**Reading Biography** Carl Rollyson, 2004 Most book reviewers know very little about the history or the art of biography Indeed if there is any art in biography it is the rare reviewer that acknowledges it or knows how to discuss it Usually the reviewer regards biography as an occasion to wax eloquent about what he or she thinks of the subject Little space if any is devoted to the biography's structure or style to the biographer's peculiar problems or to how the biography relates to others about the same subject Carl Rollyson a professional biographer and weekly columnist On Biography for The New York Sun explores the ramifications of authorized and unauthorized biographies investigates the relationship between biography and history biography and fiction biography and autobiography as well commenting on certain perennial biographical subjects such as Napoleon on sub genres such as children's biography and on the most recent developments in life writing Rollyson's aim is to reach not merely scholars but that vast general audience addicted to reading biography enhancing their pleasure by providing insight or you might say the inside word on how biographies are put together

**Thinking Art** Antoon van den Braembussche, 2009-09-29 In the twentieth century avant garde movements have pushed the concept of art far beyond its traditional boundaries In this dynamical process of constant renewal the prestige of thinking about art as a legitimizing practice has come to the fore So it is hardly surprising that the past decades have been characterized by a revival or even breakthrough of philosophy of art as a discipline However the majority of books on aesthetics fail to combine a systematical philosophical discourse with a real exploration of art practice Thinking Art attempts to deal with this traditional shortcoming It is indeed not only an easily accessible and systematic account of the classical modern and postmodern theories of art but also concludes each chapter with an artist's studio in which the practical relevance of the discussed theory is amply demonstrated by concrete examples Moreover each chapter ends with a section on further reading in which all relevant literature is discussed in detail Thinking Art provides its readers with a theoretical framework that can be used to think about art from a variety of perspectives More particularly it shows how a fruitful cross fertilization between theory and practice can be created This book can be used as a handbook within departments of philosophy history of art media and cultural studies cultural history and of course within art academies Though the book explores theories of art from Plato to Derrida it does not presuppose any acquaintance with philosophy from its readers It can thus be read also by artists art critics museum directors and anyone interested in the meaning of art

**Magical Objects** Elmar Schenkel, Stefan Welz, 2007

**Dark Toys** David Hopkins, 2021-01-01 A wide ranging look at surrealist and postsurrealist engagements with the culture and imagery of childhood We all have memories of the object world of childhood For many of us playthings and images from those days continue to resonate Rereading a swathe of modern and contemporary artistic production through the lens of its engagement with childhood this book blends in depth

art historical analysis with sustained theoretical exploration of topics such as surrealist temporality toys play nostalgia memory and 20th century constructions of the child The result is an entirely new approach to the surrealist tradition via its engagement with childish things Providing what the author describes as a long history of surrealism this book plots a trajectory from surrealism itself to the art of the 1980s and 1990s through to the present day It addresses a range of figures from Marcel Duchamp Giorgio de Chirico Max Ernst Hans Bellmer Joseph Cornell and Helen Levitt at one end of the spectrum to Louise Bourgeois Eduardo Paolozzi Claes Oldenburg Susan Hiller Martin Sharp Helen Chadwick Mike Kelley and Jeff Koons at the other

*Psychoanalysis And The Humanities* Laurie Adams, Jacques Szaluta, 2013-08-21 First published in 1996 Written by distinguished artists and scholars with psychoanalytic training this seminal collection of essays spans the humanities painting sculpture literature history anthropology and philosophy illustrating how psychoanalytic thinking can power fully enhance these disciplines The essayists address a question first posed by Freud in his 1919 article Should Psychoanalysis Be Taught at the University With a resounding Yes they underline the intellectual enrichment to be gained from the application of the psychoanalytic method to humanistic disciplines and conversely the need for contemporary psychoanalysts to acquire the kind of historical and classical education taken for granted by their counterparts earlier in this century

**Art and Mourning** Esther Dreifuss-Kattan, 2016-03-10 Art and Mourning explores the relationship between creativity and the work of self mourning in the lives of 20th century artists and thinkers The role of artistic and creative endeavours is well known within psychoanalytic circles in helping to heal in the face of personal loss trauma and mourning In this book Esther Dreifuss Kattan a psychoanalyst art therapist and artist analyses the work of major modernist and contemporary artists and thinkers through a psychoanalytic lens In coming to terms with their own mortality figures like Albert Einstein Louise Bourgeois Paul Klee Eva Hesse and others were able to access previously unknown reserves of creative energy in their late works as well as a new healing experience of time outside of the continuous temporality of everyday life Dreifuss Kattan explores what we can learn about using the creative process to face and work through traumatic and painful experiences of loss Art and Mourning will inspire psychoanalysts and psychotherapists to understand the power of artistic expression in transforming loss and traumas into perseverance survival and gain Art and Mourning offers a new perspective on trauma and will appeal to psychoanalysts and psychotherapists psychologists clinical social workers and mental health workers as well as artists and art historians

*Between Couch and Piano* Gilbert J. Rose, 2014-04-08 Between Couch and Piano links well established psychoanalytic ideas with historical and neurological theory to help us begin to understand from a psychoanalytic perspective some of the reasons behind music s ubiquity and power

Judaism and the Visual Image Melissa Raphael, 2019-09-19 The widespread assumption that Jewish religious tradition is mediated through words not pictures has

left Jewish art with no significant role to play in Jewish theology and ethics Judaism and the Visual Image argues for a Jewish theology of image that among other things helps us re read the creation story in Genesis 1 and to question why images of Jewish women as religious subjects appear to be doubly suppressed by the Second Commandment when images of observant male Jews have become legitimate even iconic representations of Jewish holiness Raphael further suggests that devout beholding of images of the Holocaust is a corrective to post Holocaust theologies of divine absence from suffering that are infused by a sub theological aesthetic of the sublime Raphael concludes by proposing that the relationship between God and Israel composes itself into a unitary dance or moving image by which each generation participates in a processive revelation that is itself the ultimate work of Jewish art
