Albanian American Odyssey A Pilot Study:

The Albanian-American Odyssey Dennis L. Nagi, 1989 *Muslim Communities in North America* Yvonne Yazbeck Haddad, Jane I. Smith, 1994-01-01 This book provides a look at Muslim life and institutions forming in North America. It considers the range of Islamic life in North America with its different racial, ethnic, and cultural identities, customs, and religious orientations. Issues of acculturation, ethnicity, orthodoxy, and the changing roles of women are brought into focus. The authors provide insight into the lives of recent immigrants who are asking what is Islamically appropriate in a non-Muslim environment. Contrasts are drawn between Sunni and Shi'i groups, and attention is given to the activities of some Sufi organizations. The growing Islamic community among African American Muslims is examined, including the followers of Warith Deen Muhammed and the sectarians identified with black power, such as the Nation of Islam, Darul Islam, and the Five Percenters. The authors document the challenges and issues that American Muslims face, such as prejudice and racism, pressure from overseas Muslims, dress, and education; the influence of Islamic revivalism on the development of the community in this country; and the maintenance of Muslim identity amidst the pressure for assimilation.

A History of Islam in America Kambiz GhaneaBassiri, 2010-04-19 Traces the history of Muslims in the US and their waves of immigration and conversion across five centuries.

The New Albanian Migration Russell King, Nicola Mai, Stephanie Schwandner-Sievers, 2013-09-01 This is the first major book on Albanian migration, the most significant East-West migration since the collapse of the Soviet bloc. Prevented from leaving their country for over 45 years, the citizens of the Republic of Albania emigrated en masse during the 1990s, and the exodus continues. According to the 2001 census, one in five Albanians was a migrant living abroad, mainly in Greece and Italy, but also increasingly in a range of other European countries and in North America. The volume offers a comprehensive and integrated understanding of Albanian migration, addressing its temporal and spatial dynamics, its diversity of types and destinations, and the implications of the migration for Albanian society and economic development. Its contributors comprise key researchers on Albanian migration from around the world. The book reflects the wide diversity of disciplinary and interdisciplinary approaches deployed by researchers studying this phenomenon.

Polish American History after 1939 Joanna Wojdon, 2024-06-03 This book is the second in a three-part multi-authored study of Polish American history, which aims to present the history of Polish Americans in the United States from the beginning of Polish presence on the continent to the current times, shown against a broad historical background of developments in Poland, the United States, and other locations of the Polish Diaspora. According to the 2010 US Census, there are 9.5 million persons who identify themselves as Polish Americans in the United States, making them the eighth largest ethnic group in the country today. Polish Americans, or Polonia for short, has always been one of the largest immigrant and ethnic groups and the largest Slavic group in America. Despite that common knowledge about its social and political life, culture, and economy is still inadequate in Academia and among the Polish Americans themselves. The book discusses the

major themes in Polish American history such as organizational life and the structure of the community facing subsequent waves of immigration from Poland its leadership and political involvement in Polish and American affairs as well as living and working conditions and the everyday life of families and communities their culture ethnic identity and relations with the broadly understood American society starting from the outbreak of World War 2 in Poland in September 1939 and ending with the highlights of the 21st century developments It depicts Polish Americans transition from a minority through ethnic group to Americans who take pride in their symbolic ethnicity maintained intentionally and manifested occasionally This volume will be of great value to students and scholars alike interested in Polish and American History and Social and Cultural History

The Indos in Southern California Greta Kwik, 1989 Old Islam in Detroit Sally Howell, 2014-07-29 Across North America Islam is portrayed as a religion of immigrants converts and cultural outsiders Yet Muslims have been part of American society for much longer than most people realize This book documents the history of Islam in Detroit a city that is home to several of the nation s oldest most diverse Muslim communities In the early 1900s there were thousands of Muslims in Detroit Most came from Eastern Europe the Ottoman Empire and British India In 1921 they built the nation s first mosque in Highland Park By the 1930s new Islam oriented social movements were taking root among African Americans in Detroit By the 1950s Albanians Arabs African Americans and South Asians all had mosques and religious associations in the city and they were confident that Islam could be and had already become an American religion

When immigration laws were liberalized in 1965 new immigrants and new African American converts rapidly became the majority of U S Muslims For them Detroit s old Muslims and their mosques seemed oddly Americanized even unorthodox Old Islam in Detroit explores the rise of Detroit s earliest Muslim communities It documents the culture wars and doctrinal debates that ensued as these populations confronted Muslim newcomers who did not understand their manner of worship or the American identities they had created Looking closely at this historical encounter Old Islam in Detroit provides a new interpretation of the possibilities and limits of Muslim incorporation in American life It shows how Islam has become American in the past and how the anxieties many new Muslim Americans and non Muslims feel about the place of Islam in American society today are not inevitable but are part of a dynamic process of political and religious change that is still unfolding
