Victoria's Reign John Ashton, 2020-09-28 King William the Fourth was as sincerely fond of his niece Alexandrina Victoria as he cordially detested her mother and he earnestly hoped that she might obtain her majority which took place on the 24th of May 1837 before he died for he had a horror of the Duchess of Kent having even the shadowy power of a Regent Greville in his Memoirs writing on 23rd of May says The King prayed that he might live till the Princess Victoria was of age and he was very nearly dying just as the event arrived He is better but supposed to be in a very precarious state There has been a fresh squabble between Windsor and Kensington about a proposed allowance to the Princess The old King lived but a very short time after the desired event for he expired at 2 12 on the morning of the 20th of June 1837 and how the sad news was broken to the young Sovereign may best be told in the words of that mine of anecdote Miss Frances Williams Wynn the daughter of Sir Watkin Williams Wynn the fourth baronet On Monday we were listening all day for the tolling of the bells watching whether the guests were going to the Waterloo dinner at Apsley House On Tuesday at 2_ a m the scene closed and in a very short time the Archbishop of Canterbury and Lord Conyngham the Chamberlain set out to announce the event to their young Sovereign They reached Kensington Palace at about five they knocked they rang they thumped for a considerable time before they could rouse the porter at the gates they were again kept waiting in the courtyard then turned into one of the lower rooms where they seemed forgotten by everybody They rang the bell desiring that the attendant of the Princess Victoria might be sent to inform H R H that they requested an audience on business of importance After another delay and another ringing to enquire the cause the attendant was summoned who stated that the Princess was in such a sweet sleep she could not venture to disturb her Then they said We come to the Queen on business of State and even her sleep must give way to that It did and to prove that she did not keep them waiting in a few minutes she came into the room in a loose white night gown and shawl her nightcap thrown off and her hair falling upon her shoulders her feet in slippers tears in her eyes but perfectly collected and dignified Lord Melbourne was summoned to Kensington Palace by the Queen at 9 a m and a Privy Council was called for 11 a m but the notice was so short that several of the Privy Councillors had no time to put on their official costume and were obliged to attend in undress Amongst others who made their appearance at Court in this novel fashion were the Duke of Cumberland then by the fact of the King s death King of Hanover and Lord Glenelg *Lives of England's Reigning and Consort Queens* H. Eugene Lehman, 2011-10-13 This book *Lives of Reigning and Consort Queens of England* Englands History through the Eyes of its Queens is a factual narrative on lives of Norman Plantagenet Tudor Stuart Hanover and Windsorqueens covering a millenium of English History The biographical portraits start at the close of the Dark Ages with the Norman Conquest of 1066 and continue to Modern Time in the life of present Queen Elizabeth II This narratiev of fifty short chronologicalbiographies gives a view ijnto life and courtly customs from an age far removed from the present toward the way of life we know today Through the lives of these women one sees Englands history unroll Although the narratives are brief they bring individuals to life withoutjudgmental prejudice as unique personalities One of the fifty

personalities 7 were reigning queens 38 were queen consort wives of monarchs and 5 were wives of favorites who did not reign but who played a significant role during the life of a ruling king This sample of women on the throne or close to the throne is too large to expect any single quality can characterize them all Some served as exemplary reigning queens or as consorts whom actively supported a sovereign husband or son Some assertively played the part of regent as a significant power behind the throne Some influenced historic events for religious reasons Many avoided political involvement but had great influence on culture and custom Some had personal qualities that made them inherently interesting and deserving of friendship A relatively small number of the queens were entirely unsuited to be queens Some queen consorts resisted familiarity and remain enigmatic effigies Some were always manipulated by historic events of the time and deprived them of opportunity to leave a personal mark of history Others served chiefly as supportive mothers and wives

This handbook offers analysis of diverse genres and media of neo-Victorianism, including film and television adaptations of Victorian texts, authors' life stories, graphic novels, and contemporary fiction set in the nineteenth century. Contextualized by Sarah E. Maier and Brenda Ayres in a comprehensive introduction, the collection describes current trends in neo-Victorian scholarship of novels, film, theatre, crime, empire, postcolonialism, Gothic, materiality, religion, and science, amongst others. A variety of scholars from around the world contribute to this volume by applying an assortment of theoretical approaches and interdisciplinary focus in their critique of a wide range of narratives from early neo-Victorian texts such as A. S. Byatt's *Possession* (1963) and Jean Rhys's *Wide Sargasso Sea* (1966) to recent steampunk, from musical theatre to slumming and from *The Alienist* to queerness in their investigation of how this fiction reconstructs the past, informed by and reinforming the present.

Victorian Sensation Michael Diamond, 2004. *Victorian Sensation* sheds light on the Victorians' fascination with celebrity culture and their obsession with gruesome and explicit reportage of murders and sex scandals.
