Aisling Of Eire:

Aisling of Eire Dorothy Keddington, 2019-10-18 Aisling of Eire Dorothy M. Keddington, 2002 The author embarked on a four year journey of research and discovery including two trips to Ireland and hours of genealogical study to find her lost Irish ancestors *Poetry and Jacobite Politics in Eighteenth-Century Britain and Ireland* Murray G. H. Pittock, 2006-11-02 The project of this book is to question and rewrite assumptions about the nature of the Augustan era through an exploration of Jacobite ideology Taking as its starting point the fundamental ambivalence of the Augustan concept the author studies canonical and non canonical literature and uncovers a new four nations literary history of the period defined in terms of struggle for control of the language of authority between Jacobite and Hanoverian writers This struggle is seen to have crystallized Irish and Scottish opposition to the British state The Jacobite cause generated powerful popular literature and the sources explored include ballads broadsides and writing in Scots Irish Welsh and Gaelic The author concludes that the literary history we inherit is built on the political outcome of the Revolution of 1688 **Seamus Heaney and the Emblems of Hope** Karen Marguerite Moloney, 2007 Explores Seamus Heaney s adaptation of the Celtic ritual known as the Feis of Tara demonstrates the sovereignty motif s continued relevance in works by Irish poets Thomas Kinsella John Montague Eavan Boland and Nuala Ni Dhomhnaill and refutes criticism that charges sexism and overemphasizes sacrifice in Heaney s poetry Provided by publisher **On Strangeness** Margaret Bridges, 1990 *Journal of the Cork Historical and Archaeological Society* Cork Historical and Archaeological Society, 1894 *The Future of Modernism* Hugh Witemeyer, 1997 Argues for the complex and vital legacy of major modernist authors Tiresian Poetics Ed Madden, 2008 Blind seer articulate dead and mythic transsexual the figure of Tiresias has always represented a liminal identity and forms of knowledge associated with the crossing of epistemological and ontological boundaries In twentieth century literature the boundaries crossed and embodied by Tiresias are primarily sexual and the liminal and usually prophetic knowledge associated with Tiresias is based in sexual difference and sexual pleasure Indeed in literature of the twentieth century Tiresias has come to function as a cultural shorthand for queer sexualities This book argues for the emergence of a Tiresian poetics at the end of the nineteenth century As Victorian and modernist writers reimagined Ovid s tale of sex change and sexual judgment they also created a poetics that grounded artistic or performative power in figures of sexual difference most often a feminized often homosexual male body which this study links to the developing discourses of homosexuality and sexual identity BOOK JACKET Measgra i Gcuimhne Mhichíl Uí Chléirigh Sylvester O'Brien, 1944 Ireland, France, and the Atlantic in a Time of War Thomas M. Truxes, 2017-04-21 In March 1757 early in the Seven Years War a British privateer intercepted an Irish ship the Two Sisters of Dublin as it returned home from Bordeaux with a cargo of wine and French luxury goods Amongst the cargo seized were 125 letters from members of the Irish expatriate community which were to lay undisturbed in the British archives for the next 250 years Re discovered in 2011 by Dr Truxes this cache of mostly unopened letters provides a colorful

Crosson,2021-02-03 The oldest records indicate that the performance of poetry in Gaelic Ireland was normally accompanied by music providing a point of continuity with past tradition while bolstering a sense of community in the present Music would also offer particularly for poets writing in English from the eighteenth century onwards a perceived authenticity a connection with an older tradition perceived as being untarnished by linguistic and cultural division While providing an innovative analysis of theoretical work in music and literary studies this book examines how traditional Irish music including the related song tradition primarily in Irish has influenced and is apparent in the work of Irish poets While looking generally at where this influence is evident historically and in contemporary Irish poetry this work focuses primarily on the work of six poets three who write in English and three who write primarily in the Irish language Thomas Kinsella Seamus Heaney Ciaran Carson Gear id Mac Lochlainn Nuala N Dhomhnaill and Cathal Searcaigh *Postnationalist Ireland* Richard

Kearney,2002-11 This work provides a recasting of contemporary Irish politics culture literature and philosophy by examining the concept of absolute national sovereignty and asking if it is a luxury we can afford in the new emerging Europe

Cupid and Psyche Regine May,Stephen J. Harrison,2020-02-24 Apuleius tale of Cupid and Psyche has been popular since it was first written in the second century CE as part of his Latin novel *Metamorphoses* Often treated as a standalone text Cupid and Psyche has given rise to treatments in the last 400 years as diverse as plays masques operas poems paintings and novels with a range of diverse approaches to the text Apuleius story of the love between the mortal princess Psyche or Soul and the god of Love has fascinated recipients as varied as Romantic poets psychoanalysts children s books authors neo Platonist philosophers and Disney film producers These readers themselves produced their own responses to and versions of the story This volume is the first broad consideration of the reception of C P in Europe since 1600 and an adventurous interdisciplinary undertaking It is the first study to focus primarily on material in English though it also ranges widely across literary genres in Italian French and German encompassing poetry drama and opera as well as prose fiction and art history studied by an international team of established and young scholars Detailed studies of single works and of whole genres make this book relevant for students of Classics English Art History opera and modern film **A Selection of Moore's**

Melodies Thomas Moore,1879 *Mere Irish & Fíor-ghael* Joseph Theodoor Leerssen,1986-01-01 The aim of this investigation is to reconsider the cultural confrontation between England and Ireland from a new methodological perspective and to trace how this confrontation resulted in a particular notion literary as well as political of Irish nationality **Scottish and Irish Romanticism** Murray Pittock,2011-05-19 Scottish and Irish Romanticism is the first single author book to address the main non English Romanticisms of the British Isles Murray Pittock begins by questioning the terms of his chosen title as he searches for a definition of Romanticism and for the meaning of national literature He proposes certain determining triggers for the recognition of the presence of a national literature and also deals with two major problems which are holding back the development of a new and broader understanding of British Isles Romanticisms the survival of outdated

assumptions in ostensibly more modern paradigms and a lack of understanding of the full range of dialogues and relationships across the literatures of these islands The theorists whose works chiefly inform the book are Bakhtin Fanon and Habermas although they do not define its arguments and an alertness to the ways in which other literary theories inform each other is present throughout the book Pittock examines in turn the historiography prejudices and assumptions of Romantic criticism to date and how our unexamined prejudices still stand in the way of our understanding of individual traditions and the dialogues between them He then considers Allan Ramsay s role in song collecting hybridizing high cultural genres with broadside forms creating in synthetic Scots a language really used by men and promoting a domestic public sphere Chapters 3 and 4 discuss the Scottish and Irish public spheres in the later eighteenth century together with the struggle for control over national pasts and the development of the cults of Romance the Picturesque and Sentiment Macpherson Thomson Owenson and Moore are among the writers discussed Chapter 5 explores the work of Robert Fergusson and his contemporaries in both Scotland and Ireland examining questions of literary hybridity across not only national but also linguistic borders while Chapter 6 provides a brief literary history of Burns descent into critical neglect combined with a revaluation of his poetry in the light of the general argument of the book Chapter 7 analyzes the complexities of the linguistic and cultural politics of the national tale in Ireland through the work of Maria Edgeworth while the following chapter considers of Scott in relation to the national tale Enlightenment historiography and the European nationalities question Chapter 9 looks at the importance of the Gothic in Scottish and Irish Romanticism particularly in the work of James Hogg and Charles Maturin while Chapter 10 Fratriotism explores a new concept in the manner in which Scottish and Irish literary political and military figures of the period related to Empire
