Ajedrez De La Gloria El:

Más Allá Del Final Rafael B. Sariol Fernández, 2011-12 Más allá del final es un libro de ficción y aventuras donde el personaje principal se marcha en un viaje para ayudar a una familia a buscar la cura para su hijo menor. Muchas cosas se presentan en el camino pero lo que es de una fe inquebrantable va sorteando todos los obstáculos que se encuentra a su paso. El sacrificio es inmenso durmiendo a la intemperie por largos días y algunas veces pasando hambre por la escasez de alimentos. Este hombre no solo es el guía espiritual del grupo sino también el responsable de guiarlos hasta la ciudad que han elegido para llevar el enfermo a curar. Después de caminar varios días llegan al primer poblado donde conocen a un personaje muy pintoresco que se une al grupo para ir en su ayuda. Así se va desarrollando el drama de esta peripecia que los lleva de la mano por todo el viaje disfrutando del paisaje que es descrito de forma grata y conociendo a los personajes que se van sumando a esta aventura que usted se deleitará hasta el final.

Mateo el escultor del pórtico de la gloria Fernando Jesús Mario Domínguez González, 2013-06-05 El descubrimiento por un profesor de la Universidad Compostelana de unos antiguos legajos en el archivo catedralicio permite desvelar la hasta ahora enigmática personalidad del maestro Mateo. De lo que se conocía su inigualable obra del Pórtico de la Gloria pero apenas nada de su trayectoria vital. Cuando Mateo llega a Santiago con el encargo regio de finalizar la obra que otros habían iniciado mucho tiempo atrás es un joven y ambicioso arquitecto cuyas primeras obras en el Reino de León apenas son conocidas. Cuando la parca le visita este genial arquitecto deja tras de sí su obra magna en la ciudad de Compostela. El Pórtico de la Gloria además del innegable simbolismo que encierra es uno de los máximos exponentes del arte románico que ya hacia la mitad del siglo XII dar paso al esplendoroso gótico que jalonar de hermosos templos el reflejo terrenal de la Valedicia. Consent of the Damned David M K Sheinin, 2012-11-18 Under violent military dictatorship Operation Condor and the Dirty War scarred Argentina from the mid 1970s to the early 1980s leaving behind a legacy of repression state terror and political murder. Even today the now democratic Argentine government attempts to repair the damage of these atrocities by making human rights a policy priority. But what about the other Dirty War during which Argentine civilians including indigenous populations and foreign powers ignored and even abetted the state's vicious crimes against humanity. In this groundbreaking new work David Sheinin draws on previously classified Argentine government documents human rights lawsuits and archived propaganda to illustrate the military constructed fantasy of bloodshed as a public defense of human rights. Exploring the reactions of civilians and the international community to the daily carnage Sheinin unearths how compliance with the dictatorship perpetuated the violence that defined a nation. This new approach to the history of human rights in Argentina will change how we understand dictatorship democracy and state terror.
