Medina Cordova,2022 How are contemporary authors reimagining the idea of Ecuador following the worst financial crisis in the nation s history and how do countries on the periphery of the global literary market challenge and enrich World Literature Winner of the 2020 21 AHGBI Spanish Embassy Publication Prize In March 1999 in an effort to stave off financial collapse the Ecuadorian government suspended all banking operations and froze all bank accounts in the country for a period of five days This episode the Feriado Bancario represents the peak of the worst financial crisis in the nation s history and one which had far reaching and long last effects on society politics the economy and cultural production The very idea of Ecuador was transformed as Ecuador became a country marked by constant interaction with the world beyond its borders This book explores how contemporary Ecuadorian authors are reimagining the nation following the Feriado Bancario Starting from a rereading of Ecuador s national novel Jorge Icaza s Huasipungo 1930 which saw the nation as rooted in the land the book examines post crisis fiction which offers an image of Ecuador as a transnational space It posits that these novels Eli cer C rdenas El oscuro final del Porvenir 2000 Leonardo Valencia s Kazbek 2008 Carlos Arcos Memorias de Andr s Chiliquinga 2013 and Gabriela Alem n s Humo 2017 both reflect and explain the new reality of Ecuador as a nation that can no longer be defined by its territory At the same time the book uses the Ecuadorian case to challenge the conceptualisation of Latin American literature as post national and to show how countries on the periphery of the global literary market can from the very fact of their minoritarian position enrich and better define World Literature
