## **Albigensian Crusade:**

**The Cathars and the Albigensian Crusade** Catherine Léglu, Rebecca Rist, Claire Taylor, 2013-11-12 The Cathars and the Albigensian Crusade brings together a rich and diverse range of medieval sources to examine key aspects of the growth of heresy and dissent in southern France in the twelfth and thirteenth centuries and the Church's response to that threat through the subsequent authorisation of the Albigensian crusade. Aimed at students and scholars alike, the documents it discusses – papal letters, troubadour songs, contemporary chronicles in Latin and the vernacular, and inquisitorial documents – reflect a deeper perception of medieval heresy and the social, political, and religious implications of crusading than has hitherto been possible. The reader is introduced to themes which are crucial to our understanding of the medieval world: ideologies of crusading and holy war, the complex nature of Catharism, the Church's implementation of diverse strategies to counter heresy, the growth of papal inquisition, southern French counter-strategies of resistance and rebellion, and the uses of Latin and the vernacular to express regional and cultural identity. This timely and highly original collection not only brings together previously unexplored and in some cases unedited material but provides a nuanced and multi-layered view of the religious, social, and political dimensions of one of the most infamous conflicts of the High Middle Ages. This book is a valuable resource for all students, teachers, and researchers of medieval history and the crusades. *The Albigensian Crusade* Jonathan Sumption, 2011-05-05 In twelfth-century Languedoc, a subversive heresy of Eastern origin flourished to an extraordinary degree. The Albigenses believed that the world was created by an evil spirit and that all worldly things, including the Church, were by nature sinful. Jonathan Sumption's acclaimed history examines the roots of the heresy, the uniquely rich culture of the region which nurtured it, and the crusade launched against it by the Church, which resulted in one of the most savage of all medieval wars. Sumption never fails to keep his narrative lively with the particular and the pertinent. He is excellent on the tactics and spirit of medieval warfare. Frederic Raphael, Sunday Times **The Southern French Nobility and the Albigensian Crusade** Elaine Graham-Leigh, 2005 This study takes the case of the Trencavel Viscounts of Beziers and Carcassonne, who were the only members of the higher nobility to lose their lands to the crusade, and argues that an understanding of how the Occitan nobility fared in the crusade years must be based in the context of the politics of the noble society of Languedoc, not only in the thirteenth century but also in the twelfth. **BOOK JACKET** **The Chronicle of William of Puylaurens** William (of Puylaurens.), 2003 William of Puylaurens' chronicle, here translated into English for the first time, is one of the main contemporary accounts of these events. It describes heresy in the south of France in the early 13th century, provides a narrative of the crusade, and then outlines the growth of the Inquisition and the sustained attack on heresy which followed, including the siege of the Cathar fortress of Montségur in 1243-44. This translation is accompanied by an introduction, full notes, appendices, and a bibliography. **BOOK JACKET** **God's Heretics** Aubrey Burl, 2002 The drama and passion of both sides in this war of Christian against Christian are vividly caught in this colorful narrative. *The Song*

*of the Cathar Wars* Janet Shirley, 2017-03-02 The Song of the Cathar Wars is the first translation into English of the Old Provençal Canço recounting the events of the years 1204-1218 in Southern France. In an effort to extirpate the Cathar heresy, Pope Innocent III launched what is now known as the Albigensian Crusade, but it was fiercely resisted by the lords and people of the Languedoc, if in the end in vain. This song was written in two parts: the first by William of Tudela, a supporter of the crusade; the second by an anonymous continuer, wholeheartedly in sympathy with the southerners, although not with the heretics themselves. It stands as a historical source of great importance, not least because it depicts the side that lost. The poem is also a skilful dramatic and often impassioned composition, evoking the brilliant world of landed knights and the glories and bloody realities of battle. Janet Shirley is an award-winning translator of works on the French Middle Ages. Other publications by her include *The Song of Roland* and in this Crusade Texts in Translation series *Crusader Syria in the 13th Century* and with Peter Edbury *Guillaume de Machaut: The Conquest of Alexandria*. **A Most Holy War** Mark Gregory Pegg, 2009-10-30 Historian Pegg has produced a swift-moving, gripping narrative of a horrific crusade, drawing in part on thousands of testimonies collected by inquisitors in the years 1235 to 1245. These accounts of ordinary men and women bring the story vividly to life. **The Cathars and the Albigensian Crusade** M. D. Costen, 1997-11-15 A compelling introduction to the war against the heretics of Languedoc, launched in 1209, combined with a description of the political, economic, religious, and social conditions of south-western France in the twelfth and thirteenth centuries. Michael Costen shows why the Cathar heresy came to flourish and how the campaign against it developed into a programme of conquest by which an alliance of church and state finally destroyed the heresy and united the region with the newly expanding French kingdom.

**Kill Them All** Sean McGlynn, 2015-06-01 The bloody Albigensian Crusade, launched against the Cathar heretics of southern France in the early thirteenth century, is infamous for its brutality and savagery, even by the standards of the Middle Ages. It was marked by massacres and acts of appalling cruelty, deeds commonly ascribed to the role of religious fanaticism. Here, in the first military history of the whole conflict, Sean McGlynn tells the story of the crusade through its epic sieges of seemingly impregnable fortresses, desperate battles, and destructive campaigns, and offers expert analysis of the warfare involved, revealing the crusade in a different light as a bloody territorial conquest in which acts of terror were perpetrated to secure military aims rather than religious ones. The dramatic events of the crusade and its colourful leading characters, Simon de Montfort, Louis the Lion, Innocent III, Peter of Aragon, Count Raymond of Toulouse, are brought to life through the voices of contemporary writers who fought and experienced it. *The Albigensian Crusade* Jacques Madaule, 1967 *The History of the Albigensian Crusade* Petrus (Sarnensis), W. A. Sibly, M. D. Sibly, 2002 First English translation of an important contemporary source for the history of the Cathar heresy and the Albigensian crusade. *Warfare in the Age of Crusades* Brian Todd Carey, 2024-01-18 Fascinating new study of the key campaigns, battles, and sieges that shaped the crusading period in Europe during the Middle Ages. *Warfare in the Age of Crusades* Europe explores in fascinating detail the key campaigns, battles, and

sieges that shaped the crusading period in Europe during the Middle Ages giving special attention to military technologies tactics and strategies Key personalities and political factors are addressed including the role of the papal monarchy in initiating the crusading expeditions and the use of crusade in the Christianization of the Baltic region and against heresies in Europe Chapters focus on the Iberian crusades or Reconquista beginning in the eleventh century through to the final surrender of the Emirate of Granada in 1492 The northern or Baltic crusades are also a key element of the story The narrative covers the involvement of the Holy Roman emperors and the popes the military capabilities of the Baltic peoples and the parts played by the Scandinavians as well as the Russians and Mongols The concluding chapters reconsider crusades launched against heresies in Europe specifically the Cathars and Hussites

**Cistercians, Heresy, and Crusade in Occitania, 1145-1229** Beverly Mayne Kienzle,2001 The present book examines this important but little studied aspect of Cistercian history to probe how and why the Order undertook endeavours that drew the monks outside their monastic vocation The analysis of texts about the preaching campaigns and of their contexts seeks to retrieve the role of preaching and to reconstruct what was preached in the light of its historical and specifically monastic context Monastic texts and their contexts furnish the keys to understanding how medieval monastic authors perceived heresy preached and wrote against it

The Occitan War Laurence W. Marvin,2008-03-06 In 1209 Simon of Montfort led a war against the Cathars of Languedoc after Pope Innocent III preached a crusade condemning them as heretics The suppression of heresy became a pretext for a vicious war that remains largely unstudied as a military conflict Laurence Marvin here examines the Albigensian Crusade as military and political history rather than religious history and traces these dimensions of the conflict through to Montfort s death in 1218 He shows how Montfort experienced military success in spite of a hostile populace impossible military targets armies that dissolved every forty days and a pope who often failed to support the crusade morally or financially He also discusses the supposed brutality of the war why the inhabitants were for so long unsuccessful at defending themselves against it and its impact on Occitania This original account will appeal to scholars of medieval France the Crusades and medieval military history
