**Aldo en Hannie van Eyck** Peter Buchanan, Liane Lefaivre, Alexander Tzonis, 1989      **Aldo en Hannie van Eyck**, 1989  
Feature Aldo and Hannie van Eyck: ESTEC, history: Marc Treib, 1991      Aldo Van Eyck Robert McCarter, 2015-01-01  
Robert McCarter provides a comprehensive study of Aldo van Eyck's 50 year career guiding readers through the architect's buildings and unrealised projects with a focus on the interior spatial experience as well as the design and construction processes. He investigates how van Eyck's writings and lectures convey the importance of architecture in the everyday lives of people around the world and throughout history and by presenting the architect's design work together with the principles on which it was founded illuminates van Eyck's ethical interpretation of architecture's place in the world      **2005 ACSA SW Regional Proceedings - IMPROVISATION** Southwestern Region, 2006-05 2005 ACSA SW Regional Proceedings IMPROVISATION Lafayette LA      *Works* Aldo van Eyck, 1999 For the present publication the architect opened his substantial archive and provided unpublished original texts, plans and photographs. All main buildings and projects from 1944 to the present day are documented in depth. Back dust cover      **Aldo and Hannie Van Eyck. Excess of Architecture** Aldo van Eyck, 2023 An essential survey of the Architectural works of Aldo Hannie van Eyck. Known as the father of Dutch modernism, Aldo van Eyck was instrumental in defining the landscape of postwar architecture. His designs foregrounded the importance of the lived experience of the inhabitants of each building and these social concerns are clearly apparent in the choice of projects profiled in this book. Beginning with iconic works such as the public playgrounds of Amsterdam whose minimalist aesthetic style was designed to stimulate creative play and which ultimately influenced generations of children across the world, this publication also showcases less known later works. The boldly colourful ESTEC communal building and the Court of Audit in The Hague with its undulating facade. 24 key works which were developed in collaboration with his wife and partner Hannie van Eyck are presented through full bleed photographs as well as site plans and elevations. These include iconic works that made their name such as the public playgrounds of Amsterdam and the municipal orphanage composed of multiple modules on one level. Their later work of the 1980s and 1990s which includes the boldly colourful ESTEC communal building and Court of Audit in The Hague      *Built with Colour* Izak Salomons, Aldo van Eyck, 1999-01-01      **Makers of 20th-Century Modern Architecture** Donald Leslie Johnson, Donald Langmead, 2013-05-13 Makers of 20th Century Modern Architecture is an indispensable reference book for the scholar, student, architect or layman interested in the architects who initiated, developed or advanced modern architecture. The book is amply illustrated and features the most prominent and influential people in 20th century modernist architecture including Wright, Eisenman, Mies van der Rohe and Kahn. It describes the milieu in which they practiced their art and directs readers to information on the life and creative activities of these founding architects and their disciples. The profiles of individual architects include critical analysis of their major buildings and projects. Each profile is completed by a comprehensive bibliography      *Aldo Van Eyck's Orphanage* Francis
