Roy D. King and Kenneth W. Elliott

Albany Birth Of A Prison End Of An Era

Roy King, Emma Wincup

Albany Birth Of A Prison End Of An Era:

Albany: Birth of a Prison – End of an Era Roy D. King, Kenneth W. Elliott, 2023-10-25 Originally published in 1977 Albany Birth of a Prison End of an Era attempts to document and analyse some of the changes which happened in the first five and a half years of the prison's opening and as far as possible account for them Albany was planned and built as a medium security establishment but the growth in the prison population meant it ended up in part as a maximum security unit At the time the prison was notorious after a stormy series of incidents culminated in an alleged mass escape attempt and a riot it had become known as the jail of fear in which mafia groups were said to terrorize staff and prisoners alike Despite the account inevitably being incomplete it was hoped that lessons could be drawn both for social research and social policy in regard to prisons

Albany, Birth of a Prison - End of an Era Roy David King, 1977 Ideas on Institutions Kathleen Jones, A J Fowles, 2023-07-21 First published in 1984 Ideas on Institution is a review of the major English language literature of the past two decades on the experience of living in institutions hospitals mental hospitals prisons The survey opens with a consideration of the writings of Erving Goffman Michael Foucault and Thomas Szasz They shattered the liberal consensus that the purpose of imprisonment was to reform Instead their work argued that the purpose of prisons and mental hospitals was social control and that prisons created criminals and mental facilities created mental illness Part II looks at four British studies Russell Barton's Institutional Neurosis which suggested the existence of a new disease entity Peter Townsend's The Last Refuge a study of old people in residential care The Morrises Pentonville a study of a London prison which became a classic in criminology and Sans Everything a symposium which paved the way for a series of official hospital enquiries in the 1970s Part III examines David Rothman's two historical studies on how and why the U S constructed institutions and how and why reform movements failed N N Kittrie's The Right to be Different a wide ranging attack on the compulsory treatment of a variety of deviants including the mentally ill juvenile delinquents and drug abusers Cohen and Taylor's Psychological survival a disturbing analysis of the lives of long term prisoners in a maximum security wing Zimbardo's Stanford Prison Experiment on the malignant effects of prison conditions on the personalities of both prisoners and their guards and King and Elliott's study of Albany Prison showing how a promising therapeutic experiment went wrong This book will be of interest to students of history gerontology sociology social policy penology psychology and political science *Secure Lives* Annie Bartlett, 2016 Though institutional care for people suffering from mental illness was phased out in the last century mentally disordered offenders remain the exception to this rule This book is a unique study of life in a high security hospital

Problems of a Sociology of Knowledge (Routledge Revivals) Max Scheler, 2012-11-12 First Published in 1980 Manfred S Frings translation of Problems of a Sociology of Knowledge makes available Max Scheler's important work in sociological theory to the English speaking world The book presents the thinker's views on man's condition in the twentieth century and places it in a broader context of human history This book highlights Scheler as a visionary thinker of great

intellectual strength who defied the pessimism that many of his peers could not avoid He comments on the isolated fragmented nature of man's existence in society in the twentieth century but suggests that a World Age of Adjustment is on the brink of existence Scheler argues that the approaching era is a time for the disjointed society of the twentieth century to heal its fractures and a time for different forms of human knowledge to come together in global understanding *Doing Research on Crime and Justice* Roy King, Emma Wincup, 2008 Focusing on the problems that novice researchers encounter when translating neat and tidy textbook methodologies into real life situations this guide explains how to undertake research in the fields of criminology and criminal justice *Long-Term Imprisonment* Timothy J. Flanagan, 1995-04-06 With recent sentencing law changes at the state and national level the United States will continue to use long term confinement more than any other nation in the world In this authoritative yet accessible volume scholars correctional authorities researchers and prisoners examine the use of long term incarceration as a response to crime the effects of long term incarceration and the strategies used by long term inmates to adjust to confinement Long Term Imprisonment explores the prison experience of both male and female inmates and discusses the correctional management challenges posed by long term incarceration The core of this collection edited by Timothy Flanagan is a set of articles first published in The Prison Journal the official journal of the Pennsylvania Prison Society and the oldest journal in the field of corrections These articles are complemented with research reports on the effects of long term confinement a comprehensive analysis of long term inmates currently confined in American and Canadian prisons and essays written by long term prisoners If you are interested in the use and operation of prisons and in the impact of these institutions on the people confined within them this book is for you In addition to students studying imprisonment the book informs correctional administrators and policymakers about the nature of long term inmate population and the impact of long term imprisonment Timothy Flanagan began studying the effects of long term incarceration over two decades ago when he conducted one of the first major studies of prisoners serving long sentences Since then many changes have occurred in corrections and sentences practices that have greatly increased sentence lengths and the number of prisoners serving long sentences The collection of the essays contained in Long Term Imprisonment represents the most comprehensive up to date and definitive review of literature regarding the effects of long term incarceration on prisoners Flanagan provides readers with a variety of perspectives of long term imprisonment by including articles written by prison researchers corrections officials and long term prisoners This book is must reading for anyone interested in life in prisons and the unique world of the long term prisoner Kevin N Wright Binghamton University *The New Criminology* Ian Taylor, Ian Taylor, M.B, Paul Walton, Jock Young, 2002-11 A major contribution to criminology in which Taylor Walton and Young provide a framework for a fully social theory of crime *Prison Reform in Lancashire, 1700-1850* Margaret DeLacy, 1986 **Law and Disorder** Bruce Jackson, 1984 *The Prisoner Society* Ben Crewe, 2012-01-19 While the use of imprisonment continues to rise in developed nations we have little sociological knowledge of the prison's inner

world Based on extensive fieldwork in a medium security prison *The Prisoner Society Power Adaptation and Social Life in an English Prison* provides an in depth analysis of the prison s social anatomy It explains how power is exercised by the institution individualizing the prisoner community and demanding particular forms of compliance and engagement Drawing on prisoners life stories it supplies a detailed typology of adaptive styles showing how different prisoners experience and respond to the new range of penal practices and frustrations It then explains how the prisoner society its norms hierarchy and social relationships is shaped both by these conditions of confinement and by the different backgrounds values and identities that prisoners bring into the prison environment Through this analysis this meticulously researched book aims to revive and update the dormant tradition of prison ethnography It provides an empirical snapshot of a modern prison documenting the aims and techniques of contemporary imprisonment and illuminating the social structures and behaviours that they generate Through a penetrating account of power relations throughout the institution the author documents the pains of modern imprisonment the new techniques of survival and the prison s distinctive forms of trade friendship and everyday culture

Methods of Criminological Research Victor R Jupp,2012-11-12 Examining the different ways in which data can be collected and analyzed for research on crime and criminal justice this book deals with social surveys experimental methods official statistics observation and detailed interviews This practical text includes sections on methods of criminological research types of data measuring and explaining crime studying the criminal justice system gaining access publishing results Throughout it emphasizes the necessity of examining forms of data collection and analysis within the context of the criminological problems being investigated the theoretical approaches used to address these problems and the political and institutional contexts within which research takes place

Introducing Social Policy David C. Marsh,2025-07-15 Originally published in 1979 this book concentrates on the major developments in social policy in the second half of the 20th century The first part considers these in relation to the economic and social environment comprising essays on social policy in relation to industry urban planning and housing need Further chapters consider social policies designed to meet individual needs such as education health and the maintenance of income The final section deals with personal social services and the relation of social policy to crime For its breadth and scope of coverage the book will be of interest to all students of the history of social policy and social work

Prison Architecture Leslie Fairweather,Sean McConville,2013-05-13 Current and future prison designs are examined in this book within the government s prison building programme and the confines of current penal philosophies and legislation America has led the way in prison design with two main types of architecture predominating radial layouts outside cells with windows and linear blocks inside cells with grilles Now new generation prisons central association surrounded by small groups of cells look set to become the fashion But are they a better answer and should they be copied worldwide before we know Architects and administrators show in this book the designs of these new generation prisons and assess their impact Most countries in central Europe also have a rising

crime rate and a demand for new prisons Contributions from significant architects from the UK Europe and America comment on these issues Other topics within the book are setting current prison architecture and design against an historical setting looking at penal ideas and prison architecture and design in the post war period the psychological effects of the prison environment the influence of technology and design on security management and how prison architecture and design can be more flexible and innovative *Federal Probation* ,1978 *Prison Crisis* Peter Evans,2023-10-25 So far we have successfully avoided loss of life during serious disturbances but if the present trend continues there will be a serious loss of control In such circumstances there is a probability of both staff and prisoners being killed This dramatic warning given by the prison governors to the Labour Home Secretary Mr Merlyn Rees stimulated the setting up of the May Committee in 1978 That Committee then reported and revealed how dangerously explosive the prison system had become The time was exactly right therefore for a book like *Prison Crisis* originally published in 1980 to draw together all of the issues to provide an agenda for public and politicians to use this best chance in one hundred years for a major reform of the prison system One issue above all symbolises those which affect the prison system and the prison service and of course the prisoners themselves for it exposes why the system is dangerously close to breakdown The extent of prison overcrowding is a national disgrace In 1978 for the first time as many as 16 000 inmates in some of the most primitive of Britain s prisons were forced to live two or three to a cell which the Victorians had built to hold one They have not even washbasins in their cells let alone lavatories Sometime prisoners are locked in together for twenty three hours out of twenty four sleeping smoking eating urinating and defecating without privacy in sickening sight smell and sound of each other The author who had been Home Affairs Correspondent of *The Times* for ten years raises as Sir Robert Marks puts it in his Foreword all sorts of issues which could and should be of great interest to a caring public and which now demand decision and action how best to hold the top security prisoners including terrorists how prisons are often forced with psychiatric cases to do the job of hospitals the academies of crime detention centres and borstals the rise in female and particularly juvenile crime violence in prisons and riot control the prisoners rights movement discontent among prison officers not just over pay but over the status of their job and the importance of their role in re educating prisoners the governors position of responsibility without power the low political priority given by Government Finally in a chapter aptly called *Rescuing the Prisons* Peter Evans conducts a wide ranging well informed and radical debate on what at different levels needed to be done to make a system rooted in the nineteenth century fit for the twenty first century and still retain the sense that prisons are above all a moral issue *First International Conference of the South Asian Society of Criminology and Victimology (SASCV), 15-17 January 2011, Jaipur, Rajasthan, India* K. Jaishankar and Natti Ronel,2011 **Handbook on Prisons** Yvonne Jewkes,Ben Crewe,Jamie Bennett,2012-08-21 This is the most comprehensive and ambitious book on prisons to have been published a key text for anybody studying the subject and an essential work of reference for practitioners working in prisons and other parts of the

criminal justice system It is especially timely in view of the many changes and debates about the role of prisons and their future organisation and management as part of the National Offender Management Service A key aim of the book is to explore a wide range of historical and contemporary issues relating to prisons imprisonment and prison management and to chart likely future trends Chapters in the book are written by leading scholars in the field and reflect the range and depth of prison research and scholarship Like the Handbook of Policing and Handbook of Crime Prevention and Community Safety the Handbook on Prisons will be the essential book on the subject Prisons After Woolf Elaine Player, Michael

Jenkins, 2002-09-11 For the past few years prisons have attracted much media attention due to substantial increases in the prison population and the deteriorating conditions in which prisoners are held In addition there has been industrial action by prison officers and a series of disturbances and riots by prisoners Following the riot at Strangeways prison in Manchester in 1990 Lord Justice Woolf was called to conduct an inquiry into the riots and their causes Prisons After Woolf serves as a basic source of information on prison issues and reviews them in the light of the Woolf proposals In so doing its contributors drawn from all areas of the legal and prison system present an important broad perspective on the major questions in penology today *Understanding Prison Staff* Jamie Bennett, Ben Crewe, Azrini Wahidin, 2013-05-13 The past decade has seen dramatic growth in every area of the prison enterprise Yet our knowledge of the inner life of the prison remains limited This book aims to redress this research gap by providing insight into various aspects of the daily life of prison staff It provides a serious exploration of their work and in doing so will seek to draw attention to the variety value and complexity of work within prisons This book will provide practitioners students and the general reader with a comprehensive and accessible guide to the contemporary issues and concerns facing prison staff
