In *Parenting in the Age of Perfection*, Lapin draws on case studies, scientific research, and her own experiences as a successful learning and life coach to showcase patterns that feed into the environment of perfection, along with tools and skills to get children back on track. In this book, parents will learn the techniques that Lapin has successfully used to transform her clients' lives for the better. This book is the ideal field guide for any parent who wants a step-by-step method to change how they and their children approach school life and their inner world. Parenting from the Heart: A Guide to the Essence of Parenting from the Inside-Out Jack Pransky, 2012-09-10 Just when you thought you've heard it all, *Parenting from the Heart* offers a new and different refreshing approach to parenting. This easy-to-understand, down-to-earth book moves beyond parenting theories and techniques to get to the heart of parenting. If parents know how to look within their hearts to find the answers they need, parenting techniques are not necessary. If parents know how to find a loving connection with their children, at most times discipline and consequences are rarely necessary. All parents have it within them to bring out the best in their children. Approaching parents in this way makes parenting a true pleasure instead of the battle and chore it often becomes. Many so-called experts say that raising kids is the toughest job any of us will ever do, but it does not have to be that way. It can be the most joyful thing any of us will ever do. *Parenting from the Heart* is a must resource for anyone who cares about parenting and raising children.

About the Author: Jack Pransky, Ph.D., is Director of the Center for Inside Out Understanding and is an international consultant and trainer for the prevention of problem behaviors and the promotion of well-being. He also authored the books *Somebody Should Have Told Us*, *Modello: A Story of Hope for the Inner City*, and *Beyond Prevention from the Inside Out*. Prevention: The Critical Need, and co-authored both the *Healthy Thinking Feeling* and *Doing from the Inside Out* curriculum and guide for middle school students, and *What Is A Thought? A Thought Is A Lot*, a picture book for little children. Pransky has worked in the field of prevention since 1968 in a wide variety of capacities. He has offered parenting training and consultation to a great number of parents and has trained many parenting course instructors.
