Enchanted Modernities Micah F. Morton, 2025 Enchanted Modernities tells the story of an Indigenous community's work to decolonize and reclaim its collective ancestral identity In this rich theoretically informed ethnography Micah F Morton follows a transregional network of Indigenous Akha people from Thailand Myanmar Burma China and Laos as they spearhead a new movement for a pan Akha identity In the face of enormous historical and present day colonialist pressures this neo traditionalist movement has focused on revitalizing or vitalizing in Morton's suggestive term Akha ancestral ways preventing ongoing conversion to Christianity and facilitating return conversion to the ways of the Ancestors Morton focuses especially on the community's work to ensure their Ancestors live on and thus remain a dynamic part of their and their descendants' lives Although modernity and its colonial legacies are often portrayed as severing or at least attenuating people's ancestral ties Enchanted Modernities shows that those ties persist and in fact are on the rise Akha and other Indigenous ancestral and animist resurgences are blossoming despite the paradigmatic Western framing of modernity as fundamentally at odds with Ancestors and for that matter kinship and even religion Morton demonstrates that modernity and modernization proceed alongside the reproduction of new and old forms of enchantment
