Dostoevsky Be Damned And Other Stories:

Dostoevsky Be Damned Tom Berry, 2003-08 In his efforts to understand Dostoevsky's message for mankind the hero decides to live the distorted lives of the major Russian characters His efforts to live as Raskolnikov the Idiot Stavrogin and Dmitry Karamazov lead him into the depths of corruption and perversion The Tragedy of L. Amerique shows the complexity of the human mind involved in bisexual love The Vignettes from life are from the author's experiences *Dostoevsky's Unfinished Journey* Robin Feuer Miller, Professor Robin Feuer Miller, 2007-01-01 How does Dostoevsky's fiction illuminate questions that are important to us today What does the author have to say about memory and invention the nature of evidence and why we read How did his readings of such writers as Rousseau Maturin and Dickens filter into his own novelistic consciousness And what happens to a novel like Crime and Punishment when it is the subject of a classroom discussion or a conversation In this original and wide ranging book Dostoevsky scholar Robin Feuer Miller approaches the author's major works from a variety of angles and offers a new set of keys to understanding Dostoevsky's world Taking Dostoevsky's own conversion as her point of departure Miller explores themes of conversion and healing in his fiction where spiritual and artistic transfigurations abound She also addresses questions of literary influence intertextuality and the potency of what the author termed ideas in the air For readers new to Dostoevsky's writings as well as those deeply familiar with them Miller offers lucid insights into his works and into their continuing power to engage readers in our own times

White Nights and Other Stories Fyodor Dostoevsky, 2020-07-20 Reproduction of the original White Nights and Other Stories by Fyodor Dostoevsky The Beautiful and Damned Francis Scott Fitzgerald, 2022 The Beautiful and Damned is a devastating portrait of a generation of wealthy young Americans who struggle to find meaning and happiness told through the lives of Anthony Patch and Gloria Gilbert This is the novel that confirmed Fitzgerald's status as the most celebrated young American writer of the Twenties *The Seven Who Were Hanged and Other Stories* Leonid Andreiev, 2024-05-20 Leonid Andreiev is widely regarded as one of the most talented writers in Russian literature In his prose he reflected the influence of A. Chekhov's realism the fascination with F. Dostoevsky's psychological paradoxes and a constant obsession with the insignificance of life and the inevitability of death in the manner of L. Tolstoy Written in 1909 and dedicated precisely to Tolstoy The Seven Who Were Hanged is considered by many to be Andreiev's best novel The work masterfully and simply delves into each of the tragedies of seven condemned to death leading the reader unrelentingly to a revelation a state of illumination that only the best works of art offer **The Novels of Fyodor Dostoevsky: An honest thief and other stories** Fyodor Dostoevsky, 1923 **The Novels of Fyodor Dostoevsky: White nights and other stories** Fyodor Dostoevsky, 1918 *The Eternal Husband and Other Stories* Fyodor Dostoevsky, 2011-05-04 The Eternal Husband and Other Stories brings together five of Dostoevsky's short masterpieces rendered into English by two of the most celebrated Dostoevsky translators of our time Filled with many of the themes and concerns central to his great novels these short works

display the full range of Dostoevsky's genius. The centerpiece of this collection, the short novel *The Eternal Husband*, describes the almost surreal meeting of a cuckolded widower and his dead wife's lover. Dostoevsky's dark brilliance and satiric vision infuse the other four tales with all too human characters, including a government official who shows up uninvited at an underling's wedding to prove his humanity, a self-deceiving narrator who struggles futilely to understand his wife's suicide, and a hack writer who attends a funeral and ends up talking with the dead. *The Eternal Husband and Other Stories* is sterling Dostoevsky: a collection of emotional power and uncompromising insight into the human condition.

Frankenstein Mary Wollstonecraft Shelley, 2008-08-14 Shelley's suspenseful and intellectually rich gothic tale confronts some of the most important and enduring themes in all of literature: the power of human imagination, the potential hubris of science, the gulf between appearance and essence, the effects of human cruelty, the desire for revenge, and the need for forgiveness, and much more. Living without God: A Multicultural Spectrum of Atheism Sanjit Chakraborty, Anway Mukhopadhyay, 2022-11-16 This book deals with the intricate issue of approaching atheism methodologically as well as conceptually from the perspective of cultural pluralism. What does atheism mean in different cultural contexts? Can this term be applied appropriately to different religious discourses which conceptualize God, gods, Goddess, goddesses, and also godlessness in hugely divergent ways? Is my God the same as yours? If not, then how can your atheism be the same as mine? In other words, this volume raises the question: Is it not high time that we proposed a comparative study of atheism's alongside that of religions, rather than believing that atheism is centered in the Western experience? Apart from answering these questions, the book highlights the much-needed focus on the philosophical negotiations between atheism, theism, and agnosticism. The fine chapters collected here present pluralist negotiations with the notion of atheism and its ethical, theological, literary, and scientific corollaries. Previously published in *Sophia* Volume 60, issue 3, September 2021. Chapters: Religious Conversion and Loss of Faith, Cases of Personal Paradigm Shift, and On Being an Infidel are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.

Stalin's Teardrops: And Other Stories Ian Watson, 2011-09-29 Ian Watson is one of the most prolific short story writers in contemporary science fiction, with a range and invention that others might envy. In this collection, we move from a ghostly occurrence in Catalonia to a memorably hallucinatory and atmospheric tale of eggs and ectoplasm in pre glasnost Russia. The *Times* said of Watson that his stories are springloaded with effect, compressed with a drama that in others might take a novel to eke out. A judgement confirmed by the dozen stories collected here.
