

The background of the cover is a vibrant, high-magnification electron micrograph of a biological specimen. It features a complex network of purple, fibrous structures, possibly representing cellular components like membranes or protein fibers. Interspersed among these are numerous small, bright green, spherical particles, which could be viruses, ribosomes, or other subcellular organelles. The overall color palette is dominated by deep purples, blues, and bright greens, creating a dynamic and scientific visual field.
