Alchemical Sex:

The Tantric Alchemist Peter Levenda, 2015-09-01 The Tantric Alchemist is a work on alchemy as decoded by Tantra and a work on Tantra as understood by alchemists It uncovers works by Thomas Vaughan and suggests how he and his wife a 17th century Welsh couple unique in the history of western alchemy met their fate when dealing with forces they knew only too well but which were stronger than their ability to control them Using the works of Vaughan as his text Levenda applies the twilight language of Tantra to the surreal prose of the alchemist and in the process lays bare the lineaments of the arcane tradition that gave rise to the legend of Christian Rosenkreutz the reputed founder of Rosicrucianism who learned his art in the East and to the 19th and 20th century occult movements lead by such luminaries as P B Randolph Theodore Reuss Helena Blavatsky and Aleister Crowley who also sought and discovered this technology in the religions and cultures of Asia Readers will find that the many disparate threads of an authentic spiritual tradition are woven together here in a startling tapestry that reveals without pretense or euphemism the psycho sexual technique that is at the root of both Tantra and alchemy that is to say of both Asian and European forms of esoteric praxis

Sexual Alchemy Donald Tyson, 2000 Chances are that you've heard of Tantra and Taoist sexual practices Now as a result of studying the inner mysteries of alchemy Donald Tyson presents a Western system of sacred sexuality in Sexual Alchemy Here you will learn how to have erotic relationships with loving spirits That means the methods presented here can function as a Western alternative to Eastern sexual practices They also can be used by a solitary person

and need not depend upon the participation of a partner The first part of this book presents a history of sex with spirits It also goes into the secrets of Eastern internal alchemy and how the books of Western alchemy often made secretive references to sexual magick You will also learn how to create a physical representation of the spirit you are going to use as a partner The second part of the book includes the practices and techniques which the author found to be effective from other sources or developed himself This includes techniques of diet exercise breathwork banishings purifications and finally an invocation ritual to summon the spirit who is going to be your lover Then you will learn the previously hidden secrets of having sex with a spirit lover You ll learn how to prepare and recognize the signs that this is an actual occurrence and not simply a fantasy And then when you have accomplished your ritualized mating you will learn how to collect and use the resulting highly charged fluids for magical purposes Everything we are everything we have is a gift from the Divine Doesn t it make sense that we use all of our abilities to honor the source from which they came That means we can even make use of our sensual natures to honor the Gods If you want to follow a system based on western traditions this book can be your guide

Jeanne Peterson, 1989-05-22 Physically frail badly educated girls brought up to lead useless lives as idle gentlewomen married to dominant husbands and relegated to separate spheres of life these phrases have often been used to describe Victorian upper middle class women M Jeanne Peterson rejects such formulations and the received wisdom they embody in favor of a careful examination of Victorian ladies and their lives Focusing on a network of urban professional families over three generations this book examines the scope and quality of gentlewomen's education their physical lives their relationship to money their experience of family illness and death and their relationships to men brothers and friends as well as fathers and husbands Peterson also examines the prominent place of work in the lives of these leisured Victorian ladies both single and married Far from idle the mothers wives and daughters of Victorian clergymen doctors lawyers university dons and others were accomplished and productive members of society who made substantial public and private contributions to virtually every sphere of Victorian life

The Alchemical Body David Gordon White, 2012-07-10 A brilliant disquisition on mostly unpublished texts for three allied systems of tantric thought and praxis sexual alchemical and hatha yogic The Journal of Asian Studies The Alchemical Body excavates and centers within its Indian context the lost tradition of the medieval Siddhas Working from previously unexplored alchemical sources David Gordon White demonstrates for the first time that the medieval disciplines of Hindu

alchemy and hatha yoga were practiced by one and the same people and that they can be understood only when viewed together White opens the way to a new and more comprehensive understanding of medieval Indian mysticism within the broader context of south Asian Hinduism Buddhism Jainism and Islam White proves a skillful guide in disentangling historical and theoretical complexities that have thus far bedeviled the study of these influential aspects of medieval Indian culture

Yoga World Anyone seriously interested in finding out more about authentic tantra original hatha yoga embodied liberation sacred sexuality paranormal abilities healing and of course alchemy will find White's extraordinary book as fascinating as any Tom Clancy thriller Georg Feuerstein Yoga Journal Remarkable a study of the language of mystic experience and expression the multitudinous symbols rituals and doctrines of the medieval siddhis yogis and alchemists Skeptic Meditations Hidden Intercourse Wouter J. Hanegraaff, Jeffrey Kripal, 2008-12-31 From rumours about gnostic orgies in antiquity to the explicit erotic symbolism of alchemical texts from the subtly coded eroticism of medieval kabbalah to the sexual magic practiced by contemporary occultists and countercultural translations of Asian Tantra the history of Western esotericism is rich in references to the domains of eros and sexuality This volume which brings together an impressive array of top level specialists is the first to analyze the eroticism of the esoteric without sensationalism or cheap generalizations but on the basis of expert scholarship and attention to textual and historical detail While there are few other domains where the imagination may so easily run wild the various contributions seek to distinguish fact from fiction only to find that historical realities are sometimes even stranger than the fantasies In doing so they reveal the outlines of a largely unknown history spanning more than twenty centuries

Medieval Virginites Ruth Evans, Sarah Salih, Anke Bernau, 2003-01-01 The variety of subjects and disciplines represented here testify both to the elusiveness of virginity and to its lasting appeal and importance Medieval Virginites shows how virginity's inherent ambiguity highlights the problems contradictions and discontinuities lurking within medieval ideologies

Bleakley, 2023-07-04 Alchemy is popularly viewed as a secret way of turning worthless base metal into gold and then a precursor to modern chemistry This is often taken as a metaphor for psychological development This book describes an innovative third way for both the education and exercise of an alchemical imagination that embraces both material matters and psychological insight alchemy as lyrical poetics or the intensive production of embodied metaphor Alchemy here is viewed as an immanent set of metaphor driven best practices for indwelling complex and contradictory earthly matters in a sensual artistic and humane manner Or again it describes best psychotherapeutic practice Alchemy is read not as a medium for personal growth but optimal co existence with the natural world It is an eco logical rather than ego logical project with deep aesthetic concerns education of the senses in close noticing and political intentions a democracy of worldly things The book echoes post Freudian developments in psychoanalysis that avoid the mysticism of symbol systems to work rather with everyday signs and linguistic registers such as embodied metaphors keeping the focus on known and sensed phenomena rather than abstractions **Medieval Mobilities** Basil Arnould Price, Jane Elizabeth Bonsall, Meagan Khoury, 2023-01-01

This collection explores the intersection of gender and mobility across the Global Middle Ages *Medieval Mobilities* questions how medieval people texts images and ideas move across physiological geographical literary and spiritual boundaries In what ways do these movements afford new configurations of gender sexuality and being Enacting a dialogue between medieval studies feminist thought and queer theory *Medieval Mobilities* proposes that attending to the undulations of premodern gender and sexuality may help destabilize unstated assumptions about ways of being and loving in the Middle Ages This volume also brings together emergent and established scholars to challenge an increasingly static academy and instead envision a scholarly practice focused on intergenerational international and interdisciplinary collaboration Drawing upon wide range of primary sources and theoretical frameworks the resultant essays unsettle the imagined fixity of gender and propose alternative conceptualizations of embodiment identity and difference in the medieval world **Sex, Identity and**
