Travels Among the Dena Frederica de Laguna, 2011-10-01 This robust and engaging travel narrative re creates a remarkable adventure in the summer of 1935 when Frederica de Laguna then in her late 20s led a party of three other scientists down the rivers of the middle and lower Yukon valley making a geological and archaeological reconnaissance De Laguna has based her story on her field notes journals and letters home She augments this first hand account with excerpts from the reports of earlier explorers and data published after her trip The result is a fascinating and informative cross cut of historical events along the Yukon River and its tributaries *Travels Among the Dena* chronicles the expedition from its outfitting in Seattle and the trip by steamer and railway to Fairbanks and Nenana through an 80 day journey on skiffs down the Tanana and Yukon rivers to Holy Cross near the coast with side trips on the Koyukuk Khotol and Innoko rivers before a one day return flight to Fairbanks with pioneer bush pilot Noel Wien Maps illustrate the route taken downriver and the author s photographs capture images of the time The resulting volume is both a delightful addition to the literature of travel adventure in Alaska and an important contribution to the discipline of anthropology

[Alaska Adventure Guide](#) Melissa DeVaughn, 2011-01-15 The author has worked to answer all your questions about travel and recreation in a state so remote This guide attempts to target your interests and save you time money and effort so that nothing is wasted during your trip Because Alaska is so big and your options so varied the guide is organized so you can zero in on the activity or activities that appeal to you most Thirteen chapters focus solely on adventure travel each devoted to a single activity The five regional chapters that follow focus primarily on the basics in a given area of the state getting around shopping lodging dining and entertainment Once you ve chosen the adventure of your dreams you can go to the appropriate regional chapter to get the scoop on the best places in the vicinity to stay eat buy gear rent a car and learn about local culture and history Outdoor travelers also are likely independent travelers A multitude of companies offer exciting sounding jaunts to scenic places all over the state but many of these outfits work only with tour providers such as cruise ship operators to obtain large numbers of clients per trip thus excluding people who wish to travel on their own In this guide all our listings are available to independent travelers as well as those in tour groups The objective is not to provide the most information about destinations or attractions but rather the most useful information The guide is

opinionated and for good reason Any destination or outfitter listed here has made the cut by proving itself a wonderful place to visit or a reliable company with which to do business If for example you want to learn more about sea kayaking in Alaska you will not be supplied with every operation in the business and believe us there are many of them competing for your dollars What you will get is a select assortment of those we consider best and why After all isn t the point of a guidebook to help you make the most informed choices *10,000 Map and Travel Publications Reference Catalog* Travel Centers of the World (Firm),1983
