Aleph Isn't Enough Linda Motzkin, Hara Person, 2001 **Aleph Isn't Enough: Hebrew for Adults Book 2** Behrman House, 2001 This is the second book in the URJ's program for Hebrew learning for adults **Aleph Isn't Enough** Linda Motzkin, 2001 Role in Jewish tradition text and prayer Teacher's Guide for Aleph Isn't Enough Linda Motzkin, 2001

Making Prayer Real Mike Comins, 2010 Join over fifty Jewish spiritual leaders from all denominations in a candid conversation about the why and how of prayer how prayer changes us and how to discern a response from God In this fascinating forum they share the challenges of prayer what it means to pray how to develop your own personal prayer voice and how to rediscover meaning and God's presence in the traditional Jewish prayer book Book jacket *Aleph Isn't Enough* Linda Motzkin, 2002 Role in Jewish tradition text and prayer *The Sacred Calling* Rebecca Einstein Schorr, Alys Mendelson Graf, 2016-05-17 Women have been rabbis for over forty years No longer are women rabbis a unique phenomenon rather they are part of the fabric of Jewish life In this anthology rabbis and scholars from across the Jewish world reflect back on the historic significance of women in the rabbinate and explore issues related to both the professional and personal lives of women rabbis This collection examines the ways in which the reality of women in the rabbinate has impacted on all aspects of Jewish life including congregational culture liturgical development life cycle ritual the Jewish healing movement spirituality theology and more Published by CCAR Press a division of the Central Conference of American Rabbis

American Reform Judaism Dana Evan Kaplan, 2003-04-29 The only comprehensive and up to date look at Reform Judaism this book analyzes the forces currently challenging the Reform movement now the largest Jewish denomination in the United States To distinguish itself from Orthodox and Conservative Judaism the Reform movement tries to be an egalitarian open and innovative version of the faith true to the spirit of the tradition but nonetheless fully compatible with modern secular life Promoting itself in this way Reform Judaism has been tremendously successful in recruiting a variety of people intermarried families feminists gays and lesbians and interracial families among others who resist more traditional forms of worship As an unintended result of this success the movement now struggles with an identity crisis brought on by its liberal theology which teaches that each Jew is free to practice Judaism more or less as he or she pleases In the absence of the authority that comes from a theology based on a commanding all powerful God can Reform Judaism continue to thrive Can it be broadly inclusive and still be uniquely and authentically Jewish Taking this question as his point of departure Dana Evan Kaplan provides a broad overview of the American Reform movement and its history theology and politics He then takes a hard look at the challenges the movement faces as it attempts to reinvent itself in the new millennium In so doing Kaplan gives the reader a sense of where Reform Judaism has come from where it stands on the major issues and where it may be going Addressing the issues that have confronted the movement including the ordination of women acceptance of homosexuality the problem of assimilation the question of rabbinic officiation at intermarriages the struggle for acceptance in Israel and Jewish education

and others Kaplan sheds light on the connection between Reform ideology and cultural realities He unflinchingly yet optimistically assesses the movement's future and cautions that stormy weather may be ahead **Books In Print**

their abilities to master the branch of mathematics they need in their work In either case the fear of and revulsion to mathematics felt by these readers usually stem from their earlier frustrating encounters with it vii viii PREFACE This book will show these readers that these fears frustrations and general antipathy are unwarranted for as stated it is not a textbook full of long boring proofs and hundreds of problems rather it is an intellectual adventure to be read with pleasure It was written to be easily accessible and with concern for the mental tranquility of the reader who will experience considerable fulfillment when he she sees the simplicity of basic mathematics The emphasis throughout this book is on the clear explanation of mathematical concepts
