By discussing the exegetical literature of the Byzantines as embedded in the socio-cultural context of the Komnenian and Palaiologan periods, the book analyses the frameworks and networks of knowledge transfer, patronage and identity building that motivated the Byzantine engagement with the ancient intellectual and literary tradition. **Sophocles:** Oxford Bibliographies Online Research Guide Oxford University Press, 2010-05-01 This ebook is a selective guide designed to help scholars and students of the ancient world find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear: from books, chapters and journal articles to online archives, electronic data sets and blogs. Aristophanes and His Tragic Muse Stephanie Nelson, 2016-02-15 Despite the many studies of Greek comedy and tragedy separately scholarship has generally neglected the relation of the two And yet the genres developed together were performed together and influenced each other to the extent of becoming polar opposites In *Aristophanes and His Tragic Muse* Stephanie Nelson considers this opposition through an analysis of how the genres developed by looking at the tragic and comic elements in satyr drama and by contrasting specific Aristophanes plays with tragedies on similar themes such as the individual the polis and the gods The

The Athenaeum, 1890

Harper's Dictionary of Classical Literature and Antiquities Harry Thurston Peck, 1896

Euripides and the Myth of Perseus P.J. Finglass, 2024-08-05 A recently published second century papyrus P Oxy 5283 contains prose summaries hypotheses of six plays by the Greek dramatist Euripides including two lost plays depicting the hero Perseus Dictys and Dana This book demonstrates the significance of this discovery for our understanding of Greek tragedy After setting out the mythological and dramatic context and offering a new text and translation based on autopsy the book analyses the light which the papyrus sheds on these plays whose narratives centred on female resistance to abusive male tyrants speak as powerfully to us today

as they did to their original audiences It then investigates Euripides tragic trilogy of 431 BC which ended with Dictys and began with Medea whose dramatic power now stands in sharper focus given our improved understanding of the production in which it originally appeared Finally it ponders the purpose which these hypotheses served and why readers in the second century AD should have wanted a summary of plays written more than half a millennium before All Greek and Latin is translated making the book accessible not just to classicists but to theatre historians and to anyone interested in Greek literature drama and mythology The Plays of Sophocles ,1991 No Marketing Blurb A Structural Commentary on the So-Called Antilegomena Kalina Wojciechowska,Mariusz Rosik,2024-06-17 The structural approach facilitates exposure of the elements of eschatological teaching characteristic of 2 Peter s author with its correct or incorrect interpretation Narratives drawn from Jewish tradition aim to show two attitudes towards the announcement of destruction a positive attitude signifying salvation and a negative attitude signifying annihilation This pattern is transferred to the attitude towards prophetic and apostolic eschatological teaching Part 1 of the commentary 2 Pet 1 2 focuses on the misinterpretation of this teaching by false teachers and their followers Their eschatological scepticism is ridiculed and their grim fate described As the starting point for this description and Peter s whole line of argumentation 2 Pet 2 3b is taken the thesis is that God s inaction is only apparent while judgment and punishment are inevitable although only God knows when they will be executed Part 2 of the commentary 2 Pet 3 focuses on the proper interpretation of this teaching and on laying out the principles of the letter author s hermeneutics This hermeneutic construes texts from Jewish tradition as foreshadowing and typologies of eschatological events In explaining the principles of his hermeneutic the letter s author drew on the creation story which Jewish apocalypticism read inversely to mark that the eschatological hermeneutics is rooted in tradition The starting point of Peter s line of argumentation was taken to be 2 Pet 3 5 7 with its thesis of God s creative and destructive word and God s sovereign will regarding the preservation of creation and the appointment of the time of judgement This thesis explains the apparent lack of divine action which was also a major concern in Part 1 of the commentary 2 Pet 1 2
