Fred Forest's Utopia Michael F. Leruth, 2017-09-08 France's most famous unknown artist the innovative media provocateur Fred Forest precursor of Eduardo Kac Jodi the Yes Men RT Mark and the Guerilla Girls The innovative French media artist and prankster provocateur Fred Forest first gained notoriety in 1972 when he inserted a small blank space in Le Monde called it 150 cm² of Newspaper 150 cm² de papier journal and invited readers to fill in the space with their own work and mail their efforts to him In 1977 he satirized speculation in both the art and real estate markets by offering the first parcel of officially registered artistic square meters of undeveloped rural land for sale at an art auction Although praised by leading media theorists Vilém Flusser lauded Forest as the artist who pokes holes in media Forest's work has been largely ignored by the canon making authorities Forest calls himself France's most famous unknown artist In this book Michael Leruth offers the first book length consideration of this iconoclastic artist examining Forest's work from the 1960s to the present Leruth shows that Forest chooses alternative platforms newspapers mock commercial ventures video based interactive social interventions media hacks and hybrids and more recently the Internet that are outside the exclusive precincts of the art world A fierce critic of the French contemporary art establishment Forest famously sued the Centre Pompidou in 1994 over its opaque acquisition practices After making foundational contributions to Sociological Art in the 1970s and the Aesthetics of Communication in the 1980s the pioneering Forest saw the Internet as another way for artists to bypass the art establishment in the 1990s Arguing that there is a strong utopian quality in Forest's work Leruth sees this utopianism not as naive or conventional but as a reverse utopianism rather than envisioning an impossible ideal Forest reenvisioned and probes the quasi utopia of our media augmented everyday reality The interface is the symbolic

The Pop Art Tradition - Responding to Mass-Culture Eric Shanes, 2019-12-09 This book offers a radically new perspective on the so called Pop Art creative dynamic that has been around since the 1950s It does so by enhancing the term Pop Art which has always been recognised as a misnomer for it obscures far more than it clarifies Instead the book connects all the art in question to mass culture which has always provided its core inspiration Above all the book suggests that this Mass Culture Art has created a new Modernist tradition which is still flourishing The book traces that tradition down the forty and more years since Pop Mass Culture Art first came into being in the 1950s and locates it within its larger historical context Naturally the book discusses the major contributors to the Pop Mass Culture Art tradition right down to the present in the process including a number of artists who have never previously been connected with so called Pop Art but who have always

been primarily interested in mass culture and who are therefore partially or totally connected with Pop Mass Culture Art The book reproduces in colour and discusses in great detail over 150 of the key works of the Pop Mass Culture Art tradition Often this involves the close reading of images whose meaning has largely escaped understanding previously The result is a book that qualitatively is fully on a level with Eric Shanes s other best selling and award winning writings Andy Warhol Gary Indiana,2010-06-29 In the summer of 1962 Andy Warhol unveiled 32 Soup Cans in his first solo exhibition at the Ferus Gallery in Los Angeles and sent the art world reeling The responses ran from incredulity to outrage the poet Taylor Mead described the exhibition as a brilliant slap in the face to America The exhibition put Warhol on the map and transformed American culture forever Almost single handedly Warhol collapsed the centuries old distinction between high and low culture and created a new and radically modern aesthetic In Andy Warhol and the Can that Sold the World the dazzlingly versatile critic Gary Indiana tells the story of the genesis and impact of this iconic work of art With energy wit and tremendous perspicacity Indiana recovers the exhilaration and controversy of the Pop Art Revolution and the brilliant tormented and profoundly narcissistic figure at its vanguard **FRANCE Major Manufacturers Directory** , Ibss: Anthropology: 1986 International Committee for Social Science Information and Documentation,1990 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences
