Double Identity Pelican S:

Making Modern Mothers Rachel Thomson, 2011 An exciting and timely book documenting the transition to motherhood over generations and time Like Mother, Like Daughter? Armstrong, Jill, 2019-03-06 Women are encouraged to believe that they can occupy top jobs in society by the example of other women thriving in their careers Who better to be a role model for career success than your mother Paradoxically this book shows that having a mother as a role model even for graduates of top universities does not predict daughters progressing in their own careers It finds that mothers with careers whilst highly influential in their daughters choice of career path rarely mentor their daughters as they progress This is partly explained by quiet ambition the tendency of women to be modest about their achievements Bigger issues are the twin pressures from contemporary motherhood and workplace culture that ironically lead career women s daughters to believe that being a good mother means working part time This stalls career progress Based on a large cross generational qualitative sample this book offers a timely and original perspective on the debate about gender equality in leadership positions *The Poetry of Dante's Paradiso* Jeremy Tambling, 2021-03-08 This book argues that Paradiso Dante s vision of Heaven is not simply affirmative It posits that Paradiso compensates for disappointment rather than fulfils hopes and where it moves into joy and vision this also rationalises the experience of exile and the failure of all Dante s political hopes The book highlights and addresses a fundamental problem in reading Dante the assumption that he writes as a Catholic Christian which can be off putting and induces an overly theological and partisan reading in some commentary Accordingly the study argues that Dante must be read now in a post Christian modernity It discusses Dante s Christianity fully and takes its details as a source of wonder and beauty which need communicating to a modern reader Yet the study also argues that we must read for the alterity of Dante s world from ours *ENTERPRISING WOMEN* Parminde Bhachu, Dr Sallie Westwood, 2004-01-14 First published in 2004 Routledge is an imprint of Taylor Francis an informa company **Women, Violence and Social Control** Mary Maynard, Jalna Hanmer, 1987-03-16 *Wildlife Abstracts* , 1976 Wildlife Abstracts U.S. Fish and Wildlife Service, 1983 **Reproduction, Childbearing and Motherhood** Pranee Liamputtong, 2007 Although reproduction including infertility abortion childbearing and motherhood is a significant human experience its social meaning is shaped by the culture in which birthing women live Reproduction and its management therefore occur within the social and cultural context of the event As such reproductive beliefs and practices differ across social and cultural settings This book focuses on reproduction childbearing and motherhood In this volume the authors show that despite the modernisation of the society and advanced medical technology and knowledge in reproduction traditions continue to exert influence on how the women and their families manage their reproduction childbearing and motherhood in their societies **Understanding Families Over Time** Rosalind Edwards, 2014-06-26 Drawing on research from the Timescapes Study this volume discusses the life chances and experiences of children and young people parents and older generations A unique qualitative longitudinal study forms

the basis for the chapter contributions delivering policy relevant findings to address individual and family lives over time

British Books in Print ,1985 **Critical Perspectives on Mental Health** Vicki Coppock,John Hopton,2002-01-04

Over the last forty years there have been numerous attempts to critique the theory and practice of mental health care Taking its lead from anti psychiatry **Critical Perspectives on Mental Health** seeks to explore and evaluate the claims of mainstream mental health ideologies and to establish what implications the critiques of these perspectives have for practice This text will be essential reading for students and those working in the social work and mental health care professions **Statelessness**

and Citizenship Victoria Redclift,2013-06-26 What does it mean to be a citizen In depth research with a stateless population in Bangladesh has revealed that despite liberal theory s reductive vision the limits of political community are not set in stone The Urdu speaking population in Bangladesh exemplify some of the key problems facing uprooted populations and their experience provides insights into the long term unintended consequences of major historical events Set in a site of camp and non camp based displacement it illustrates the nuances of political identity and lived spaces of statelessness that Western political theory has too long hidden from view Using Bangladesh as a case study **Statelessness and Citizenship** Camps and the creation of political space argues that the crude binary oppositions of statelessness and citizenship are no longer relevant Access to and understandings of citizenship are not just jurally but socially spatially and temporally produced Unpicking Agamben s distinction between political beings and bare life the book considers experiences of citizenship through the camp as a social form The camps of Bangladesh do not function as bounded physical or conceptual spaces in which denationalized groups are altogether divorced from the polity Instead citizenship is claimed at the level of everyday life as the moments in which formal status is transgressed Moreover once in possession of formal status internal borders within the nation state render rights bearing citizens effectively stateless and the experience of citizens is very often equally uneven While statelessness may function as a cold instrument of exclusion certainly it is neither fixed nor static just as citizenship is neither as stable nor benign as the dichotomy would suggest Using these insights the book develops the concept of political space an analysis of the way history and space inform the identities and political subjectivity available to people In doing so it provides an analytic approach of relevance to wider problems of displacement citizenship and ethnic relations Shortlisted for this year s BSA Philip Abrams Memorial Prize **The Century Gap** Harriet Harman,1993 The pattern of women s lives

their aspirations and their expectations have changed dramatically this century Unfortunately their partners employers and governments have not kept pace The result of this is that women with the attitudes that they now hold are poised to enter the 21st century ahead of men our society now has a century gap between the sexes **Whitaker's Cumulative Book List**

,1984 **British Book News** British Council,1984 *Part-time Work in New Zealand* Alison Clark,1986 **Where Is My Home?** Musya Glants,2010-11-10 Where Is My Home The Art and Life of the Russian Jewish Sculptor Mark Antokolskii 1843 1902 is the first full length study in English of the art and life of Mark Antokolskii the widely recognized Russian and

European sculptor of the late 19th century An originator of novel trends in sculpture in its transition to modernism Antokolskii was the first artist of Jewish origin to attend the Academy of Art in St Petersburg and to become an honorable member of the Russian and Western intellectual milieu Participating in many International World Exhibitions he received numerous awards including the Legion d Honneur 1878 Paris Antokolskii was a member of many European academies of art and his works are in museums and private collections worldwide Where Is My Home focuses on Antokolski s artistic uniqueness and his fate as a Jewish intellectual who belongs to distinct cultures Musya Glants pays particular attention to Antokolski s constant struggle between his devotion to Russia and the lifelong commitment to his people This opens ways to discuss less known aspects of the notions of national identity and spiritual duality It is an attempt to give an account of the artist as a notable Jewish social and cultural figure a thinker and essayist whose art reveals his longing for people s reconciliation and overcoming of historical alienation

There's a Double Tongue Dirk Delabastita,2021-11-15 The pun is as old as Babel and inveterate punsters like Shakespeare clearly never lacked translators This book critically examines the evergreen cliché that wordplay defies translation replacing it by a theory and a case study that aim to come to grips with the reality of wordplay and its translation What are the possible modes of wordplay translation What are the various sometimes conflicting constraints prompting translators in certain situations to go for one strategy rather than another Ample illustration is provided from Hamlet and other Shakespearean texts and several Dutch French and German renderings The study exemplifies how theory can usefully be integrated into a description oriented approach to translation Much of the argument also rests on the definition of wordplay as an open ended and historically variable category The book s concerns range from the linguistic and textual properties of Shakespeare s punning and its translation to matters of historical poetics and ideology Its straightforward approach shows that discourse about wordplay doesn t need to rely on stylistic bravura or abstract speculation The book is concluded by an anthology of the puns in Hamlet including a brief semantic analysis of each and a generous selection of diverse translations

British Paperbacks in Print ,1985

Mapping the Subject Steve Pile,Nigel Thrift,2005-11-22 Rejecting static and reductionist understandings of subjectivity this book asks how people find their place in the world Mapping the Subject is an inter disciplinary exploration of subjectivity which focuses on the importance of space in the constitution of acting thinking feeling individuals The authors develop their arguments through detailed case studies and clear theoretical expositions Themes discussed are organised into four parts constructing the subject sexuality and subjectivity the limits of identity and the politics of the subject There is here a commitment to mapping the subject a subject which is in some ways fluid in other ways fixed which is located in constantly unfolding power knowledge and social relationships This book is moreover about new maps for the subject
