Dostoevsky Grigorev And Native Soil Conservatism:

Through the Russian Prism Joseph Frank, 1990 Essays probe the culture that spawned the great novels of Dostoevsky and explore the author's influence on world literature **Dostoevsky, Grigor'ev, and Native Soil Conservatism** Wayne Dowler, 1982-12-15 Native soil was a mid nineteenth century Russian reaction against materialism and positivism It emphasized the need for people to live their lives and develop themselves naturally so that class difference might be reconciled the achievements of the West fused with the communalism and Christian fraternity preserved by the Russian peasant and the Russian nation united in the pursuit of common moral ideals The metaphor Russia and the West summarized much of the intellectual and political debate of the period how Russia should use its indigenous and its borrowed cultural elements to solve the political economic and social problems of a difficult period Professor Dowler presents a detailed study of Native Soil conservatism from about 1850 to 1880 its various intellectual facets its leading thinkers and its growth and gradual disintegration In this utopian movement literary creativity aesthetics and education took on special significance for human spiritual and social development Dowler therefore examines the writings of two of the most gifted exponents of Native Soil F M Dostoevsky and A A Grigor'ev and looks at their circle and the journals to which they contributed in an assessment of their responses to the challenges of the period of Emancipation **Russian Conservatism** Paul Robinson, 2019-10-15 Russian Conservatism examines the history of Russian conservative thought from the beginning of the nineteenth century to the present Robinson charts the contributions made by philosophers politicians and others during the Imperial Soviet and post Soviet periods Looking at cultural political and social economic conservatism in Russia Russian Conservatism demonstrates that such ideas are helpful in interpreting Russia's present as well as its past and will be influential in shaping Russia's future for better or for worse in the years to come **Dostoevsky the Thinker** James Patrick Scanlan, 2002 For all his distance from philosophy Dostoevsky was one of the most philosophical of writers Drawing on his novels essays letters and notebooks this volume examines Dostoevsky's philosophical thought Dostoevsky and the Catholic Underground Elizabeth A. Blake, 2014-04-30 While Dostoevsky's relation to religion is well trod ground there exists no comprehensive study of Dostoevsky and Catholicism Elizabeth Blake's ambitious and learned Dostoevsky and the Catholic Underground fills this glaring omission in the scholarship Previous commentators have traced a wide ranging hostility in Dostoevsky's understanding of Catholicism to his Slavophilism Blake depicts a far more nuanced picture Her close reading demonstrates that he is repelled and fascinated by Catholicism in all its medieval Reformation and modern manifestations Dostoevsky saw in Catholicism not just an inspirational source for the Grand Inquisitor but a political force an ideological wellspring a unique mode of intellectual inquiry and a source of cultural production Blake's insightful textual analysis is accompanied by an equally penetrating analysis of nineteenth century European revolutionary history from Paris to Siberia that undoubtedly influenced the evolution of Dostoevsky's thought **Dostoevsky** George Santayana, Louis Breger, 2017-07-05 Andre Gide

once said that Feodor Dostoevsky lost himself in the characters of his books and for this reason it is in them that he can be found again In Dostoevsky The Author as Psychoanalyst Louis Breger approaches Dostoevsky psychoanalytically not as a patient to be analyzed but as a fellow psychoanalyst someone whose life and fiction are intertwined in the process of literary self exploration Raskolnikov's dream of the suffering horse in Crime and Punishment has become one of the best known in all literature its rich imagery expressing meaning on many levels Using this as a starting point Breger goes on to offer a detailed analysis of the novel situating it at the pivotal point in Dostoevsky's life between the death of his first wife and his second marriage Using insights from his psychological training Breger also explores other works by Dostoevsky among them his early novel The Double which Breger relates to the nervous breakdown that Dostoevsky suffered in his twenties as well as Notes from Underground The Possessed The Idiot The Brothers Karamazov and so forth Additionally details from Dostoevsky's own life his compulsive gambling his epilepsy his philosophical political religious and mystical beliefs and the interpretations of them found in existing biographies are analyzed in detail

A History of Russian Thought William Leatherbarrow, Derek Offord, 2010-04-01 The history of ideas has played a central role in Russia's political and social history Understanding its intellectual tradition and the way the intelligentsia have shaped the nation is crucial to understanding the Russia of today This history examines important intellectual and cultural currents the Enlightenment nationalism nihilism and religious revival and key themes conceptions of the West and East the common people and attitudes to capitalism and natural science in Russian intellectual history Concentrating on the Golden Age of Russian thought in the mid nineteenth century the contributors also look back to its eighteenth century origins in the flowering of culture following the reign of Peter the Great and forward to the continuing vitality of Russia's classical intellectual tradition in the Soviet and post Soviet eras With brief biographical details of over fifty key thinkers and an extensive bibliography this book provides a fresh comprehensive overview of Russian intellectual history

Thinking Orthodox in Modern Russia Patrick Lally Michelson, Judith Deutsch Kornblatt, 2014-07-31 This collection of essays on Russian religious thought focuses on the extent to which Russian culture and ideology has been informed by the nation's roots in Orthodox Christianity

Russia and Eastern Europe, 1789-1985 Raymond Pearson, 1989

Wages of Evil Anna Schur, 2012 Anna Schur incorporates sources from philosophy criminology psychology and history to argue that Dostoevsky's thinking was shaped not only by his Christian ethics but also by the debates on punishment theory and practice unfolding during his lifetime

Dostoevsky and the Dynamics of Religious Experience Malcolm V. Jones, 2005 One of the world's foremost experts on Dostoevsky presents a new study focusing on the religious concerns of the enigmatic author

The Cambridge History of Russian Literature Charles Moser, 1992-04-30 An updated edition of this comprehensive narrative history first published in 1989 incorporating a new chapter on the latest developments in Russian literature and additional bibliographical information The individual chapters are by well known specialists and provide chronological coverage from the medieval period on giving particular attention to

the nineteenth and twentieth centuries and including extensive discussion of works written outside the Soviet Union The book is accessible to students and non specialists as well as to scholars of literature and provides a wealth of information

Canadian Slavonic Papers, 1983 **Translation and the Making of Modern Russian Literature** Brian James Baer, 2015-11-19 Brian James Baer explores the central role played by translation in the construction of modern Russian literature Peter I s policy of forced Westernization resulted in translation becoming a widely discussed and highly visible practice in Russia a multi lingual empire with a polyglot elite Yet Russia s accumulation of cultural capital through translation occurred at a time when the Romantic obsession with originality was marginalizing translation as mere imitation The awareness on the part of Russian writers that their literature and by extension their cultural identity were born in translation produced a sustained and sophisticated critique of Romantic authorship and national identity that has long been obscured by the nationalist focus of traditional literary studies By offering a re reading of seminal works of the Russian literary canon that thematize translation alongside studies of the circulation and reception of specific translated texts *Translation and the Making of Modern Russian Literature* models the long overdue integration of translation into literary and cultural studies *Nineteenth-Century Russia* Derek Offord, 2014-05-12 This new Seminar Study provides students with a rewarding introduction to nineteenth century Russia This period of Russian history is of course characterised by the flowering of an enormously rich intellectual and cultural life the origins of which lie in the intelligentsia s opposition to autocratic rule Here Professor Offord introduces the reader to the period while focusing particularly on the rise of radicalism The book opens with two scene setting chapters one looking at the political and social structure peculiar to Russia and the second looking at the cultural and intellectual background Then within a chronological framework the author examines all the great events in the history of Russian radicalism from the Decembrist Revolt in 1825 to the going to the people in 1874 and the assassination of Alexander II in 1881 However throughout the text sustained attention is given to the intellectual dimension of nineteenth century Russian history Professor Offord examines all the major schools of thought and looks in detail at all the great thinkers of the day including Chaadaev Belinsky Herzen Chernyshevsky Bakunin and Tolstoy This new book will provide essential reading for anyone studying nineteenth century Russia Lucid accessible and immensely readable it is a formidable achievement **Russian Populism** Christopher Ely, 2022-03-10 Russian populism the belief that the peasantry embodied authentic Russian identity and once liberated from their poverty would lead the country to a brighter future has animated Russian thought across the political spectrum and inspired much of Russia s world historical literature music and art in the 19th century This book offers the fullest and most authoritative account of the rise proliferation and influence of populist values and ideology in modern Russia to date Christopher Ely explores the complete story of Russian populism Starting from the cursed question of how to reconnect the popular masses with the Europeanized elite he examines the populist obsession with the peasant commune as a model for a future socialist Russia He shows how the desire for

revolution led Russian radicals to flood into the countryside and later to pioneer terrorism as a form of political action. He delves into those artists influenced by populist ideals and he tells the story of the collapse of populist optimism and its rebirth among the Socialist Revolutionary neo-populists. The book demonstrates that populism existed in forms ranging from radical socialist to religious conservative. Blending lively theoretical analysis with a wealth of primary sources and illustrations, *Russian Populism* provides a highly engaging overview of this complex phenomenon; it is invaluable reading for anyone interested in the momentous final decades of the Russian Empire.

A Documentary History of Russian Thought William J. Leatherbarrow, Derek Offord, 1985

An Introduction To Nineteenth-century Russian Slavophilism Peter K. Christoff, 2019-03-07. This book is written based on vigorous and prolonged debates between the Slavophiles and proponents of Russian Slavophilism's principal ideological rival Westernism in the mid-nineteenth century. It presents the analysis and evaluation of Iu. F. Samarin's dissertation.

Literary Impersonations Jennifer Anne Sylvor, 2000

My Literary and Moral Meanderings Apollon Grigoryev, 2025-03-04. *My Literary and Moral Meanderings* was written in response to a challenge from the Dostoevsky brothers Fyodor and Mikhail; they asked Apollon Grigoryev to write an autobiography that included his childhood. The childhood autobiography was already an established genre in Russia with writers like Leo Tolstoy and Alexander Herzen making well-known contributions. But *Meanderings* was much more than a memoir. It was an experiment in which Grigoryev examined his childhood through the lens of organic criticism, a literary critical theory that he had painfully worked out over the years. His memoir undertook to uncover the currents that shaped Russian reality through their revelation in literature. Western readers might find the primacy ascribed by the author to literature in shaping national consciousness strange. But in Russia, writers are often seen as secular prophets, and although a minor literary figure, Grigoryev personified the type and exercised a profound influence on Fyodor Dostoevsky, Ivan Turgenev, and other great writers of his time.
