Women Writers of the American West, 1833-1927 Nina Baym, 2012-08-17 This book recovers the names and works of women who wrote about the American West during the nineteenth and early twentieth centuries some of them long forgotten and others better known such as Willa Cather and Mary Austin Holley It reveals how the authors showed women making lives for themselves in the West how they represented the diverse region and how they represented themselves

Ethics of Alaska Travel Writing since 1959 Benjamin Ferguson, 2025-08-28 This book digs into environmental themes in Alaska travel writing since U S statehood in 1959 drawing on the works of six authors including Barry Lopez Jonathan Raban Tom Lowenstein and others Each work though disparate in style advocates for the empowerment of the Alaska Native people by connecting not only with diverse perspectives but with the lived realities in the geographical spaces that have formed them In analyzing how these authors have succeeded in depicting the realities of alterities and where they have perhaps fallen short by more recent standards we may begin to carve out a system of ethics This is important as fresh waves of travel writers search for their own place in the environmental conversations surrounding the ever evolving 21st century Arctic and its place on the front lines of a changing climate

In Darkest Alaska Robert Campbell, 2011-06-03 Before Alaska became a mining bonanza it was a scenic bonanza a place larger in the American imagination than in its actual borders Prior to the great Klondike Gold Rush of 1897 thousands of scenic adventurers journeyed along the Inside Passage the nearly thousand mile sea lane that snakes up the Pacific coast from Puget Sound to Icy Strait Both the famous including wilderness advocate John Muir landscape painter Albert Bierstadt and photographers Eadweard Muybridge and Edward Curtis and the long forgotten a gay ex sailor a former society reporter an African explorer and a neurasthenic Methodist minister returned with fascinating accounts of their Alaskan journeys becoming advance men and women for an expanding United States In Darkest Alaska explores the popular images conjured by these travelers tales as well as their influence on the broader society Drawing on lively firsthand accounts archival photographs maps and other ephemera of the day historian Robert Campbell chronicles how Gilded Age sightseers were inspired by Alaska's bounty of evolutionary treasures tribal artifacts geological riches and novel thrills to produce a wealth of highly imaginative reportage about the territory By portraying the territory as a Last West ripe for American conquest tourists helped pave the way for settlement and exploitation

Looking for Alaska Peter Jenkins, 2014-03-18 More than twenty years ago a disillusioned college graduate named Peter Jenkins set out with his dog Cooper to look for himself and his nation His memoir of what he found *A Walk Across America* captured the hearts of millions of Americans Now Peter is a bit older married with a family and his journeys are different than they were Perhaps he is looking for adventure perhaps inspiration perhaps new communities perhaps unspoiled land Certainly he found all of this and more in Alaska America's last wilderness *Looking for Alaska* is Peter's account of eighteen months spent traveling over twenty thousand miles in tiny bush planes on snow machines and snowshoes in fishing boats and kayaks on the Alaska Marine Highway and the Haul Road searching for what defines Alaska Hearing the amazing stories of many real Alaskans from Barrow to Craig Seward to Deering and everywhere in between Peter gets to know this place in the way that only he can His resulting portrait is a rare and unforgettable depiction of a dangerous and beautiful land and all the people that call it home He also took his wife and eight year old daughter with him settling into a home base in Seward on the Kenai Peninsula coming and going from there and hosting the rest of their family for extended visits The way his family lived how they made Alaska their home and even participated in Peter's explorations is as much a part of this story as Peter's own travels All in all Jenkins delivers a warm funny awe inspiring and memorable diary of discovery both of this place that captures all of our imaginations and of himself all over again
