Strategic Bankruptcy Kevin J. Delaney, 2023-09-01 In 1982 Johns Manville a major asbestos manufacturer declares itself insolvent to avoid paying claims resulting from exposure to its products A year later Continental Airlines one of the top ten carriers in the United States claims a deficit when the union resists plans to cut labor costs Later still oil powerhouse Texaco cries broke rather than pay damages resulting from a courtroom defeat by archrival Pennzoil Bankruptcy once a term that sent shudders up a manager's spine has now become a potent weapon in the

corporate arsenal In his timely and challenging study Kevin Delaney explores this profound change in our legal landscape where corporations with billions of dollars in assets employ bankruptcy to achieve specific political and organizational objectives As a consequence bankruptcy court is rapidly becoming an arena in which crucial social issues are resolved How and when will people dying of asbestos poisoning be compensated Can companies unilaterally break legally negotiated labor contracts What are the ethical and legal rules of the corporate takeover game In probing the Chapter 11 bankruptcies of Johns Manville Frank Lorenzo s Continental Airlines and Texaco Delaney shows not only that bankruptcy is pursued by managers more and more as a strategy but that it is becoming accepted by the business community as a viable option and not just a last ditch solution This searing expos of current corporate practices will incite debate among corporate executives lawyers legislators and policy makers In 1982 Johns Manville a major asbestos manufacturer declares itself insolvent to avoid paying claims resulting from exposure to its products A year later Continental Airlines one of the top ten carriers in the United States claims a deficit when th

**Airline Deregulation and Laissez-Faire Mythology** Paul S. Dempsey,Andrew R. Goetz,1992-09-08 Airline deregulation is a failure conclude Professors Dempsey and Goetz They assault the conventional wisdom in this provocative book finding that the Airline Deregulation Act of 1978 championed by a profound political movement which also advocated the deregulation of the bus trucking rail and pipeline industries failed to achieve the promises of its proponents Only now is the full impact of deregulation being felt Airline deregulation has resulted in unprecedented industry concentration miserable service a deterioration in labor management relations a narrower margin of safety and higher prices for the consumer This comprehensive book begins by exploring the strategy tactics and egos of the major airline robber barons including Frank Lorenzo and Carl Icahn In separate chapters the strengths weaknesses and corporate cultures of each of the major airlines are evaluated Part Two assesses the political economic and social justifications for New Deal regulation of aviation and its deregulation in the late 1970s Part Three then addresses the major consequences of deregulation in chapters on concentration pricing service and safety and Part Four advances a legislative agenda for solving the problems that have emerged Professors Dempsey and Goetz advocate a middle course of responsible government supervision between the dead hand of regulation of the 1930s and the contemporary evil of market Darwinism The book will be of particular interest to airline and airport industry executives government officials and students and scholars in public policy economics business political science and transportation
