Islamic Values and Management Practices Maqbouleh M.

Hammoudeh,2016-05-06 The author of this thought provoking addition to Gower s Transformation and Innovation Series has worked as a management consultant in the Arab Middle East for 25 years In Islamic Values and Management Practices she acknowledges that businesses and other organizations in the region face urgent concerns in relation to quality and transformation but argues that these issues might be more appropriately addressed by the application of an Islamic Management Model rather than the Western one hitherto applied Over time a set of management systems based on Islamic values has been developed by the author These systems recognise the need to build human organizations socially and politically as well as commercially and also the recognition that for Muslims justice is the ultimate value bringing balance between the individual s soul and spirit on the one hand and the organization s soul and spirit on the other This Islamic management model stresses that effectiveness is an outcome of operating efficiently and at the same time unifying the organization s objectives with those of its employees and wider society and ensuring that at the strategic level the long view is always maintained Recounting her own personal and business journey Maqbouleh Hammoudeh presents the outcomes of research that has tested the application of the Islamic Management Model and its ability to deliver the desired quality and transformation outcomes in a major civic or profit making organization At a time when many practitioners and business educators are seeking new management approaches this revealing case study sheds light on the evolution of a contemporary theory of management for the Muslim World Ayatollah Khomeini Through the Lens of the Iran-Iraq War Meysam

Tayebipour,2023-01-01 This book clarifies Khomeini s views on nationalism sectarianism and peace and war by putting the Iran Iraq war at center of understanding of Khomeini s ideology Moreover by making comparisons between Khomeini s thoughts before and after the revolution with his words during the Iran Iraq war this book helps us see how his discourse during the conflict was shaped by such thoughts Also such a comparison helps us understand the complexities of Khomeini s doctrines and their evolvments Additionally by offering a unique set of methodological tools this book introduces a new way to study political leaders in Iran and other parts of the Middle East *Temporary and Child Marriages in Iran and*

Peasant and Nation Florencia E. Mallon, 2023-11-15 Peasant and Nation offers a major new statement on the making of national politics Comparing the popular political cultures and discourses of postcolonial Mexico and Peru Florencia Mallon provides a groundbreaking analysis of their effect on the evolution of these nation states As political history from a variety of subaltern perspectives the book takes seriously the history of peasant thought and action and the complexity of community politics It reveals the hierarchy and the heroism the solidarity and the surveillance the exploitation and the reciprocity that coexist in popular political struggle With this book Mallon not only forges a new path for Latin American history but challenges the very concept of nationalism Placing it squarely within the struggles for power between colonized and colonizing peoples she argues that nationalism must be seen not as an integrated ideology that puts the interest of the nation above all other loyalties but as a project for collective identity over which many political groups and coalitions have struggled Ambitious and bold Peasant and Nation both draws on monumental archival research in two countries and enters into spirited dialogue with the literatures of post colonial studies gender studies and peasant studies Peasant and Nation offers a major new statement on the making of national politics Comparing the popular political cultures and discourses of postcolonial Mexico and Peru
