, Spanish, Russian, Hungarian, Greek, and Polish, amongst others. Then follows a second section based on the naturally interdisciplinary quality of Romanticism, encapsulated by the different discourses with which writers of the time set up an internal comparative dynamic. These chapters highlight the sense a discourse gives of being written knowledgeably against other pretenders to completeness or comprehensiveness of understanding and the Enlightenment encyclopaedic project. Discourses typically push their individual claims to resume European culture, collaborating and trying to assimilate each other in the process. The main examples featuring here are history, geography, drama, theology, language, geography, philosophy, political theory, the

sciences and the media Each chapter offers original and individual interpretation of individual aspects of an inherently comparative world of individual writers and the discursive idioms to which they are historically subject Together the forty one chapters provide a comprehensive and unique overview of European Romanticism Dostoevski and Romantic Realism Donald Fanger,1967 **Russian Literary Criticism** R. H. Stacy,1974-04-01 Russian Literary Criticism is a survey of the various ways in which representative Russian critics from the eighteenth century to the twentieth century have viewed not only the literary works of other Russian and non Russian writers but also the problems of literature in general Primarily intended for readers who do not know Russian this book discusses the major Russian critics and critical movements The author provides sufficient historical and political background to enable the reader to understand both the literary situation and the problems facing Russian critics at any given time whether the influx of various ideologies official Soviet views or dissident opinion form the Decembrists to Solzhenitsyn *Dostoevsk and Romantic Realism* Donald Fanger,1965 *The Cambridge Companion to the Classic Russian Novel* Malcolm V. Jones,Robin Feuer Miller,1998-04-30 Many Russian novels of the nineteenth and twentieth centuries have made a huge impact not only inside the boundaries of their own country but across the western world The Cambridge Companion to the Classic Russian Novel offers a thematic account of these novels in fourteen newly commissioned essays by prominent European and North American scholars There are chapters on the city the countryside politics satire religion psychology philosophy the romantic realist and modernist traditions and technique gender and theory In this context the work of Pushkin Dostoevsky Tolstoy Turgenev Bulgakov Nabokov Pasternak and Solzhenitsyn among others is described and discussed There is a chronology and guide to further reading all quotations are in English This volume will be invaluable not only for students and scholars but for anyone interested in the Russian novel

A Comparative Study of Romantic Realism in Certain Works of Charles Dickens and Fyodor Dostoevsky Patricia Evers,1983 **Dostoevsky and the Affirmation of Life** Predrag Cicovacki,2017-07-12 Dostoevsky s philosophy of life is unfolded in this searching analysis of his five greatest works Notes from the Underground Crime and Punishment The Idiot The Possessed and The Brothers Karamazov Predrag Cicovacki deals with a fundamental issue in Dostoevsky s opus neglected by all of his commentators How can we affirm life and preserve a healthy optimism in the face of an increasingly troublesome reality This work displays the vital significance of Dostoevsky s philosophy for understanding the human condition in the twenty first century The main task of this insightful effort is to reconstruct and examine Dostoevsky s aesthetically motivated affirmation of life based on cycles of transgression and restoration If life has no meaning as his central figures claim it is absurd to affirm life and pointless to live Since Dostoevsky s doubts concerning the meaning of life resonate so deeply in our own age of pessimism and relativism the central question of this book whether Dostoevsky can overcome the skepticism of his most brilliant creation is innately relevant This volume includes a thorough literary analysis of Dostoevsky s texts yet even those who have not read all of these novels will find Cicovacki s analysis interesting and

enthraling The reader will easily extrapolate Cicovacki's own philosophical interpretation of Dostoevsky's literary heritage

The Cambridge Companion to Dostoevskii William J. Leatherbarrow, 2002-07-18 Key dimensions of Dostoevskii's writing and life are explored in this collection of specially commissioned essays Contributors examines topics such as Dostoevskii's relation to folk literature money religion the family and science The essays are well supported by supplementary material including a chronology of the period and detailed guides to further reading Altogether the volume provides an invaluable resource for scholars and students

Dostoevsky's The Devils William J. Leatherbarrow, 1999 The most openly political of Dostoevsky's four major novels *The Devils* has left literary scholars intrigued with its difficult narrative structure which veers back and forth between first and third person and fascinated by the political overtones and social commentary it includes For these reasons *The Devils* often anchors courses on Dostoevsky's works This critical companion contains essays that shed light on both the tricky literary structure of the novel as well as its social and political components

Russian Realisms Molly Brunson, 2016-09-10 One fall evening in 1880 Russian painter Ilya Repin welcomed an unexpected visitor to his home Lev Tolstoy The renowned realists talked for hours and Tolstoy turned his critical eye to the sketches in Repin's studio Tolstoy's criticisms would later prompt Repin to reflect on the question of creative expression and conclude that the path to artistic truth is relative dependent on the mode and medium of representation In this original study Molly Brunson traces many such paths that converged to form the tradition of nineteenth century Russian realism a tradition that spanned almost half a century from the youthful projects of the Natural School and the critical realism of the age of reform to the mature masterpieces of Tolstoy Fyodor Dostoevsky and the paintings of the Wanderers Repin chief among them By examining the classics of the tradition Brunson explores the emergence of multiple realisms from the gaps disruptions and doubts that accompany the self-conscious project of representing reality These manifestations of realism are united not by how they look or what they describe but by their shared awareness of the fraught yet critical task of representation By tracing the engagement of literature and painting with aesthetic debates on the sister arts Brunson argues for a conceptualization of realism that transcends artistic media *Russian Realisms* integrates the lesser known tradition of Russian painting with the familiar masterpieces of Russia's great novelists highlighting both the common ground in their struggles for artistic realism and their cultural autonomy and legitimacy This erudite study will appeal to scholars interested in Russian literature and art comparative literature art history and nineteenth century realist movements
