Albert Schweitzer The Man His Mind:

Albert Schweitzer George Seaver, 1951 *Albert Schweitzer, the Man and His Mind* George Seaver, 1948 **Albert Schweitzer. The Man and His Mind, Etc. [With Plates, Including Portraits.]** George Seaver, 1947 **Albert Schweitzer, the Man and His Mind** George Seaver, 1947 **Albert Schweitzer** George Seaver, 2016-11-11 The definitive biography of one of the titans of our time together with a full appreciation of his revolutionary thought and writings is now revised to include new materials on the eighth decade of Dr Schweitzer's life and work at Lambar n The book tells two exciting stories the outward events of Schweitzer's life his childhood in Alsace his career in Strasbourg his organ studies and recitals his decision to become a medical missionary in Africa and his long labors there and a review of his great intellectual and spiritual contributions his upsetting of Biblical criticism his profound insights into Christ St Paul Bach and Goethe his philosophy of civilization and reverence for life Seaver's book is without equal in opening to us simply and clearly a view of the life and mind of Schweitzer of Lambar n Africa Europe and the World Christian Century Mark this down as a great biography of a man whom many regard as our greatest living contemporary Living Church Step by step Seaver leads the reader to look at life with Schweitzer in order to understand his attitude toward Greek eudaemonism Kant Schopenhauer Nietzsche and finally the building up of his affirmation Reverence for Life Those of us who seek to understand the meaning of Schweitzer's life and thought and realized fellowship with the living Christ's must master this tiny book so filled with spiritual reality EDWARD H HUME Dr Seaver's excellent work should appeal not only to Schweitzer's many admirers but to those anxious to find a way out of the baffling labyrinth of current world conditions Christian Century This swift yet fundamental survey of one whole trend in the intellectual life of man is a remarkable piece of work It proves that Schweitzer is one of the great thinkers of our time JOHN HAYNES HOLMES [Albert Schweitzer's Ethical Vision A Sourcebook](#) Predrag Cicovacki, 2009-02-02 The philosophy of Albert Schweitzer has proved widely influential in modern thinking especially in the field of ethics His leading ethical idea can be summarized in the phrase reverence for life namely that good consists in maintaining and perfecting life and evil consists in destroying and obstructing life For Schweitzer all life is sacred Ethics thus deals with human attitudes and behavior toward all living beings Unlike many moral philosophers Schweitzer argues that knowledge of human nature does not provide a sufficient foundation for any adequate moral theory That is why he bases his ethics on much broader foundations articulated in his philosophy of civilization and the philosophy of religion Schweitzer argues that the material aspect of our civilization has become far more important than its spiritual counterpart Even organized religion has put itself in the service of politics and economy thereby losing its vitality and moral authority Schweitzer's ethics of reverence for life argues Predrag Cicovacki offers a viable alternative at a time when traditional ethical theories are found inadequate Schweitzer's robust and un dogmatic idealism may offer the best antidote to the prevailing relativism and nihilism of the postmodern epoch His ethical vision directs us toward a new way of building a more

just and more peaceful world Collecting sixteen of Schweitzer's most effective essays this volume serves as a compelling introduction to this remarkable thinker and humanist Albert Schweitzer James Brabazon, 2022-09-01 The second edition of this biography of humanitarian Albert Schweitzer has been updated to include documents discovered since the work was originally written including the letters between Schweitzer and Helene Bresslau written during the ten years before their marriage This correspondence tells of a complicated love story and throws a completely new light on Schweitzer's personality and the genesis of his decision to go to Africa The author's ongoing research has also included more recently released documents from the State Department regarding Schweitzer's battle with the United States Atomic Energy Commission to halt H bomb tests **Schweitzer** George N. Marshall, David Poling, 2000 He was an accomplished organist and interpreter of Bach a crusader for world peace and a winner of the Nobel Peace Prize He made his philosophy of reverence for life an ethic for the world The hospital he founded in Lambaré is still in operation in present day Gabon is a model of what Europeans might have given to Africans throughout colonial history But above all Albert Schweitzer 1875-1965 was a talented and compassionate human being This biography probes beyond the timeworn image of Schweitzer as the old man in the pith helmet to reveal the philosopher scholar husband father humanitarian and liberal rebel in a conservative church **The Restoration of Albert Schweitzer's Ethical Vision** Predrag Cicovacki, 2012-05-03 Argues for the continuing relevance of Albert Schweitzer's thought especially of his overarching theme of Reverence for Life The Historical Jesus in the Twentieth Century Walter P. Weaver, 1999-07-01 Written in a clear and engaging style Weaver's story chronicles not only the progress of Jesus research but also the cultural drifts and sociological phenomena that relate to the varying pictures of Jesus that scholarship has produced *History of New Testament Research, Vol. 2* William Baird, 2002-11-01 Stressing the historical and theological significance of pivotal figures and movements William Baird guides the reader through intriguing developments and critical interpretation of the New Testament from its beginnings in Deism through the watershed of the Tübingen school Familiar figures appear in a new light and important previously forgotten stages of the journey emerge Baird gives attention to the biographical and cultural setting of persons and approaches affording both beginning student and seasoned scholar an authoritative account that is useful for orientation as well as research **The Two Faces of Christianity** Richard Markham Oxtoby, 2014-08-29 Applying Eric Fromm's concept of the differences between Humanistic and Authoritarian religions The Two Faces of Christianity proposes that Christianity consists of two distinctly different religions which co-exist under the same verbal label The ethical teachings of that inspired Jewish religious genius Jesus of Nazareth which has traditionally been believed to be the core around which the religion of Christianity has been built constitute a Humanistic Religion In many parts of the Christian Church the tenets of that religion have all but disappeared under the spreading influence of the salvation theology of St Paul and his fellow travellers Examination of the guilt-ridden mind of St Paul to whom the authorship of nearly half of the 27 books of the New Testament

has been attributed throws revealing light on how this process has taken place Paul's notoriously neurotic anxieties about sex are just one of the more striking manifestations of the psychopathology of his split personality which has been a major influence in the process by which the Humanistic religion of Jesus has been transformed into an oppressive Authoritarian one

Helene Schweitzer Patti M. Marxsen, 2015-05-04 Born in Berlin Helene Schweitzer came of age in Strasbourg during a time of great social architectural and historical developments It was in this cultural milieu as a history professor's daughter that Helene met a young pastor named Albert Schweitzer 1875-1965 and developed a deep friendship that flourished for a decade before their marriage in 1912 During those years she served as the first woman Inspector of City Orphanages in Strasbourg a position she held for four years before becoming a certified nurse She also edited and proofread a number of Schweitzer's books in multiple fields as they worked together to realize their shared dream of devoting their lives to humanity Together in 1913 Albert and Helene Schweitzer founded what is now the longest running hospital established by Europeans in Africa the Albert Schweitzer Hospital in current day Gabon With her quiet strength clear sense of purpose independent spirit and wide range of skills and talents Helene was a model for many other women who later served the Schweitzer Hospital Drawing upon the couple's lifelong correspondence as well as Helene's journals and professional writing Marxsen reveals a modern woman of courage in dark times whose resilient optimistic spirit allowed her to leave a lasting legacy that has yet to be fully understood Helene Schweitzer's dramatic life reveals deeper questions of how memory is influenced by gender assumptions and how biography is shaped by place and history By providing a counter narrative to the traditional image of a frail woman who sacrificed her life to her husband's genius this richly detailed chronicle of a little known figure invites a larger discussion about the meaning of a woman's life obscured by a partner's fame *Albert Schweitzer's Reverence for Life* Walt Martin, Magda Ott, 2017-07-13 Acclaim for this book Deluxe color version His Holiness The Dalai Lama exceptionally important Dr Albert Schweitzer's philosophy focusing on reverence for life and campaign against nuclear weapons that naturally flows from it remain sources of great inspiration today Dr Jane Goodall DBE founder Jane Goodall Institute UN Messenger of Peace Turn to this beautiful book for inspiration for hope for renewed faith in your own ability to make a difference for people animals and the human community I can't think of a better way to spend time than this wonderful book Mikhail Gorbachev The book *Albert Schweitzer Reverence for Life* can not be more timely It is not just a tribute to one of mankind's Giants of Human Spirit it is also a tocsin that appeals to our conscience *The Living Church*, 1946 *The Rights of Nature* Roderick Frazier Nash, 1989-01-17 Charting the history of contemporary philosophical and religious beliefs regarding nature Roderick Nash focuses primarily on changing attitudes toward nature in the United States His work is the first comprehensive history of the concept that nature has rights and that American liberalism has in effect been extended to the nonhuman world A splendid book Roderick Nash has written another classic This exploration of a new dimension in environmental ethics is both illuminating and overdue Stewart Udall His account
