Al Juyushi A Vision Of The Fatemiyeen:

Al Juyushi Ja'far us Sadiq Mufaddal Saifuddin, 2002 **Creating Medieval Cairo** Paula Sanders, 2008 In many areas it breaks new ground asks new questions and gives a far more sophisticated nuanced presentation of preservation and conservation issues for Egypt than I have seen elsewhere Covers familiar territory in a totally new manner Jere Bacharach University of Washington This book argues that the historic city we know as Medieval Cairo was created in the nineteenth century by both Egyptians and Europeans against a background of four overlapping political and cultural contexts namely the local Egyptian Anglo Egyptian Anglo Indian and Ottoman imperial milieux Addressing the interrelated topics of empire local history religion and transnational heritage historian Paula Sanders shows how Cairo's architectural heritage became canonized in the nineteenth and twentieth centuries The book also explains why and how the city assumed its characteristically Mamluk appearance and situates the activities of the European dominated architectural preservation committee known as the Comit within the history of religious life in nineteenth century Cairo Sanders explores such varied topics as the British experience in India the Egyptian debate over religious reform and the influence of The Thousand and One Nights on European notions of the medieval Arab city Offering fresh perspectives and keen historical analysis this volume examines the unacknowledged colonial legacy that continues to inform the practice of and debates over preservation in Cairo
