explains who take the raw and disjointed observations of witnesses and transform them into coherent and persuasive narratives Critics of the adversary system of course have little patience for storytelling regarding trial lawyers as flimflam artists who use sly means and cunning rhetoric to befuddle witnesses and bamboozle juries Why not simply allow the witnesses to speak their minds without the distorting influence of lawyers stratagems and feints But Lubet demonstrates that the craft of lawyer storytelling is a legitimate technique for determining the truth and not at all coincidentally for providing the best defense for the attorney's client Storytelling accomplishes three important purposes at trial It helps to establish a theory of the case which is a plausible and reasonable explanation of the underlying events presented in the light most favorable to the attorney's client Storytelling also develops the trial theme which is the lawyer's way of adding moral force to the desired outcome Most importantly storytelling provides a coherent story frame which organizes all of the events transactions and other surrounding facts into an easily understandable narrative context As with all powerful tools storytelling may be misused to ill purposes Therefore as Lubet explains lawyers do not have carte blanche to tell whatever stories they choose It is a creative process to be sure but every story must ultimately be based on nothing but the truth There is no room for lying On the other hand it is obvious that trial lawyers never tell the whole truth since life and experience are boundless and therefore not fully describable No lawyer or court of law can ever get at the whole truth but the attorney who effectively employs the techniques of storytelling will do the best job of sorting out competing claims and facts thereby helping the court arrive at a decision that serves the goals of accuracy and justice To illustrate the various challenges benefits and complexities of storytelling Lubet elaborates the stories of six different trials Some of the cases are real including John Brown and Wyatt Earp while some are fictional including Atticus Finch and Liberty Valance In each chapter the emphasis is on the narrative itself emphasizing the trial's rich context of facts and personalities The overall conclusion as Lubet puts it is that purposive storytelling provides a necessary dimension to our adversary system of justice **CBC Times** Canadian Broadcasting Corporation, 1959 **South Dakota Review**, 1985 *VideoHound's Golden Movie Retriever* Jim Craddock, 2004 Reviews movies that are available on DVD or tape Each entry includes title alternate title one to four bone rating year released MPAA rating brief review length format country of origin cast technical personnel awards and made for television cable video designations
