Picture Trade Review ,1952 Ghost Image Hervé Guibert,2022-12-22 A memoir and love letter to the medium containing essays on photography and artistic life from the French photographer and author Los Angeles Review of Books Ghost Image is made up of sixty three short essays meditations memories fantasies and stories bordering on prose poems and not a single image Herv Guibert s brief literary rumination on photography was written in response to Roland Barthes s Camera Lucida but its deeply personal contents go far beyond that canonical text Both a memoir and an exploration of the artistic process Ghost Image not only reveals Guibert s particular experience as a gay artist captivated by the transience and physicality of his media and his life but also his thoughts on the more technical aspects of his vocation In one essay Guibert searches through a cardboard box of family portraits for clues answers or even questions about the lives of his parents and more distant relatives In other essays he explains how he composes his photographs and how in writing he seeks to escape and correct the inherent limits of his technique to preserve those images lost to his technical failings as a photographer With strains of Jean Genet and recurring themes that speak to the work of contemporary artists across a range of media Guibert s Ghost Image is a beautifully written melancholic ode to existence and art forms both fleeting and powerful a unique memoir at the nexus of family memory desire and photography Quick candid and exquisitely felt Publishers Weekly A lyrical elegiac celebration of the medium and its implications provocative and highly original Kirkus Reviews
