Bradford, 2009-11-03 With more than 60 essays A Companion to American Military History presents a comprehensive analysis of the historiography of United States military history from the colonial era to the present Covers the entire spectrum of US history from the Indian and imperial conflicts of the seventeenth century to the battles in Afghanistan and Iraq Features an unprecedented breadth of coverage from eminent military historians and emerging scholars including little studied topics such as the military and music military ethics care of the dead and sports Surveys and evaluates the best scholarship on every important era and topic Summarizes current debates and identifies areas where conflicting interpretations are in need of further study **Proceedings of the Marine Safety & Security Council** ,2013 [Icebreaking Alaska](#) Capt. Jeffrey D. Hartman USCG (ret), 2014 The Arctic is a place of great challenges and great rewards A century ago it was whale oil today it is motor oil The increasing open water in the warmer months is attracting cruise ships to tour the Arctic Significant offshore oil and natural gas deposits are of great interest to an oil dependent economy But the history of the Arctic is full of surprises for the unwary and the unprepared despite native peoples having

managed to live there for thousands of years Oil spills or maritime emergencies can and do arise a long way off from assistance Legendary Arctic storms are if anything becoming more intense and dangerous All this is in an area inaccessible by roads or by sea except for icebreakers the majority of the year It is of extreme interest to the US Coast Guard charged with protecting seafarers enforcing laws and facilitating commerce

The Teacher and the Superintendent George E. Boulter II, Barbara Grigor-Taylor, 2015-12-03 From its inception in 1885 the Alaska School Service was charged with the assimilation of Alaskan Native children into mainstream American values and ways of life Working in the missions and schools along the Yukon River were George E Boulter and Alice Green his future wife Boulter a Londoner originally drawn to the Klondike had begun teaching in 1905 and by 1910 had been promoted to superintendent of schools for the Upper Yukon District In 1907 Green left a comfortable family life in New Orleans to answer the call to serve in the Episcopal mission boarding schools for Native children at Anvik and Nenana where she occupied the position of government teacher As school superintendent Boulter wrote frequently to his superiors in Seattle and Washington DC to discuss numerous administrative matters and to report on problems and conditions overall From 1906 to 1918 Green kept a personal journal hitherto in private possession in which she reflected on her professional duties and her domestic life in Alaska Collected in *The Teacher and the Superintendent* are Boulter's letters and Green's diary Together their vivid first hand impressions bespeak the earnest but paternalistic beliefs of those who lived and worked in immensely isolated regions seeking to bring Christianity and civilized values to the Native children in their care Beyond shedding private light on the missionary spirit however Boulter and Green have also left us an invaluable account of the daily conflicts that occurred between church and government and of the many injustices suffered by the Native population in the face of the misguided efforts of both institutions

Furs and Frontiers In the Far North John R. Bockstoe, 2009-09-15 This comprehensive history of the native and maritime fur trade in Alaska during the eighteenth and nineteenth centuries is without precedent The Bering Strait formed the nexus of the circumpolar fur trade in which Russians British Americans and members of fifty native nations competed and cooperated The desire to dominate the fur trade fed the European expansion into the most remote regions of Asia and America and was an agent of massive change in these regions Award winning author John R Bockstoe fills a major gap in the historiography

of the area in covering the scientific commercial and foreign relations implications of the northern fur trade In addition the book provides rare insight into the relationship between the Western powers and the Native Americans who provided them with fur ivory and whalebone in exchange for manufactured goods tobacco tea alcohol and hundreds of other things But this is also the story of the enterprising individuals who energized the Alaskan fur trade and in doing so forever altered the region's history

Captain "Hell Roaring" Mike Healy Dennis L. Noble, Truman R. Strobridge, 2017-03-15 One of the Coast Guard's great heroes and the secret he kept hidden This is a book of adventure that tells how one man shaped the Alaskan frontier at a crucial time in American history Vincent William Patton Master Chief Petty Officer of the Coast Guard retired Diligent research and precise writing reveal the realities of race relations in nineteenth century America as well as the dangers loneliness and complex relationships of life at sea in that era Bernard C Nalty author of Strength for the Fight A History of Black Americans in the Military In the late 1880s many lives in northern and western maritime Alaska rested in the capable hands of Michael A Healy 1839 1904 through his service to the U S Revenue Cutter Service Healy arrested lawbreakers put down mutinies aboard merchant ships fought the smuggling of illegal liquor and firearms rescued shipwrecked sailors from a harsh and unforgiving environment brought medical aid to isolated villages prevented the wholesale slaughter of marine wildlife and explored unknown waters and lands Captain Healy's dramatic feats in the far north were so widely reported that a New York newspaper once declared him the most famous man in America But Healy hid a secret that contributed to his legacy as a lonely tragic figure In 1896 Healy was brought to trial on charges ranging from conduct unbecoming an officer to endangerment of his vessel for reason of intoxication As punishment he was put ashore on half pay with no command and dropped to the bottom of the Captain's list Eventually he again rose to his former high position in the service by the time of his death in 1904 Sixty seven years later in 1971 the U S Coast Guard learned that Healy was born a slave in Georgia who ran away to sea at age fifteen and spent the rest of his life passing for white This is the rare biography that encompasses both sea adventure and the height of human achievement against all odds

Guarding Alaska Captain Jeffrey Hartman USCG (Ret), Jeffrey D. Hartman, 2012 Alaska represents twenty percent of the land area twenty percent of the oil production forty percent of the fresh water of the United States but after Wyoming it's the least populated state Despite that contradiction the state has an abundance of natural

resources history and adventure especially for the members of the Coast Guard that oversee its massive coastline Captain Jeffrey Hartman served four tours of duty in Alaska with the Coast Guard He outlines the history of Alaska and its culture and describes his experiences overseeing a number of rescue missions there Hartman illustrates with personal experience the challenges and dangers the Service faces in carrying out its missions protecting the Alaska people environment and maritime infrastructure He flew helicopters from Coast Guard icebreakers on rescue and law enforcement missions and managed the search and rescue program on Alaska s waters Guarding Alaska explains the many important functions that the Coast Guard serves and also examines how it s changed in the wake of the September 11 terrorist attacks You ll feel like you re in the middle of the action as you gain a deeper appreciation for the state and the people who protect it **Alaska History** ,2000

Melting the Ice Curtain David Ramseur,2017-06-15 Just five years after a Soviet missile blew a civilian airliner out of the sky over the North Pacific an Alaska Airlines jet braved Cold War tensions to fly into tomorrow Crossing the Bering Strait between Alaska and the Russian Far East the 1988 Friendship Flight reunited Native peoples of common languages and cultures for the first time in four decades It and other dramatic efforts to thaw what was known as the Ice Curtain launched a thirty year era of perilous yet prolific progress Melting the Ice Curtain tells the story of how inspiration courage and persistence by citizen diplomats bridged a widening gap in superpower relations David Ramseur was a first hand witness to the danger and political intrigue having flown on that first Friendship Flight and having spent thirty years behind the scenes with some of Alaska s highest officials As Alaska celebrates the 150th anniversary of its purchase and as diplomatic ties with Russia become perilous Melting the Ice Curtain shows that history might hold the best lessons for restoring diplomacy between nuclear neighbors **Shanghaiing Sailors** Mark Strecker,2014-05-19 Shanghaiing or forcing a man to join the

crew of a merchant ship against his will plagued seafarers the world over between 1849 and 1915 Perpetrators were known as crimps and they had no respect for a man s education social status race religion or seafaring experience The merchant ships were involved in the opium tea and gold trades and the practice was spurred by the opening of the Suez Canal A major reason for it was a shortage of sailors and the unwillingness of seamen to sail on certain types of ships They suffered from great deprivations all for a paltry sum usually squandered during shore leave Navies and pirates had their own form of shanghaiing called impressment This work explores the rich history of shanghaiing and impressment with a focus on victims and also considers the 19th century seafarer and the circumstances that made shanghaiing so lucrative *More Than God Demands* Anthony Urvina,Sally Urvina,2016-03-15 Near the turn of the twentieth century the territorial government of Alaska put its support behind a project led by Christian missionaries to convert Alaska Native peoples and along the way bring them into civilized American citizenship Establishing missions in a number of areas inhabited by Alaska Natives the program was an explicit attempt to erase ten thousand years of Native culture and replace it with Christianity and an American frontier ethic Anthony Urvina whose mother was an orphan raised at one of the missions established as part of this

program draws on details from her life in order to present the first full history of this missionary effort Smoothly combining personal and regional history he tells the story of his mother s experience amid a fascinating account of Alaska Native life and of the men and women who came to Alaska to spread the word of Christ confident in their belief and unable to see the power of the ancient traditions they aimed to supplant The Tlingit Encounter with Photography Sharon

Gmelch,2008-10-31 Based on research in 13 North American archives including the Penn Museum s Shotridge Collection examination of hundreds of photographs and extensive oral history interviews with both Tlingit and non Natives Sharon Bohn Gmelch presents valuable insights on the reactions of Native subjects to being photographed and their own early use of photography Today these now historical images are being reclaimed from public archives by the Tlingit contributing to a new sense of empowerment and pride in their rich heritage This is the first book to explore the photographic imagery of the Tlingit during a critical period of change from the 1860s through the 1920s It also provides the first full treatment of the Tlingit photography of Elbridge W Merrill a neglected figure in the history of ethnographic photography The author has included 129 rare photographic images a map bibliography and index BOOK JACKET **United States Naval Institute**

Proceedings ,1999 **Alone Against the Arctic** Anthony Dalton,2011-02-01 In the summer of 1984 Anthony Dalton embarked on a near fatal voyage in a small open boat along the wild northwest coast of Alaska attempting a solo transit of the Northwest Passage His sea quest ran parallel to an arduous relief expedition undertaken in 1897 98 when the officers of the US cutter Bear set out to reach eight whaling ships that were stranded in thick ice their crews on the verge of starvation Both journeys are depicted in this captivating adventure tale and Dalton s gripping description of his encounter with an icy hell explores the irresistible lure of risk and challenge that continues to draw adventurers to the Arctic a place like no other
