Life in Linguistics Gabriela Alboiu, Daniela Isac, Alexandru Nicolae, 2022-01-01 Alexandra Cornilescu is an internationally renowned linguist whose pioneering ideas have been influential in developing generative grammar in Romania Europe and beyond. The weightiness of her contributions to the field is matched only by her talent for disseminating them. Ever since 1970 when she started teaching at the University of Bucharest she has continuously played a tireless and inspirational role in the creation of several generations of linguists which the academic world has come to admiringly refer to as The Bucharest School. As the initiator of the AICED conference held annually in the English Department at the University of Bucharest she has turned it into one of the leading platforms of generative linguistics in Europe. She has published extensively on Romanian and English linguistics and is also the founder and past editor of the journal Bucharest Working Papers in Linguistics. On the occasion of her 75th birthday her friends students and colleagues celebrate Alexandra Cornilescu's work with this collection of essays on various topics of current theoretical interest.
