Canadian Plains Research Center,2004 From the optimism associated with provincial status in 1905 through the trials of Depression and war the boom times of the post war period and the economic vagaries of the 1980s and the 1990s the twentieth century was a time of growth and hardship development and change for Alberta and its people And during the century twelve men from a variety of political parties and from very different backgrounds led the government of this province The names of some like William Aberhart Ernest Manning and Peter Lougheed are still household names while others like Arthur Sifton Herbert Greenfield and Richard Reid have been all but forgotten Yet each in his unique way for better or for worse helped to mould and steer the destiny of the province he governed These are their stories *Psychiatry and the Legacies of Eugenics* Frank W. Stahnisch,Erna Kurbegović,2020-07-28 From 1928 to 1972 the Alberta Sexual Sterilization Act Canada s lengthiest eugenic policy shaped social discourses and medical practice in the province Sterilization programs particularly involuntary sterilization programs were responding both nationally and internationally to social anxieties produced by the perceived connection between mental

degeneration and heredity Psychiatry and the Legacies of Eugenics illustrates how the emerging field of psychiatry and its concerns about inheritable conditions was heavily influenced by eugenic thought and contributed to the longevity of sterilization practices in Western Canada Using institutional case studies biographical accounts and media developments from Western Canada and Europe contributors trace the impact of eugenics on nursing practices politics and social attitudes while investigating the ways in which eugenics discourses persisted unexpectedly and remained mostly unexamined in psychiatric practice This volume further extends historical analysis into considerations of contemporary policy and human rights issues through a discussion of disability studies as well as compensation claims for victims of sterilization In impressive detail contributors shed new light on the medical and political influences of eugenics on psychiatry at a key moment in the field s development With contributions by Ashley Barlow W Mikkell Dack Diana Mansell Guel A Russell Celeste Tuong Vy Sharpe Henderikus J Stam Douglas Wahlsten Paul J Weindling Robert A Wilson Gregor Wolbring and Marc Workman Community Music in Alberta George W.
