The Double-cross System in the War of 1939 to 1945 John Cecil Masterman,1973-01-01 **The Double-cross System, 1939-1945** John Cecil Masterman,1995 THE DOUBLE CROSS SYSTEM is not the only document to describe double agents and deception It is simply the best Masterman gives us a world of stratagems inhabited by characters like SNOW ZIZAG and TRICYCLE They were known only by these cover names and in them they lived and operated Nuance became all Even the methods of communication between the agent and the enemy whether by wireless by secret writing or by personal contact in neutral countries required empathy on the part of the case officers and planners The details of a man s wireless style for example the warning signals the very rhythm of the key in sending messages must be mastered so that if the agent should die or for one reason or another be removed a substitution could be made but not recognised A game played with dynamite in which those who couldn t play were executed Should on no account be missed by anyone who enjoys a good thriller Anthony Price OXFORD MAIL The Security Service 1908-1945 John Court Curry,1999 This history of M I 5 remained Top Secret for over 50 years It is now revealed and includes details of British intelligence s many coups from World War II ULTRA and the Army Air Forces in World War II: An Interview with Associate Justice of the U.S. Supreme Court Lewis F. Powell, Jr. Lewis F.
