Circle Maureen T. Carroll, Elyn Rykken, 2018-12-20 Geometry The Line and the Circle is an undergraduate text with a strong narrative that is written at the appropriate level of rigor for an upper level survey or axiomatic course in geometry Starting with Euclid's Elements the book connects topics in Euclidean and non Euclidean geometry in an intentional and meaningful way with historical context The line and the circle are the principal characters driving the narrative In every geometry considered which include spherical hyperbolic and taxicab as well as finite affine and projective geometries these two objects are analyzed and highlighted Along the way the reader contemplates fundamental questions such as What is a straight line What does parallel mean What is distance What is area There is a strong focus on axiomatic structures throughout the text While Euclid is a constant inspiration and the Elements is repeatedly revisited with substantial coverage of Books I II III IV and VI non Euclidean geometries are introduced very early to give the reader perspective on questions of axiomatics Rounding out the thorough coverage of axiomatics are concluding chapters on transformations and constructibility The book is compulsively readable with great attention paid to the historical narrative and hundreds of attractive problems **Fivefold Symmetry** Istvan Hargittai, 1992-03-24 Fivefold symmetry is common in flowers fruits molecules logos and buildings but it is a forbidden symmetry in the world of crystals A few years ago the so called quasicrystals were discovered displaying fivefold symmetry and it caused a minirevolution in crystallography There has been increased awareness of fivefold symmetry in all domains of human interest ever since The present book brings together authors and ideas on a common theme from mathematics the sciences design and anthropology to history literature and the arts Its 29 chapters are an offering by scientists and humanists from 13 countries to a broad readership of professionals and laypersons about fivefold symmetry and the areas that are being bridged by this unique concept **Leon Battista Alberti: On Painting** Leon Battista Alberti, 2011-05-09 In this volume Rocco Sinisgalli presents a new English translation and critical examination of Alberti's seminal text **Finding List of Books and Periodicals in the Central Library**, 1890 *Inventing Cinema* Benoît Turquety, 2025-10-01 With machines mediating most of our cultural practices and innovations obsolescence and revivals constantly transforming our relation with images and sounds media feel more unstable than ever But was there ever a stable moment in media history Inventing Cinema proposes to approach this question through an archaeology and epistemology of media machines The archaeology analyses them as archives of users gestures as well as of modes of perception The epistemology reconstructs the problems that the machines designers and users have strived to solve and the network of concepts they have elaborated to understand these problems Drawing on the philosophy of technology and anthropology Inventing Cinema argues that networks of gestures problems perception and concepts are inscribed in vision machines from the camera obscura to the stereoscope the Cinématographe and digital cinema The invention of cinema is ultimately seen as an ongoing process irreducible to a single moment in history **An Opening** Stephanie Radok, 2012 For over twenty years Stephanie Radok has written about and witnessed the emergence of contemporary Aboriginal art and the responses of

Australian art to global diasporas In An Opening Stephanie Radok takes us on a walk with her dog and finds that it is possible to re imagine the suburb as the site of epiphanies and attachments Renaissance Self-Fashioning Stephen

Greenblatt,2012-07-09 Renaissance Self Fashioning is a study of sixteenth century life and literature that spawned a new era of scholarly inquiry Stephen Greenblatt examines the structure of selfhood as evidenced in major literary figures of the English Renaissance More Tyndale Wyatt Spenser Marlowe and Shakespeare and finds that in the early modern period new questions surrounding the nature of identity heavily influenced the literature of the era Now a classic text in literary studies Renaissance Self Fashioning continues to be of interest to students of the Renaissance English literature and the new historicist tradition and this new edition includes a preface by the author on the book s creation and influence No one who has read Greenblatt s accounts of More Tyndale Wyatt and others can fail to be moved as well as enlightened by an interpretive mode which is as humane and sympathetic as it is analytical These portraits are poignantly subtly and minutely rendered in a beautifully lucid prose alive in every sentence to the ambivalences and complexities of its subjects Harry Berger Jr University of California Santa Cruz *Nuremberg, a Renaissance City, 1500-1618* Jeffrey Chipps

Smith,2014-12-15 This illustrated study of Renaissance Nuremberg explores the city s social and artistic history through the sixteenth century and beyond The German city of Nuremberg reached the height of its artistic brilliance during the Renaissance becoming one of the foremost cultural centers in all of Europe by 1500 Nuremberg was the home of painter Albrecht D rer whose creative genius inspired generations of German artists However D rer was only one of a host of extraordinary painters printmakers sculptors and goldsmiths working in the city Following a map of the city s principal landmarks Guy Fitch Lytle provides a compact historical background for Jeffrey Chipps Smith s detailed discussions of the city s social and artistic significance Smith examines the religious function of art before and during the Reformation the early manifestations of humanism in Nuremberg and its influence on the art of D rer and his contemporaries and the central role of D rer s pedagogical ideas and his workshop in the dissemination of Renaissance artistic concepts Finally Smith surveys the principal artists and stylistic trends in Nuremberg from 1500 to the outbreak of the Thirty Years War Nuremberg A Renaissance City 1500 1618 contains biographical sketches of forty five major artists of the period plus more than three hundred illustrations depicting the city and its most magnificent artistic treasures **Perspective, Projections and**

Design Mario Carpo,Frédérique Lemerle,2013-04-15 The essays selected for this book presented in chronological order discuss various aspects of image making technologies geometrical knowledge and tools for architectural design focusing in particular on two historical periods marked by comparable patterns of technological and cultural change The first is the Renaissance characterized by the rediscovery of linear perspectives and the simultaneous rise of new formats for architectural drawing and design on paper the second the contemporary rise of digital technologies and the simultaneous rise of virtual reality and computer based design and manufacturing Many of the contributing authors explore the parallel

between the invention of the perspectival paradigm in early modern Europe and the recent development of digitized virtual reality This issue in turn bears on the specific purposes of architectural design where various representational tools and devices are used to visualize bi dimensional aspects of objects that must be measured and eventually built in three dimensional space
