Alberto Giacometti, Douglas Hall

Alberto Giacometti:

Alberto Giacometti Alberto Giacometti, Lucius Grisebach, 1994 One of the great masters of 20th century art the Swiss sculptor Alberto Giacometti captured the existential loneliness of modern humanity with his spindly attenuated figures whose life like gazes pierce the vastness of space Uniting more than 250 sculptures paintings drawings and graphic works this extensive monograph is an exemplary overview of his oeuvre The book underscores the continuity between the two remarkable bodies of work that characterize his career the pre 1935 works which included the finest of all Surrealist sculptures and the post war masterpieces As a result of a profound artistic crisis that began in 1934 when Giacometti returned to working from the model and thus broke with the Surrealists the artist began tackling the problem of situating figures in space in an entirely new way Painting played a key role in the solutions that Giacometti found to this problem and the discussion here of the relationship between his two and three dimensional works reveals him to have been as great a painter as he was a sculptor Contributions by several notable art historians address contemporary research issues and offer a comprehensive record of Giacometti's life and work Among the many photographs of the artist and his circle are images by such notable photographers as Henri Cartier Bresson Ugo Mulas and Man Ray BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Alberto Giacometti, a biography Catherine Grenier, 2018-10-10T00:00:00+02:00 Alberto Giacometti is more than a major twentieth century artist he is also one of the century's most intriguing characters This biography the result of new research takes us into the private life of an artist haunted by his oeuvre driven relentlessly by an uncompromising and

demanding nature Following a childhood spent in his father's studio in Switzerland and then his student days in Paris studying under the sculptor Antoine Bourdelle the young artist split from his early mentors looking instead to cubism then surrealism He earned near immediate recognition for his work and the admiring friendship of Andr Breton yet Giacometti soon turned his back on the surrealist objects that had brought him fame opting instead to break away on his own a choice that led him to the margins of mainstream movements A friend to leading artists and intellectuals he made his own way in the solitude of his legendary studio in Montparnasse Strongly attracted to human representation and influenced by archaic and non Western art he eschewed naturalist representation in favor of a synoptic and sometimes tortured vision of the figure one filled with mysterious power Catherine Grenier recounts the exceptional story of Alberto Giacometti his life career and work in a biography that is every bit as thrilling as a novel *Alberto Giacometti* Ángel González García, Ángel González, Alberto Giacometti, 2006 Gathered writings from the seminal 20th century Swiss artist Alberto Giacometti Alberto Giacometti's early Surrealist and Cubist forms compact volumes inspired by Africa and the Cyclades eventually led this seminal twentieth century Swiss artist to acknowledge a formal void that he would spend the balance of his career filling with the human figure In the mid 1930s influenced by the terrible social and political changes that were taking place across Europe Giacometti began to develop heads and nudes in a signature style they were universally elongated skeletal haunting solitary and above all transcendent Giacometti's written testimony and reflections on his change of perspective and on his artistic ideas and goals are remarkable for their aptness and poetic quality In his writings gathered here the artist pours out his doubts his suffering and his creative hopes as very few artists have been capable of doing before or since **Looking at Giacometti** David Sylvester, 1994 Written by the author of Henry Moore Interviews with Francis Bacon and Rene Magritte this book is the fruit of a long collaboration as sitter friend critic and exhibition curator with Alberto Giacometti It is a response to Giacometti's art with observations on his work in progress and reflections on his completed oeuvre after his death in 1966

Alberto Giacometti in Postwar Paris Michael Peppiatt, Alberto Giacometti, Sainsbury Centre for Visual Arts, Fondation de l'Hermitage, 2001 *Alberto Giacometti, 1901-1966* Alberto Giacometti, Toni Stooss, Patrick Elliott, Scottish National Gallery of Modern Art, Royal Academy of Arts (Great Britain), 1996 A giant of twentieth century art Alberto Giacometti 1901 1966 stands beside Picasso and Matisse as an artist who has defined the way our century is perceived and alongside them as one of the few modern artists who have created sculpture paintings and drawings with equal mastery This lavishly illustrated book accompanies a major retrospective of Giacometti's work at the Scottish National Gallery of Modern Art in Edinburgh The two hundred and forty one works in the exhibition include many of Giacometti's greatest and best known pieces as well as rarely seen Surrealist sculptures and previously unrecorded works All are reproduced eighty as full page colour plates The fully illustrated essays written by some of the world's leading Giacometti scholars bring together remarkable new research and make this book an invaluable introduction to the artist's life and work **Alberto Giacometti** Christopher Griffin, 2016
