Alan Munde Festival Favorites Revisited:

Alan Munde - Festival Favorites Revisited Alan Munde, 2011-02-24 Alan Munde is one of the finest players to ever pick up the five string banjo from his early days with Jimmy Martin through his tenure with Country Gazette Alan has continually expanded the breadth of his vision Drawn from a series of recordings released on Slim Richey's Ridge Runner label in the early 1980s this compilation contains an incredible display of banjo musicianship Each cut combines logic beauty and rhythmic propulsion the tunes sparkle with freshness as the old is made new the tunes are presented in tablature only

School of Banjo: Bluegrass Melodic Style Janet Davis, 2015-09-24 The melodic style is a beautiful three finger picking style which can be traced to the early 1900s and became a fully accepted style for playing the five string banjo in the 1960s and is today an integral part of the three finger style of many banjo players at all playing levels Plus the songs arranged in this style are easy and fun to learn Although the melodic style may sound impossible with all of those notes coming from it surprisingly you will find that it is not that difficult to learn and no previous musical knowledge is needed This course covers the melodic style from the very basics of this picking style to the advanced techniques and provides many fun to play and well known songs arranged in the three finger melodic style for upper level beginning players through advanced level players

Modern 5-String Banjo Method Grade 1 Alan Munde, 2015-12-16 This method is designed for learning the finger style five string banjo in a larger musical context than previous single style based methods the Modern 5 String Banjo Method builds the theoretical and technical foundations needed to play in many styles Beginning with a thorough grounding in the scales and chords coupled with well thought out fingerings in the keys of C Am and G the student is presented with melodies chord melodies the folk strum arpeggios and the beginnings of the bluegrass banjo style the varied and beautiful musical studies and exercises come from many traditions and offer a logical and organic approach to learning the five string banjo leading the student to an authentic understanding of the processes and techniques needed for creating music on the five string banjo the Modern Method for Five String Banjo is in tablature only

Classical Masterpieces for Banjo Claudio Parravicini, 2019-04-16 If you've ever felt compelled to play Flight of the Bumblebee on the 5 string banjo this is the book for you Challenging banjo transcriptions of classical masterpieces may seem like a humorous anachronism to some but not for Italian master Claudio Parravicini a conservatory graduate who while majoring in French horn always believed that the banjo was a virtuoso instrument capable of enriching any musical genre In the author's words I chose the classical pieces in this book on the basis of how they might advance right and left hand banjo technique and even refine the player's musical sensibility Some pieces like Flight of the Bumblebee will challenge your ability to play rapidly while others like Beethoven's Moonlight Sonata are much slower but will test your musical abilities in other ways The other pieces in the book are Prelude No 2 in C minor and Inventions No 4 and No 6 by J S Bach Flight of the Bumblebee by Korsakov Perpetual Motion and Carnival of Venice by Paganini and Toccata for Piano or Harpsichord by Paradisi Classical Masterpieces for Banjo is written
