K Morrison

Alekhines Block The Tacticians Handbook Volume 1:

The Tactician's Handbook Victor Charushin, 2016-12-09 The Tactician's Handbook In the late 1990s American publisher Pickard Son released five books each dedicated to a unique tactical theme and each with approximately 100 pages Written by the late Russian correspondence master Victor Charushin the books were Alekhine's Block Combination Cross Lasker's Combination Mitrofanov's Deflection and The Steeplechase They were very well received by chessplayers everywhere And in fact Charushin had written two more books in the series Domination and Less Common Combinations but these were not released For this edition of The Tactician's Handbook German grandmaster Karsten Müller has carefully reviewed and then selected the material he thought most enlightening Then instructive exercises were added All the analysis has been checked by the silicon monster while Charushin's notes and comments were revised where necessary All seven titles were then combined into one comprehensive volume Add to that a foreword by one of the great tacticians of our time Hungarian grandmaster Judit Polgar and the result is an excellent instructive handbook covering some of the most exciting tactics in chess The Tactician's Handbook is sure to provide you with many hours of enjoyment and instruction Alekhine's Block Viktor Afanas'evich Charushin, 1997 World chess champion Alexander Alekhine 1892-1946 refined the art of Kingside attack into its purest form Often Alekhine's onslaught was accompanied by the spectacular placement of a piece directly in front of the enemy King's castled position exposed to immediate capture This specialized tactic is called Alekhine's Block designed to jam interior lines around the defending King or break up his pawn cover Alekhine's Block is a powerful weapon in the armory of chess warfare and this book is the first to explore its inner workings Never before has it been possible to study this crucial but little understood element of the Kingside attack Far from being a random event Alekhine's Block is here revealed as a logical step on the road to checkmate This volume presents systematic and carefully selected examples which entertain while preparing you to use Alekhine's Block in your own pursuit of the enemy King The knowledge gained here can only make you a more aggressive and dangerous attacking player The Tactician's Handbook Series Alekhine's Block Combination Cross Mitrofanov's Deflection Lasker's Combination The Steeplechase **Chess Life**, 1999 *Subject Guide to Books in Print*, 1971 **Forthcoming Books** Rose Army, 1997 **British Books in Print**, 1971 **Whitaker's Cumulative Book List**, 1981 **Paperbound Books in Print**, 1982 **The Reference Catalogue of Current Literature**, 1940 **Complete Catalog of Books in All Fields** Dover Publications, Inc, 1997 **Paperbacks in Print**, 1969 The Bookseller and the Stationery Trades' Journal, 1992 Official organ of the book trade of the United Kingdom New Statesman and Nation, 1937 **The English Catalogue of Books [annual]** Sampson Low, 1939 Vols for 1898-1968 include a directory of publishers Books in Print, 1991 *Cumulated Index to the Books*, 1938 **The New Encyclopædia Britannica**, 1981 *Encyclopaedia Britannica* Robert McHenry, 1983 The New Encyclopaedia Britannica, 1980 Spine title Encyclopaedia Britannica Includes bibliographies Propaedia outline of knowledge and guide to

the Britannica 1 v Micropaedia ready reference and index 10 v Macropaedia knowledge in depth 19 v Accompanied by supplement 2 v issued in 1994 under the title The Encyclopaedia Britannica supplement **Mitrofanov's Deflection** Viktor Afanas'evich Charushin, 1998 Volume Three of The Tactician's Handbook continues ICCF IM Charushin's unique look at the fundamental building blocks of tactical play Here we have his detailed examination of deflections the drawing away of an attacking piece onto an inconvenient square The sacrifice is marvelous to behold a piece is given away for nothing and also with check This stunning combinational method is here shown to be no lucky accident but a basic mechanism of tactics in chess Mitrofanov's Deflection is presented with its own history then games and studies reinforce the operation of this beautiful tactical device all in Charushin's inimitable style The Tactician's Handbook offers a profound new method of exploring chess combinations one element at a time in short focused steps Each volume examines a single often seen tactical category using carefully selected illustrations Every example demonstrates the real world nuts and bolts operation of the tactic in question Readers can immediately apply the skills acquired here blending the combinational types learned from The Tactician's Handbook into their own games The Tactician's Handbook Series Alekhine's Block Combination Cross Mitrofanov's Deflection Lasker's Combination The Steeplechase

Unveiling the Power of Verbal Beauty: An Psychological Sojourn through **Alekhines Block The Tacticians Handbook Volume 1**

In a world inundated with monitors and the cacophony of instantaneous communication, the profound energy and psychological resonance of verbal artistry usually diminish in to obscurity, eclipsed by the continuous assault of sound and distractions. Yet, situated within the musical pages of **Alekhines Block The Tacticians Handbook Volume 1**, a captivating work of literary elegance that impulses with organic feelings, lies an remarkable trip waiting to be embarked upon. Penned by way of a virtuoso wordsmith, that enchanting opus guides viewers on an emotional odyssey, lightly revealing the latent potential and profound influence stuck within the complex web of language. Within the heart-wrenching expanse of this evocative analysis, we shall embark upon an introspective exploration of the book is key subjects, dissect its interesting writing model, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
