Al Hoda S On Islam And The Muslim World:

The Muslim World Book Review, 2003 **Global Rebellion** Mark Juergensmeyer, 2008-05-16 Why has the turn of the twenty first century been rocked by a new religious rebellion From al Qaeda to Christian militias to insurgents in Iraq a strident new religious activism has seized the imaginations of political rebels around the world Building on his groundbreaking book *The New Cold War Religious Nationalism Confronts the Secular State* Mark Juergensmeyer here provides an up to date road map through this complex new religious terrain Basing his discussion on interviews with militant activists and case studies of rebellious movements Juergensmeyer puts a human face on conflicts that have become increasingly abstract He revises our notions of religious revolution and offers positive proposals for responding to religious activism in ways that will diminish the violence and lead to an accommodation between radical religion and the secular world

The New Cold War? Mark Juergensmeyer, 2023-04-28 Will the religious confrontations with secular authorities around the world lead to a new Cold War Mark Juergensmeyer paints a provocative picture of the new religious revolutionaries altering the political landscape in the Middle East South Asia Central Asia and Eastern Europe Impassioned Muslim leaders in Egypt Palestine and Algeria political rabbis in Israel militant Sikhs in India and triumphant Catholic clergy in Eastern Europe are all players in Juergensmeyer's study of the explosive growth of religious movements that decisively reject Western ideas of secular nationalism Juergensmeyer revises our notions of religious revolutions Instead of viewing religious nationalists as wild eyed anti American fanatics he reveals them as modern activists pursuing a legitimate form of politics He explores the positive role religion can play in the political life of modern nations even while acknowledging some religious nationalists proclivity to violence and disregard of Western notions of human rights Finally he situates the growth of religious nationalism in the context of the political malaise of the modern West Noting that the synthesis of traditional religion and secular nationalism yields a religious version of the modern nation state Juergensmeyer claims that such a political entity could conceivably embrace democratic values and human rights Will the religious confrontations with secular authorities around the world lead to a new Cold War Mark Juergensmeyer paints a provocative picture of the new religious

revolutionaries altering the political landscape in the Middle East South Asia Centr **Hindu Bhakti Through Muslim Eyes** R. David Coolidge, 2025-05-16 *Hindu Bhakti Through Muslim Eyes* puts the Caitanya Vai avā tradition of devotion to Krishna in scholarly conversation with Islam for the first time It builds on a millennium of Muslim reflections regarding Hindu theology and practice despite common assumptions that Hindus and Muslims are destined for misunderstanding and conflict Beginning with al B r n in the 11th Century Muslims often commented on the beliefs and practices of the Hindu tradition in relation to their own tradition of Islam This process continues until today as Muslims increasingly articulate a scholarly perspective on our planet's religious diversity Centered in the author's Islamic theological ethical and liturgical commitments this study explores the tradition of Krishna worship traced to the charismatic figure Caitanya who preached in

the Bengal Sultanate of the early 16th Century The book explores possibilities for Muslim interreligious scholarship beyond Judeo Christian frameworks as well as the revival of al B r n s legacy in the 21st Century Relevant for scholars in Islamic Studies Hindu Studies Interreligious Studies Comparative Theology and Decolonial Studies Hindu Bhakti Through Muslim Eyes forges new ground in Muslim scholarship regarding religious and cultural pluralism In particular it offers a model of engagement built on patient learning of a different textual corpus and communal praxis while still remaining rooted in the Islamic tradition as a distinctive intellectual paradigm The Transmission of Knowledge in Medieval Cairo Jonathan Porter Berkey,2014-07-14 In rich detail Jonathan Berkey interprets the social and cultural consequences of Islam s regard for knowledge showing how education in the Middle Ages played a central part in the religious experience of nearly all Muslims Focusing on Cairo which under Mamluk rule 1250 1517 was a vital intellectual center with a complex social system the author describes the transmission of religious knowledge there as a highly personal process one dependent on the relationships between individual scholars and students The great variety of institutional structures he argues supported educational efforts without ever becoming essential to them By not being locked into formal channels religious education was never exclusively for the elite but was open to all Berkey explores the varying educational opportunities offered to the full run of the Muslim population including Mamluks women and the common people Drawing on medieval chronicles biographical dictionaries and treatises on education as well as the deeds of endowment that established many of Cairo s schools he explains how education drew groups of outsiders into the cultural center and forged a common Muslim cultural identity Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Politics of Sacred Space** Michael Dumper,2002 Dumper explores how religious and political interests compete for control of the Old City of Jerusalem and how this competition affects the Middle East conflict as a whole The Roots of Acehese Rebellion, 1989-1992 Tim Kell,2010 When armed insurgents began to attack government soldiers in the Indonesian province of Aceh with increasing frequency in the middle of 1989 it was apparent that this distinctive part of the far flung republic was adding yet another period of turmoil rebellion and blood letting to those that had marked its history over the previous hundred years Famous for their long war against the Dutch in the last quarter of the nineteenth century the Acehese were equally well known for their willingness to resort to arms to defend their identity and interests against the encroachments of postindependence Indonesian governments As early as 1953 a rebellion had broken out against the central government and in the latter part of the 1970s another attempt had been made to foment revolt This study seeks to explain the reasons for the most recent uprising in Aceh Part

One sketches the region's history up to the mid 1960s Part Two examines the economic political and social changes that have occurred in Aceh over the past quarter of a century under the New Order regime the roots of rebellion in the province This analysis goes beyond the period defined in the title of the study the end of rebellion does not mean that its root causes have been resolved Part Three looks at the rebellion itself and at the complexion of political power in Aceh in the early 1990s Part Four summarizes the principal arguments of the monograph The main thesis of this study is that exploitation of Aceh's resources for the benefit of the central government economic stagnation in the province itself governmental and political overcentralization which has served to disenfranchise the people of the region and social changes which have led to the mass of Acehnese losing their traditional social and political leaders have combined to open the way for an armed separatist movement to foment rebellion in the province *The Quarterly Index Islamicus* ,1987 **Radical Islam in the Former**

Soviet Union Galina M. Yemelianova,2009-12-16 This is the first comprehensive and comparative examination of Islamic radicalisation in the Muslim regions of the former Soviet Union since the end of Communism Since the 1990s the ex Soviet Muslim Volga Urals Caucasus and Central Asia have been among the most volatile and dynamic zones of Islamic radicalisation in the Islamic East Although partially driven by a wider Islamic resurgence which began in the late 1970s in the Middle East the book argues that radicalisation is a post Soviet phenomenon triggered by the collapse of Communism and the break up of the de facto unitary Soviet empire The book considers the considerable differences in perceptions and manifestations of radical Islam in the republics as well as the level of its doctrinal and political impact It demonstrates how the particular histories of the regions Muslim peoples especially the length and depth of their Islamisation have influenced the nature and scope of their radicalisation Other significant factors include the mobilising power of the global jihadist network and most significantly the level of social and economic hardship Based on extensive empirical research including interviews with leading members of the political and religious elite the Islamist opposition as well as ordinary Muslims the book reveals how unofficial radical Islam has turned into a potent ideology of social mobilisation It identifies the different dynamics at work and how these relate to each other assesses the level of foreign involvement and evaluates the implications of the rise of Islamic radicalism for particular post Soviet states post Soviet Eurasia and the wider international community

Index of Islamic Literature ,1996 **Al-Hoda Books on Islam and the Muslim World** ,1986 *Freedom of Religion and Religious Pluralism* Md. Jahid Hossain Bhuiyan,Carla M. Zoethout,2023-03-20 Religious pluralism is an important aspiration of contemporary societies meaning that religious diversity is permitted and everyone has the freedom of religion or belief or not to believe The peaceful coexistence of people of a myriad of faiths is indispensable for securing peace in the modern era of political upheaval and economic dissonance This book brings together a variety of religious and non religious perspectives on religious pluralism It explores the key philosophical and legal issues associated with religious freedom and social harmony Freedom of Religion and Religious Pluralism intends to serve as a valuable resource for scholars specialising

in religion citizenship and migration studies It will also act as a reference for courses on law religion and human rights

Milton in the Arab-Muslim World Islam Issa, 2016-10-14 The first full length study of the reception of John Milton's 1608-74 writings in the Arab Muslim world this book examines the responses of Arab Muslim readers to Milton's works and in particular to his epic poem *Paradise Lost* It contributes to knowledge of the history development and ways in which early modern writings are read and understood by Muslims By mapping the literary and more broadly cultural consequences of the censure translation and abridgement of Milton's works in the Arab Muslim world this book analyses the diverse ways in which Arab Muslims read and understand a range of literary and religious aspects of Milton's writing in light of cultural theological socio political linguistic and translational issues After providing an overview of the presence of Milton and his works in the Arab world each chapter sheds light on how cultural and translational issues shape the ways in which Arab Muslim readers perceive and understand the characters and motifs of *Paradise Lost* Chapters outline the ways in which the figures are currently understood in Milton scholarship before exploring how they fit into the narrative drama and theology of the poem and their position in Islamic creed and Arab Muslim culture Concurrently each chapter examines the poem's subject matter in detail placing particular emphasis on matters of linguistic theological and cultural translation and accommodation Chapter conclusions not only summarise the patterns and potentialities of reception but point towards the practical functions of Arab Muslim responses to Milton's writing and their contribution to the formation of social ideas
