This Life's Tempestuous Sea Douglas Charles Toland,2013-06 In a weak moment I have written a book Margaret Mitchell This book is a multilayered creation that touches on a wide array of topics many of them drawn from personal experiences Indeed you the lucky reader will be blessed with enough material for at least three books within one cover Why would I want to write such a multi themed book It wasn t my original intention Maybe I ve learned an important lesson and won t do so next time Like many older folks I wanted to share what I have learned to be true and useful and couldn t seem to stay with a single topic I ve lived long enough to confirm an important realization the gleanings from a well lived life are at

least as important as knowledge gained vicariously through reading and classroom attendance But I think most people don't fully appreciate the value of their life lessons and end up taking most of them to the grave I want to counter that pattern and use this book to share as many of my gleanings as I can I also recognize several imminent dangers facing this nation and our planet and feel compelled to share these concerns Just as important I want my wife children and grandchildren to know more about who I was and who I've come to be I hope they will have occasions to use some of my wisdom
