Alabama A Guide To The Deep South American Guide:

American Guides Wendy Griswold, 2016-08-26 In the midst of the Great Depression Americans were nearly universally literate and they were hungry for the written word With an eye to this market and as a response to unemployment Roosevelt's Works Progress Administration created the Federal Writers Project They produced the Project's American Guides an impressively produced series that set out not only to direct travelers on which routes to take and what to see throughout the country but also to celebrate the distinctive characteristics of each individual state The series unintentionally diversified American literary culture's cast of characters promoting women minority and rural writers while it also institutionalized the innovative idea that American culture comes in state shaped boxes *Alabama Writers' Program* (Ala.), 1973 **Between Worlds** Leslie Umberger, 2018-10-02 Bill Traylor ca 1853 1949 is regarded today as one of the most important American artists of the twentieth century A black man born into slavery in Alabama he was an eyewitness to history the Civil War Emancipation Reconstruction Jim Crow segregation the Great Migration and the steady rise of African American urban culture in the South Traylor would not live to see the civil rights movement but he was among those who laid its foundation Starting around 1939 Traylor by then in his late eighties and living on the streets of Montgomery took up pencil and paintbrush to attest to his existence and point of view In keeping with this radical step the paintings and drawings he made are visually striking and politically assertive they include simple yet powerful distillations of tales and memories as well as spare vibrantly colored abstractions When Traylor died he left behind more than one thousand works of art In *Between Worlds The Art of Bill Traylor* Leslie Umberger considers more than two hundred artworks to provide the most comprehensive and in depth study of the artist to date she examines his life art and powerful drive to bear witness through the only means he had pictures The author draws on a wealth of historical documents including federal and state census records birth and death certificates slave schedules and interviews with family members to clarify the record of Traylor's personal history and family life The story of his art opens in the late 1930s when Traylor first received attention for his pencil drawings on found board and concludes with the posthumous success of his oeuvre *National Survey of Historic Sites and Buildings* United States. National Park Service, *Theodore Ship Channel and Base Extension, Mobile Bay*, 1977

Library Accessions United States. Federal Works Agency. Library, 1940 **Inside Alabama** Harvey H. Jackson, 2003 An insider's perspective in a conversational yet unapologetic style on the events and conditions that shaped modern day Alabama **The World of the Southern Indians** Virginia Pounds Brown, Laurella Owens, 2011-03-15 Out of print for years and after thousands of copies sold NewSouth brings an important resource for young readers *The World of Southern Indians* back into print *The Fire Ant Wars* Joshua Blu Buhs, 2010-11-15 Sometime in the first half of the twentieth century a coterie of fire ants came ashore from South American ships docked in Mobile Alabama Fanning out across the region the fire ants invaded the South damaging crops harassing game animals and hindering harvesting methods Responding to a

collective call from southerners to eliminate these invasive pests the U S Department of Agriculture developed a campaign that not only failed to eradicate the fire ants but left a wake of dead wildlife sickened cattle and public protest With political intrigue environmental tragedy and such figures as Rachel Carson and E O Wilson *The Fire Ant Wars* is a grippingly perceptive tale of changing social attitudes and scientific practices Tracing the political and scientific eradication campaigns Joshua Buhs s bracing study uses the saga as a means to consider twentieth century American concepts of nature and environmental stewardship In telling the story Buhs explores how human concepts of nature evolve and how these ideas affect the natural and social worlds Spotlighting a particular issue to discuss larger questions of science public perceptions and public policy from pre environmental awareness to the activist years of the early environmental movement *The Fire Ant Wars* will appeal to historians of science environmentalists and biologists alike

Alabama Federal Writers' Project Staff, Federal Writers Project, Writers Program Staff, 1939-41 Bonded Leather binding *The Urban Community* Nels Andersen, 2013-03-07 Part of the *Sociology of the City* series originally published in 1959 this volume looks at the urban community bringing together rural and urban sociology It advises that areas need to be looked at in terms the way of the life of the inhabitants and not by size and that urban sociology needs to assume a more global perspective not just locally

Special Bibliographic Series US Army Military History Research Collection, 1976 **Placenames of the Civil War** John D. Bennett, 2017-02-10 Despite the plethora of books about the Civil War the origins of many of the placenames associated with the conflict remain a mystery This gazetteer provides information on nearly 1600 sites including not only locations of battles and skirmishes but also hospitals prison camps military academies factories and navy yards both North and South Also listed are islands rivers creeks fords ferries and railroad stations as well as many temporary fort and camp names From Abbeville Georgia where Jefferson Davis stopped in May 1865 days before his capture near Irwinville to Yorktown Virginia which was besieged by General George B McClellan at the start of the Peninsula campaign entries explain the origin of each placename and its wartime connections An appendix listing town and city population figures from the 1860 census completes this informative supplement for Civil War scholars and enthusiasts

The Robertsons, the Sutherlands, and the Making of Texas Anne H. Sutherland, 2006 All Texans or their ancestors started as something else The families that came here molded the state and were molded by it Anne H Sutherland explores just how the experiences of two of the early Anglo land grant families the Robertsons and the Sutherlands shaped Texas events and how they handed down those experiences from one generation to another transforming two Scots Irish families into what in hindsight we have branded Anglo Texans The story of these two pioneering families told through their letters poems diaries and oral histories embodies western expansion and political upheaval Settling in central and southeast Texas these families struggled to build a new Texas and make a life for their children The Texas revolution and the Civil War acted as catalysts for the emergence of their Texan identity A unique blend of family and Texas history Sutherland s *Made in Texas A Family Tale* positions personal stories as

windows of insight onto Texan identity She peels back the layers of family tradition and textbook history to show how her forebears experienced the transforming events of the settlement of Texas and its war for independence As new generations emerged each contributed its own anecdotes and historical context from the time period By placing the families within Texas history Sutherland effectively and innovatively traces identity from the early nineteenth century to today As settlers in the western wilderness the Robertsons the Sutherlands and others like them actively shaped Texas even as they were changed themselves

Great Times Down South Giuliano Santangeli Valenzani, 2025 Great Times Down South examines advertising materials from 1976 to 1981 including brochures booklets advertisements and radio and TV spots used by state tourism bureaus in Alabama Georgia Mississippi and South Carolina The chosen period known as the Carter era marked southern fashion and economic prosperity in the Sunbelt Analyzing the strategies rhetoric images and themes employed by these tourism bureaus domestically and internationally offers a unique look into the prevailing conception of the South as marketed and perceived externally A noticeable shift in the tourist image of the South occurred in the late 1970s aligning with significant changes in southern culture and society While

the 1970s are acknowledged for altering the perception and symbolic role of the South in American culture little research explores how these changes influenced the region's promotional image Prevailing views extend the classic Old South imagery into the 1970s but Giuliano Santangeli Valenzani contends that the roots of the current elusive image of the South can be precisely traced in advertising materials designed to attract visitors during the 1970s
